Sexuality In Islam:

Sexuality in Islam Abdelwahab Bouhdiba, 2013-02-01 Originally published in 1985 Beginning with the Qur'an Abdelwahab Bouhdiba confronts the question of male supremacy in Islam and the strict separation of the masculine and the feminine He gives an account of purification practices of Islamic attitudes towards homosexuality concubinage legal marriage and of the sexual taboos laid down by the Qur'an He assesses present day sexual practice including eroticism misogyny and mysticism and concludes that the sexual alienation and even oppression of modern Muslim women is the result not of the Islamic vision of sexuality but of social and economic pressures Sexuality in Muslim Contexts Anissa Helie, Homa Hoodfar, 2012-10-11 This groundbreaking book explores resistance against the harsh policing of sexuality in some Muslim societies Many Muslim majority countries still use religious discourse to enforce stigmatization and repression of those especially women who do not conform to sexual norms promoted either by the state or by non state actors In this context Islam is often stigmatized in Western discourse for being intrinsically restrictive with respect to women's rights and sexuality The authors show that conservative Muslim discourse does not necessarily match practices of believers or of citizens and that women's empowerment is facilitated where indigenous and culturally appropriate strategies are developed Using case studies from Pakistan Iran Indonesia China Bangladesh Israel and India they argue persuasively that Muslim religious traditions do not necessarily lead to conservative agendas but can promote emancipatory standpoints An intervention to the construction of Muslim women as uniformly subordinate this collection spearheads an unprecedented wake of organizing around sexualities in Muslim communities Sexuality and Eroticism Among Males in Moslem Societies Arno Schmitt, Jehoeda Sofer, 1992 Here is the first major work published about sexuality and eroticism between males in Islamic society Through narratives analytic essays descriptions and academic treatises Sexuality and Eroticism Among Males in Moslem Societies provides a revealing and most fascinating look into what is for most Westerners still a very hidden very foreign culture Until now there has existed a lack of solid information about sexuality in Islamic society but this volume portrays very clearly the relationship between same sex eroticism and the ideal of the man as penetrator As a result Sexuality and Eroticism Among Males in Moslem Societies illuminates not only homosexuality but the whole sexual culture and role of gender in the Muslim world The chapters focus on homosexuality among men in Morocco Syria Iran Turkey and Israel Despite its occurrence in this region of the world sex between males is not considered to be homosexuality by most men a concept that is reiterated in chapter after chapter In addition to major differences in the attitudes toward homosexual acts in Muslim countries and the West this enlightening book also shows great differences among the Muslim countries themselves depending upon the degree to which Islamic law is enforced the impact of different western colonial influences and legal systems and the sheer impact of cultural variation within so vast a geographic area There are some keen observations and insights into the socialization of boys in Islamic culture the status and inaccessibility of women and sex roles and attitudes

challenged sexual norms from the Abbasid to the Ottoman period The second part looks at literary and cinematic Arab cultural production as a site for the construction and transgression of gender norms The third part builds on feminist historiography and social anthropology to question simplistic dichotomies and binaries Each of the contributions shows how understanding of sexualities and the subjectivities that evolve from them are rooted in the mutually constitutive relationships between gender and political power In identifying the plurality of discourses on desires the book goes beyond the dichotomy of norm and transgression to glimpse what different sexual norms have meant at different times across the Middle East
