Shade Those Laurels:

Petrarch's Laurels Sara Sturm-Maddox, 2010-11-01 A comprehensive new reading of Petrarch's lyric collection known as the Canzoniere or Rime sparse the work that stands at the origins of the dominant tradition of European Renaissance poetry Unlike many other considerations of Petrarch's poetry this study takes into account through close reading the vast majority of the 366 poems included in the collection At the same time it adopts a range of intertextual perspectives It emphasizes the position of the Rime within Petrarch's own varied literary corpus and in relation to his precursors both classical and vernacular New insights emerge into his transgressions and evasions of the primary Ovidian myth in the collection into his engagement with Dante and into his adaptation of the motifs of the romance quest Sturm Maddox also explores Petrarch's creation of a personal myth of poetic origins one centered in Valchiusa as the locus of an amorous epiphany and in the shade of the laurel as the locus of the production of Rime sparse Ample notes complement the text and English translations translations of the Italian poetry are included *Cabins in the Laurel* Muriel Earley

Sheppard, 2014-03-19 In 1928 New York native Muriel Earley Sheppard moved with her mining engineer husband to the Toe River Valley an isolated pocket in North Carolina between the Blue Ridge and Iron Mountains Sheppard began visiting her neighbors and forming friendships in remote coves and rocky clearings and in 1935 her account of life in the mountains *Cabins in the Laurel* was published The book included 128 striking photographs by the well known Chapel Hill photographer Bayard Wootten a frequent visitor to the area The early reviews of *Cabins in the Laurel* were overwhelmingly positive but the mountain people Sheppard's friends and subjects initially felt that she had portrayed them as too old fashioned even backward As novelist John Ehle shows in his foreword though fifty years have made a huge difference and the people of the Toe River Valley have been among its most affectionate readers This new large format edition which makes use of many of Wootten's original negatives will introduce Sheppard's words and Wootten's photography to a whole new generation of readers in the Valley and beyond The poetical works of John Dryden, with memoir, notes [&c.] John Dryden, 1893

The Poetical Works of John Dryden John Dryden,1889 **The Works of the Poets of Great Britain and Ireland, with Prefaces, Biographical and Critical** Samuel Johnson,1804 Absalom & Achitophel John Dryden,1871 **The Unimagined in the English Renaissance** Andrew Mattison,2013

When we read poetry we tend to believe that we are getting a glimpse of the interior of the poet s mind pictures from the poet s imagination relayed through the representative power of language But poets themselves sometimes express doubt usually indirectly that poetic language has the capability or the purpose of revealing these images This book examines description in Renaissance poetry aiming to reveal its complexity and variability its distinctiveness from prose description and what it can tell us about Renaissance ways of thinking about the visible world and the poetic mind Recent criticism has tended to address representation as a product of culture The Unimagined in the English Renaissance argues to the contrary that attention to description as a literary phenomenon can complicate its cultural context by recognizing the persistent problems of genre and literary history The book focuses on Sidney Spenser Donne and Milton who had very different aims as poets but shared a degree of skepticism about imagistic representation For these poets description can obscure as much as it makes visible and can create whole categories of existence that are outside of visibility altogether
