Sexual Language An Essay In Moral Theology:

The Sexual Language André Guindon, 1976 **The Sexual Language** André Guindon, 1976 *The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics* Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In *The Bond of Love* Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity As he demonstrates far from being a set of arbitrary rules that constrain human freedom this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ

Human Sexuality in the Catholic Tradition Kieran Scott, Harold Daly Horell, 2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality *Human Sexuality in the Catholic Tradition* meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation

Erotic Attunement Cristina L. H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them

Reframing Catholic Theological Ethics Joseph A. Selling, 2016 Traditionally Catholic moral theology has been based upon an approach that over emphasized the role of normative ethics and subsequently associated

moral responsibility with following or disobeying moral rules Reframing Catholic Theological Ethics offers an alternative ethical method which without destroying any of the valuable insights of normative ethics reorients the discipline to consider human motivation and intention before investigating behavioral options for realizing one's end Evidence from the New Testament warrants the formation of a teleological method for theological ethics which is further elaborated in the approach taken by Thomas Aquinas Unfortunately the insights of the latter were misinterpreted at the time of the counter reformation Joseph A Selling's analysis of moral theological textbooks demonstrates the entrenchment of a normative method aimed at identifying sins in service to the practice of sacramental confession With a firm basis in the teaching of Vatican II the human person integrally and adequately considered provides the fundamental criterion for approaching ethical issues in the contemporary world The perspective then turns to the crucial question of describing the ends or goals of ethical living by providing a fresh approach to the concept of virtue Selling concludes with suggestions about how to combine normative ethics with this alternative method in theological ethics that begins with the actual ethical orientation of the human person toward virtuous living

Free and Faithful in Christ: General moral theology Bernhard Häring, 1979 Library owns volume 3 Light to the world

Sexuality and the Sacred, Second Edition Marvin M. Ellison, Kelly Brown Douglas, 2010-09-21 Christian discourse on sexuality spirituality and ethics has continued to evolve since this book's first edition was published in 1994 This updated and expanded anthology featuring more than thirty contemporary essays includes more theologians and ethicists of color and addresses issues such as the intersection of race racism and sexuality transgender identity same sex marriage and reproductive health and justice

Between the Sexes Lisa Sowle Cahill, 1989 The basis for a Christian sexual ethic says Cahill is a correlation of four sources Scripture Christian tradition of faith theology and practice philosophy normative accounts and the empirical sciences descriptive accounts

Leaving and Coming Home David M. Cloutier, 2010-06-04 SINCE 2002 THE SYMPOSIUM NEW WINE NEW WINESKINS HAS OFFERED AN OPPORTUNITY for young Catholic moral theologians to engage in shared work and conversation Here the fruits of these labors are gathered into one collection which represents the wide scope of the future of Catholic sexual ethics This volume offers the first collection of a new generation's approaches to Catholic sexual ethics The collection displays young scholars with diverse views yet whose work moves beyond the impasses that have beset the field The volume offers original and engaging essays on a variety of topics from the hook up culture and dating violence to cohabitation and homosexuality to contraception and natural family planning to the promises and pitfalls of the theology of the body The authors display a fresh engagement with these issues in conversation with the Christian tradition and with contemporary culture David Cloutier provides an introduction that locates this work within the past decades of Catholic scholarship and articulates new categories for future work The essays also offer practical insights and models that will interest pastors and lay ministers as well as scholars

Gay and Lesbian Rights Richard Peddicord, 1996 This book is unique in setting the question of homosexuality in

its historical legal political and religious contexts in North America It is no longer possible in Catholic ethics to address sexual morality with a model of absolute moral norms immune from the ambiguities and complexities social justice issues introduce Peddicord looks at the personal and social sides of homosexuality and fairly examines all sides of the Roman Catholic response Lisa Sowle Cahill Boston College *Sex, Gender, and Christian Ethics* Lisa Sowle Cahill,1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations Their unity is a positive ideal though not an absolute norm Women and men should enjoy equal personal respect and social power In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aquinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised *Sexuality and Medicine* E.E. Shelp,2012-12-06 It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake Some people characterize society as too sexually obsessed and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly discussed displayed taught or even presumed contemplated Indeed we are experiencing something of a backlash against open sexuality and sexual liberation For example during the 60s and 70s tolerance of homosexual persons and homosexuality increased Of late there has been a conservative backlash against gay rights laws Sexual intercourse before marriage which had been considered healthy and good has been of late characterized as promiscuous In fact numerous articles have appeared about the growing popularity of sexual abstinence There is a renewed vigor in the fight against sex education in the schools and an anti pornography battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape but who are basically uncomfortable with diverse expressions of sexuality One would hope that such trends and the ignorance about sex and sexuality that they reflect would not touch medical professionals That Dr **Routledge Revivals: Homosexuality: A Research Guide (1987)** Wayne R. Dynes,2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology **Selling All** Sandra Marie Schneiders,2001 An examination of the internal reality of contemporary religious life

particularly that of ministerial women religious in the first world setting through the focusing lenses of commitment consecrated celibacy and community

Marriage After Modernity Adrian Thatcher, 1999-01-01 This book offers nothing less than a new vision for Christian marriage at a time of unprecedented social and theological change It breaks new ground in drawing on earlier traditions of betrothal and informal marriage in welcoming some forms of pre marital cohabitation and provides a new defence of the link between marriage and procreation by sketching a theology of liberation for children Christian principles for the use of contraception by married and not yet married couples are restated and a comprehensive theology of marriage is worked out based on re worked biblical models Marriage as a Christian sacrament mutually administered in a lifelong partnership of equals is affirmed A chapter on divorce brings new light to bear on legitimate theological grounds for the parting of the ways The question of whether marriage is a heterosexual institution is addressed and particular attention is paid throughout the book to overcoming the distorting effect of the overwhelming androcentric bias of much Christian thought on marriage to the experience of wives and to all those women and men for whom marriage is not their vocation

Happiness and the Christian Moral Life Paul J. Wadell, 2012-02-16 Happiness and the Christian Moral Life introduces students to Christian Ethics looking at ethics as a path to the good life and happiness rather than a strict set of rules Revisions and updates include lists of suggested readings and resources new discussions of how technology shapes relationships a more fully developed account of Augustine and happiness and more

Ethics and Economics of Assisted Reproduction Maura A. Ryan, 2003-06-11 For those who undergo it infertility treatment is costly time consuming invasive and emotionally and physically arduous yet technology remains the focus of most public discussion of the topic Drawing on concepts from medical ethics feminist theory and Roman Catholic social teaching Maura A Ryan analyzes the economic ethical theological and political dimensions of assisted reproduction Taking seriously the experience of infertility as a crisis of the self the spirit and the body Ryan argues for the place of reproductive technologies within a temperate affordable sustainable and just health care system She contends that only by ceasing to treat assisted reproduction as a consumer product can meaningful questions about medical appropriateness and social responsibility be raised She places infertility treatments within broader commitments to the common good thereby understanding reproductive rights as an inherently social rather than individual issue Arguing for some limits on access to reproductive technology Ryan considers ways to assess the importance of assisted reproduction against other social and medical prerogatives and where to draw the line in promoting fertility Finally Ryan articulates the need for a compassionate spirituality within faith communities that will nurture those who are infertile

Gifted by Otherness L. William Countryman, M. R. Ritley, 2001-09 As outsiders gay men and lesbians challenge the church to be inclusive of all God's children the central message of the gospel God has drawn us to this difficult place they write in order to reveal God's grace to us and in us and through us Basing their book on retreats they have presented to churches and seminaries Countryman and Ritley explore what it means to affirm not merely accept being

gay or lesbian as well as Christian Written primarily for the lesbian community and for their families and communities they explore the ways in which the gay and lesbian community can appropriate and re tell the biblical story and find confidence in their unique spiritual journey and gifts This pro active and self affirming book provides new hope for those who feel that it is impossible to be gay or lesbian as well as Christian
