Sexual Freedom In Restoration Literature

Janice Valls-Russell, Katherine Heavey

Sexual Freedom In Restoration Literature:

Sexual Freedom in Restoration Literature Warren Chernaik, 1995-03-30 Sexual freedom and ideology explored in the works of seventeenth century English literature

The rebel in your arms : sexual freedom in restoration literature Warren L. Chernaik, 1992

Promiscuity in Western Literature Peter Stoneley, 2020-02-13 Poet and novelist Charles Bukowski described promiscuity as feast and feast and feast The promiscuous person is having fun getting away with it and showing no signs of stopping More often though promiscuity has been seen as demonic as the sign of an uncivilised race or as a symptom of mental disorder Promiscuity in Western Literature capitalises on the fact that literature gives us deep and varied resources for reflecting on this controversial aspect of human behaviour Drawing on authors from Homer to Margaret Atwood it explores recurrent ideas and scenarios Why does the literature of promiscuity evoke ideas of the animal Why does it so often turn upon the image of the excessive woman How and why does promiscuity feature in comic writing How does the emergence of the modern city change representations of promiscuity And in the present day what impact have ecological concerns had on the way writers depict promiscuity

Shakespeare's Classical Mythology: A Dictionary Janice Valls-Russell, Katherine Heavey, 2024-10-17 Why does Bassanio compare himself to Jason What is Hecuba to Hamlet Is the mechanicals staging of the Pyramus and Thisbe story funny or sad This dictionary elucidates Shakespeare's use of mythological references in an early modern context while bringing them to life for today's audiences and readers at a time of renewed critical interest in the reception of the classics and fascination with classical mythology in popular culture It is also a precious tool for practitioners who may not always know quite what to make of mythological references Mythological figures creatures places and stories crowd Shakespeare's plays and poems featuring as allusions poetic analogies inset shows scene settings and characters or plots in their own right Most of these references were familiar to Shakespeare's spectators and readers who knew them from the writings of Ovid Virgil and other classical authors or indirectly through translations commentaries ballads and iconography This dictionary illustrates how far from being isolated a mythological reference may resonate with the poetics of the text and its structure cast light on characters and contexts and may therefore be worth exploring onstage in a variety of ways The 200 headings correspond to words and names actually used by Shakespeare individual figures Dido Venus Hercules categories Amazons Centaurs nymphs satyrs places Colchos Troy Medium and longer entries also cover early modern usage and critical analysis in a cross disciplinary approach that includes reception textual performance gender and political studies

English Nonconformist Poetry, 1660-1700, vol 2 George Southcombe, 2024-10-28 The multi faceted nature of dissenting verse is demonstrated from the sonnets of the Quaker Martin Mason to the self consciously witty acrostic used to commemorate the Fifth Monarchist Vavasor Powell's death to the Quaker schismatic John Perrot's A sea of the seed's sufferings

Eighteenth Century English Literature Charlotte Sussman, 2013-04-18 This engaging book introduces new readers of eighteenth century texts to some of the major works

authors and debates of a key period of literary history Rather than simply providing a chronological survey of the era this book analyzes the impact of significant cultural developments on literary themes and forms including urbanization colonial and mercantile expansion the emergence of the public sphere and changes in sex and gender roles In eighteenth century Britain many of the things we take for granted about modern life were shockingly new women appeared for the first time on stage the novel began to dominate the literary marketplace people entertained the possibility that all human beings were created equal and tentatively proposed that reason could triumph over superstition ministers became more powerful than kings and the consumer emerged as a political force Eighteenth Century English Literature 1660 1789 explores these issues in relation to well known works by such authors as Defoe Swift Pope Richardson Gray and Sterne while also bringing attention to less familiar figures such as Charlotte Smith Mary Leapor and Olaudah Equiano It offers both an ideal introduction for students and a fresh approach for those with research interests in the period

The Oxford English Literary History Margaret J. M. Ezell, 2017-09-15 The Oxford English Literary History is the new century's definitive account of a rich and diverse literary heritage that stretches back for a millennium and more Each of these thirteen groundbreaking volumes offers a leading scholar's considered assessment of the author's works cultural traditions events and ideas that shaped the literary voices of their age The series will enlighten and inspire not only everyone studying teaching and researching in English Literature but all serious readers This volume covers the period 1645 1714 and removes the traditional literary period labels and boundaries used in earlier studies to categorize the literary culture of late seventeenth century England It invites readers to explore the continuities and the literary innovations occurring during six turbulent decades as English readers and writers lived through unprecedented events including a King tried and executed by Parliament and another exiled the creation of the national entity Great Britain and an expanding English awareness of the New World as well as encounters with the cultures of Asia and the subcontinent The period saw the establishment of new concepts of authorship and it saw a dramatic increase of women working as professional commercial writers London theatres closed by law in 1642 reopened with new forms of entertainments from musical theatrical spectacles to contemporary comedies of manners with celebrity actors and actresses Emerging literary forms such as epistolary fictions and topical essays were circulated and promoted by new media including newspapers periodical publications and advertising and laws were changing governing censorship and taking the initial steps in the development of copyright It was a period which produced some of the most profound and influential literary expressions of religious faith from John Milton's Paradise Lost and John Bunyan's Pilgrim's Progress while simultaneously giving rise to a culture of libertinism and savage polemical satire as well as fostering the new dispassionate discourses of experimental sciences and the conventions of popular romance

The Theatre of Aphra Behn D. Hughes, 2001-02-20 During the nineteen years of her play writing career Aphra Behn had far more new plays staged than anyone else This book is the first to examine all her theatrical work It explains her often dominant place in the complex

theatrical culture of Charles II's reign her divided political sympathies and her interests as a free thinking intellectual It also reveals her as a brilliant theatrical practitioner who used the seen as richly and significantly as the spoken *Francis Bacon and the Seventeenth-Century Intellectual Discourse* A. Funari, 2011-10-10 This book explores the resistance of three English poets to Francis Bacon's project to restore humanity to Adamic mastery over nature moving beyond a discussion of the tension between Bacon and these poetic voices to suggest they were also debating the narrative of humanity's intellectual path

Sin's Multifaceted Aspects in Literary Texts Paola Partenza, 2018-05-14 Within art society culture philosophy literature and many other spheres a constant issue being dealt with is that of sin Reevaluation of this concept has proceeded down varied stimulating paths in relation to the multidisciplinary appraisal although philosophical aesthetic and epistemic emphases commonly reflect issues present in literature In certain instances texts clearly refer to sin while in other it is more of an ambiguous and obscured notion Alongside the established understanding of sin discourse poetry and novels have responded to sin variously due to the blossoming of ideas French American and British literature's responses to the notion of sin will be investigated through the academic studies included in this volume

The Oxford Handbook of Andrew Marvell Martin Dzelzainis, Edward Holberton, 2019-03-28 The Oxford Handbook of Andrew Marvell is the most comprehensive and informative collection of essays ever assembled dealing with the life and writings of the poet and politician Andrew Marvell 1621-78 Like his friend and colleague John Milton Marvell is now seen as a dominant figure in the literary landscape of the mid-seventeenth century producing a stunning oeuvre of poetry and prose either side of the Restoration In the 1640s and 1650s he was the author of hypercanonical lyrics like *To His Coy Mistress* and *The Garden* as well as three epoch-defining poems about Oliver Cromwell After 1660 he virtually invented the verse genre of state satire as well as becoming the most influential prose satirist of the day in the process forging a long-lived reputation as an incorruptible patriot Although Marvell himself was an intensely private and self-contained character whose literary religious and political commitments are notoriously difficult to discern the interdisciplinary contributions by an array of experts in the fields of seventeenth-century literature history and politics gathered together in the Handbook constitute a decisive step forward in our understanding of him They offer a fully rounded account of his life and writings individual readings of his key works considerations of his relations with his major contemporaries and surveys of his rich and varied afterlives Informed by the wealth of editorial and biographical work on Marvell that has been produced in the last twenty years the volume is both a conspectus of the state of the art in Marvell studies and the springboard for future research

The Man of Mode George Etherege, 2014-06-13 Verbal brilliance urbane sophistication and sexual conquest are the measures of success for the fashionable set who watched themselves being represented on the Restoration stage Yet idealisation and satire as this edition of Etherege's masterpiece shows are flip sides of the same coin and the play betrays deep anxieties about ridicule and social failure Any London beau would emulate Dorimant the unconscionable rake who loves em and leaves em but he would also

secretly fear that he in fact resembled Sir Fopling Flutter the model of all Restoration fops in his vanity and affectation The women fare no better being offered for identification Dorimant's discarded mistress Loveit scheming for revenge or the beautiful but hard-headed Harriet who dares Dorimant to woo her in the country for I know all beyond Hyde Park is a desert to you and that no gallantry can draw you farther *Theatre and Culture in Early Modern England, 1650-1737* Catie Gill, 2017-03-02 Framed by the publication of *Leviathan* and the 1713 Licensing Act this collection provides analysis of both canonical and non-canonical texts within the scope of an eighty-year period of theatre history allowing for definition and assessment that uncouples Restoration drama from eighteenth-century drama Individual essays demonstrate the significant contrasts between the theatre of different decades and the context of performance paying special attention to the literary innovation and socio-political changes that contributed to the evolution of drama Exploring the developments in both tragedy and comedy and in literary production specific topics include the playwright's relationship to the monarch women writers connection to the audience the changing market for plays and the rise of the bourgeoisie This collection also examines aspects of gender and class through the exploration of women's impact on performance and production masculinity and libertinism master-servant relationships and dramatic representations of the coffee house Accompanied by a list of Spanish English plays and a chronology of monarch's reigns and significant changes in theatre history From *Leviathan* to Licensing Act is a valuable tool for scholars of Restoration and eighteenth-century performance providing groundwork for future research and investigation *A Cultural History of Comedy in the Age of Enlightenment* Elizabeth Kraft, 2021-12-30 This volume highlights the variety of forms comedy took in England with reference to developments in Europe particularly France during the European Enlightenment It argues that comedy in this period is characterized by wit satire and humor provoking both laughter and sympathetic tears Comic expression in the Enlightenment reflects continuities and engagements with the comedy of previous eras it is also noted for new forms and preoccupations engendered by the cultural philosophical and political concerns of the time including democratizing revolutions increasing secularization and growing emphasis on individualism Discussions emphasize the period's stage comedy and acknowledge comic expression in various forms of print media including the emerging literary form we now know as the novel Contributions from scholars reflect a wide variety of interests in the field of 18th-century studies and the inclusion of a generous number of illustrations throughout demonstrates that the period's visual culture was also an important part of the Enlightenment comic landscape Each chapter takes a different theme as its focus form theory praxis identities the body politics and power laughter and ethics These eight different approaches to Enlightenment comedy add up to an extensive synoptic coverage of the subject **Culture and Politics at the Court of Charles II, 1660-1685** Matthew Jenkinson, 2010 The reconstitution of the royal court in 1660 brought with it the restoration of fears that had been associated with earlier Stuart courts disorder sexual liberty popery and arbitrary government This volume illustrates the ways in which court culture was informed by the heady politics of Britain

between 1660 and 1685 **Andrew Marvell** Thomas Healy, 2016-04-15 Andrew Marvell brings together ten recent and critically informed essays by leading scholars on one of the most challenging and important seventeenth century poets The essays examine Marvell's poems from lyrics such as *To His Coy Mistress* and *The Nymph Complaining for the Death of her Fawn* to celebrations of Cromwell and Republican Civil War culture and his biting Restoration satires Representing the most significant critical trends in Marvell criticism over the last twenty years the essays and the authoritative editorial work provide an excellent introduction to Marvell's work Students of Renaissance and seventeenth century literature English Civil War writing and seventeenth century social and cultural history will find this collection a useful guide to helping them appreciate and understand Marvell's poetry *John Wilmot, Earl of Rochester* Keith Walker, Nicholas Fisher, 2013-05-13 Building on the strength of Keith Walker's acclaimed *The Poems of John Wilmot Earl of Rochester* 1984 leading scholar Nicholas Fisher presents a thoroughly revised and updated edition of the work of one of the greatest Restoration wits Includes the text of *Lucina's Rape* Rochester's adaptation of Fletcher's revenge tragedy *Valentinian* in a text that readily identifies Rochester's revisions Presents the poems in versions that were current during Rochester's lifetime allowing the reader to experience the poems as Rochester's contemporaries did Incorporates insights and discoveries made over the last twenty five years and texts of manuscripts that previously were unavailable for study Restoration Literature Paul Hammond, 2002 This anthology brings together a stimulating and entertaining collection of works from the confident and creative period of 1660-1700 The literature of this time is by turns refined poignant and brash Alongside major works such as Dryden's *Absalom and Achitophel* and Mac Flecknoe printed in their entirety is a substantial group of lyrics by Rochester while Milton's *Paradise Lost* provides a running commentary on the Restoration scene Scurrilous satires and pamphlets diaries theatrical prologues translations and striking work by women poets and autobiographers illustrate the period in politics religion philosophy and in attitudes to town and country love and friendship **Engines of the Imagination** Jonathan Sawday, 2007-11-30 At what point did machines and technology begin to have an impact on the cultural consciousness and imagination of Europe How was this reflected through the art and literature of the time Was technology a sign of the fall of humanity from its original state of innocence or a sign of human progress and mastery over the natural world In his characteristically lucid and captivating style Jonathan Sawday investigates these questions and more by engaging with the poetry philosophy art and engineering of the period to find the lost world of the machine in the pre-industrial culture of the European Renaissance The aesthetic and intellectual dimension of these machines appealed to familiar figures such as Shakespeare Francis Bacon Montaigne and Leonardo da Vinci as well as to a host of lesser known writers and artists in the sixteenth and seventeenth centuries This intellectual engagement with machines in the European Renaissance gave rise to new attitudes towards gender work and labour and even fostered the new sciences of artificial life and reason which would be pursued by figures such as Descartes Hobbes and Leibniz in the seventeenth century Writers philosophers and artists had

mixed and often conflicting reactions to technology reflecting a paradoxical attitude between modern progress and traditional values Underpinning the enthusiastic creation of a machine driven world then were stories of loss and catastrophe These contradictory attitudes are part of the legacy of the European Renaissance just as much as the plays of Shakespeare or the poetry of John Milton And this historical legacy helps to explain many of our own attitudes towards the technology that surrounds us sustains us and sometimes perplexes us in the modern world *Shakespeare Survey* Stanley Wells,Jonathan Bate,2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback

Recognizing the pretentiousness ways to get this ebook **Sexual Freedom In Restoration Literature** is additionally useful. You have remained in right site to begin getting this info. get the Sexual Freedom In Restoration Literature associate that we give here and check out the link.

You could buy lead Sexual Freedom In Restoration Literature or acquire it as soon as feasible. You could speedily download this Sexual Freedom In Restoration Literature after getting deal.
