Shackleton's Forgotten Men:

Shackleton's Forgotten Men Lennard Bickel, 2001 When Ernest Shackleton resolved to cross Antarctica in 1915 he knew the task would require two parties of men Shackleton and his crew aimed to cross the continent but were to meet with disaster when their ship the Endurance was frozen into the ice of the Weddell Sea Meanwhile a smaller group the Ross Sea party led by the impetuous one eyed captain Aeneas Mackintosh and the hard headed Ernest Joyce went before them and landed on the opposite side of the continent Their mission was to haul sledges almost 2 000 miles across the harsh interior in order to set up a lifeline of depots for the coming Shackleton party However like the men of the Endurance this group also lost their ship the Aurora along with their supplies when a ferocious polar gale ripped it from its moorings But Mackintosh and his men who knew that their failure would doom Shackleton's party to starvation refused to give up They scavenged supplies from an earlier expedition led by Robert Scott and set out on one of the most remarkable journeys in polar history Battling against deadly weather with scant food and makeshift clothes the small band hauled tons of supplies across the bitter polar wastes Scurvy and madness overtook several men and in the end three of the party died but not before they had accomplished their task This is the story of ordinary men who rose to extraordinary heights of courage determination and endurance While their achievement was futile Shackleton never came it was also one of the greatest and most astonishing in the heroic age of polar exploration

Shackleton's Forgotten Men Lennard Bickel, 2000 The untold story of Shackleton's historymaking Antarctic sled ride prior to his more famous journey details the deprivation injury and death caused by the expedition Shackleton's Forgotten Expedition Beau Riffenburgh, 2008-12-01 Shackleton's Forgotten Expedition is the story of Ernest Shackleton's epic journey toward the South Pole Lacking funds and plagued by hunger cruel weather and unpredictable terrain Shackleton and his party accomplished some of the most remarkable feats in the history of exploration Not only were members of the expedition the first to climb the active volcano Mount Erebus and the first to reach the South Magnetic Pole but Shackleton himself led a party of four that trudged hundreds of miles across uncharted wastelands and up to the terrible Antarctic Plateau to plant the Union Jack only ninety seven miles from the South Pole itself Based on extensive research and first hand accounts Riffenburgh makes the expedition vivid while providing fascinating insight into the age of British exploration and Empire Beau Riffenburgh is a historian specializing in exploration A native of California he earned his doctorate at the Scott Polar Research Institute University of Cambridge where he is currently the editor of Polar Record He is the author of the critically praised *The Myth of the Explorer* and editor of the *Encyclopedia of the Antarctic* A Selection of the History Book Club Riffenburgh's perceptive book blends first hand accounts with original research and a fast paced narrative providing a cracking adventure The Times Literary Supplement UK A masterful balance of true drama and first rate scholarship The narrative moves with the speed of a novel while the author's unerring eye for historical detail captures the essence of polar exploration and explorers and locates Shackleton and his men in the grand scheme of empire Sir Ranulph
