Shades Of Blue:

Shades of Blue Gino Vallejo, 2019-03-31 This is a psychedelic odyssey through dreams of love and death. Comprising eighty poems by Gino Vallejo, *Shades of Blue: The Journey of Awakening* is truly a trip brought fully to life by the haunting artwork of Stephanie LeVasseur. From Bethlehem to Byzantium, from ancient Egypt to modern Iraq, from cosmic shores to home and heart, we drift along as selfless spirits probing fallen empires, rubble, cursing despotism, war, extolling family, praising God, surrendering to passion. Seductively cryptic and trenchant in turn, Vallejo bridges the dark extremes: man's genesis and apocalypse, freedom and fascism, heaven and hell, the fruits of ardor and thorns of greed, while scrutinizing timeless truths that sunken lie between intimate and sprawling, at once defiant of form but blended by beauty. Each selection, cadenced hymn or cold lament, is singular and glistening with implication; no one scene is fixed in place. The words change shape at second glance as layered meanings mix and meld. A labyrinth of yearning leads to paradisaical vistas. Bespeaking angst and tenderness and decrying those who tie the trammels, beckoning salvation's bliss, the trek will be a certain joy for William Blake enthusiasts. En route, we sing a song of earth and promises beyond.

Shades of Blue Félix Krawatzek, Friedemann Pestel, Rieke Trimcev, Gregor Feindt, 2025-02-15 In *Shades of Blue*, Félix Krawatzek, Friedemann Pestel, Rieke Trimcev, and Gregor Feindt investigate the political project of Europe as it oscillates between the extremes of expectations of an ever wider integration and fear of disintegration. The authors interrogate and chart the space between these polarities by tracking the many competing conceptions of Europe in European public discourse and relate these meanings to national, regional, and ideological divisions. Based on qualitative discourse analyses of newspaper articles from six European Union member states between 2004 and 2023, *Shades of Blue* shifts how we think about Europe's integration and disintegration and offers a new perspective on Europeanization. With twelve debates chronicling Europe's past and discussing the implications for Europe's future, these authors uncover how politicians, intellectuals, and journalists negotiate European senses of belonging. *Shades of Blue* moves beyond the binaries of hope and despair to uncover a more nuanced picture of Europe.

Glaude, 2008-08-20 An audacious attempt to wrestle with the significant theoretical and political challenges of race religion and reason in our contemporary moment Corey D B Walker Journal of the American Academy of Religion In this provocative book Eddie S Glaude Jr one of our nation s rising young African American intellectuals makes an impassioned plea for black America to address its social problems by recourse to experience and with an eye set on the promise and potential of the future rather than the fixed ideas and categories of the past Central to Glaude s mission is a rehabilitation of philosopher John Dewey whose ideas he argues can be fruitfully applied to a renewal of African American politics According to Glaude Dewey s pragmatism when attentive to the darker dimensions of life or what we often speak of as the blues can address many of the conceptual problems that plague contemporary African American discourse How blacks think about themselves how they imagine their own history and how they conceive of their own actions can be rendered in ways that escape bad ways of thinking that assume a tendentious political unity among African Americans simply because they are black Drawing deeply on black religious thought and literature In a Shade of Blue seeks to dislodge such crude and simplistic thinking and replace it with a deeper understanding of and appreciation for black life in all its variety and intricacy In a Shade of Blue is a remarkable work of political commentary and to follow its trajectory is to learn how African Americans arrived at this critical moment in their cultural and political history and to envision where they might head in the twenty first century
