## **Sexual Harassment High School Girls Speak Out:**

*Sexual Harassment* June Larkin, 1994 Girls are harassed in high schools every day And no one seems to be doing much about the problem In this riveting expose former teacher June Larkin details how girls are harassed by males in schools Based on firsthand interviews with teenage girls she paints a frightening picture of how sexual harassment is part of daily high school life She also charges the education system with complicity demonstrating that administrators educators and officials often reinforce the problem by simply ignoring the situation Comprehensive and revealing *Sexual Harassment High School Girls Speak Out* evaluates the long term effects of harassment on girls and on boys As long as harassment remains a fact of school life Larkin argues equal opportunity in education will remain unrealized

## **Feminisms and Womanisms**

Althea Prince, Susan Silva-Wayne, 2004 *Feminisms and Womanisms* brings together theory and practical application so that feminist discourse interacts as a partner with the lived experience of women's social action The selections combine classics in feminist thought with work from modern theorists and offer a solid foundation in international feminism The conceptual understanding embedded in the terms feminism and womanism contributes to feminist discourse a carefully differentiated focus on the ideological uses of language to define relationships that have been historically mired in domination The terms also define the way gender often has been used to signify and support domination Given that feminism and womanism are interpretive concepts there is always a sense that knowledge making is in progress for there is nothing static or stagnant about feminism feminist theory and feminist action The formative nature of the feminist movement has of necessity a parallel interpretive theory This reader embraces both the formative nature of the movement and the accompanying interpretive theories It also pays attention to the chronological cultural geopolitical racial and ethnic landscapes and sites where women live carry out social action and theorize issues of equality For both the general and academic reader this book will be edifying while providing exposure to the feminist womanist voices that inform the scholarship

## **The Bold and the Brave** Monique

Frize, 2010-10-27 *The Bold and the Brave* investigates how women have striven throughout history to gain access to education and careers in science and engineering Author Monique Frize herself an engineer for over 40 years introduces the reader to key concepts and debates that contextualize the obstacles women have faced and continue to face in the fields of science and engineering She focuses on the history of women's education in mathematics and science through the ages from antiquity to the Enlightenment While opportunities for women were often purposely limited she reveals how many women found ways to explore science outside of formal education The book examines the lives and work of three women Sophie Germain Mileva Einstein and Rosalind Franklin that provide excellent examples of how women's contributions to science have been dismissed ignored or stolen outright She concludes with an in depth look at women's participation in science and engineering throughout the twentieth century and the current status of women in science and engineering which has experienced a decline in recent years To encourage more young women to pursue careers in science and engineering she

advocates re gendering the fields by integrating feminine and masculine approaches that would ultimately improve scientific and engineering endeavours      *Handbook of Conflict Management* William J. Pammer, Jerri Killian, 2019-02-21 The Handbook of Conflict Management cuts across theoretical perspectives strategic models and situational contexts as the first all encompassing conflict management reference A young field in both research and practice this foundational text sets precedents for furthering academic study and real world progress in managing diverse instances of conflict It draws on more than 600 references to probe sources of conflict and to prescribe means of reducing tension in organizational institutional and community settings Introducing core themes and issues into the dialogue the handbook provides techniques to promote peaceful negotiation cooperation and consensus      Violence against Women Stanley G. French, Wanda Teays, Laura M. Purdy, 2018-10-18 This is the first anthology to take a theoretical look at violence against women Each essay shows how philosophy provides a powerful tool for examining a difficult and deep rooted social problem Stanley G French Wanda Teays and Laura M Purdy all philosophers present a familiar phenomenon in a new and striking fashion The editors employ a two tiered approach to this vital issue Contributors consider both interpersonal violence such as rape and battering and also systemic violence such as sexual harassment pornography prostitution and violence in a medical context The editors have further broadened the discussion to include such cross cultural issues as rape in war dowry deaths female genital mutilation and international policies on violence against women Against this wide range of topics which integrate personal perspectives with the philosophical the contributors offer powerful analyses of the causes and effects of violence against women as well as potential policies for effecting change      **Everyday Violence** Simone Kolysh, 2021-09-17 Everyday Violence is based on ten years of scholarly rage against catcalling and aggression directed at women and Lesbian Gay Bisexual Transgender and Queer LGBTQ people of New York City Simone Kolysh recasts public harassment as everyday violence and demands an immediate end to this pervasive social problem Analyzing interviews with initiators and recipients of everyday violence through an intersectional lens Kolysh argues that gender and sexuality shaped by race class and space are violent processes that are reproduced through these interactions in the public sphere They examine short and long term impacts and make inroads in urban sociology queer and trans geographies and feminist thought Kolysh also draws a connection between public harassment gentrification and police brutality resisting criminalizing narratives in favor of restorative justice Through this work they hope for a future where women and LGBTQ people can live on their own terms free from violence      Learning to Be Old Margaret Cruikshank, 2003 Describes beliefs customs and traditions surrounding aging in America and suggests that awareness of these social constructions can help women resist their negative impact After critiquing cultural myths ageism the politics of aging and mainstream gerontology she proposes a feminist gerastology in which older women including minorities and lesbians interview their peers as part of the research agenda      **Equal Partners** Roland Ezri, 2006-01-01 One of the most vexing problems of the last 25 years is the fact that despite the great progress made by Western women they

occupy very few top political and corporate posts In politics only 13% of the members of the House of Representatives are women In the corporate world only 13% of corporate officers are women How then can women share in the leadership and be able to shape the society they live in What women have accomplished so far is the first stage only There is a need for a new approach a second stage in which women take matters into their own hands This book urges women to use their awesome power to effect major changes in their lives      *The Gender Question In Education* Ann Diller,2018-10-08 In this innovative book four prominent philosophers of education introduce readers to the central debates about the role of gender in educational practice policymaking and theory More a record of a continuing conversation than a statement of a fixed point of view *The Gender Question in Education* enables students and practicing teachers to think through to their own conclusions and to add their own voices to the conversation Throughout the authors emphasize the value of a gender sensitive perspective on educational issues and the relevance of an ethics of care for educational practice Among the topics discussed are feminist pedagogy gender freedom in public education androgyny sex education multiculturalism the inclusive curriculum and the educational significance of an ethics of care The multiauthor dialogic structure of this book provides unusual breadth and cohesiveness as well as a forum for the exchange of ideas making it both an ideal introduction to gender analysis in education and a model for more advanced students of gender issues      *When Johnny and Jane Come Marching Home* Paula J. Caplan,2018-11-06 Why are those devastated by war or other military experiences called mentally ill The standard treatment of therapy and drugs can actually be harmful and huge numbers of suffering veterans from earlier eras demonstrate its inadequacy Most of us are both war illiterate and military illiterate Caplan proposes that we welcome veterans back into our communities and listen to their experiences one on one Beginning a long overdue national discussion about the realities of war and the military will help us bridge the dangerous chasms between veterans and nonveterans
