mechanical malfunction Most of these crews never finished their tour of operations but were either shot down and killed or taken prisoner by an increasingly hostile enemy This is the story of the everyday heroism of British bomber crews in the days when it was widely believed that the Allies could win the Second World War by bombing alone Kevin Wilson has interviewed hundreds of former airmen about what their lives were like in 1943 the stomach churning tension of flying repeatedly over hostile territory the terror at being shot down or captured and the peculiar mixture of guilt and pride at unleashing such devastation on Germany
