Shadow Of The Galilean:

The Shadow of the Galilean Gerd Theissen, 2014-07-24 Combining New Testament study with the terseness of thriller writing Theissen conveys the Gospel story in the imaginative prose of a novel This is a story of our times or how the gospels might have turned out if they were written by John Le Carre racy readable and full of incident *The Shadow of the*

Galilean Gerd Theissen, 1986 **Studying the Historical Jesus** Bruce David Chilton, Craig Alan Evans, 1998 This coordinated collection of studies provides important critical assessments of recent progress in Life of Jesus research Topics treated include Jesus and Palestinian politics the parables and miracles of Jesus and the Jesus tradition in extracanonical sources The Jesus Quest Ben Witherington III, 1997-05-08 Ben Witherington III offers a comprehensive assessment of what scholars such as John Dominic Crossan Marcus Borg Burton Mack and the Jesus Seminar are really saying about Jesus

Christology in Culture Perspective Colin J. D. Greene, 2004-06-24 Traditionally the study of the person and work of Christ has been understood largely as an exercise in biblical exegesis or historical and doctrinal analysis Rarely if ever has christology focused on the changing cultural paradigms that have deeply influenced the development of human knowledge This unique volume by Colin Greene reverses that trend and in line with modern cultural theory explores the interfaces between successive cultural contexts and the story of Jesus Starting with an examination of the three main interpretive approaches to Jesus cosmological christology political christology and anthropological christology Greene moves on to concentrate on the subtle and complex linkages between christology and the sociopolitical paradigms that have bolstered the epistemological assumptions of modernity Greene then brings his book to a stirring close with a creative exploration into how christology might once again provide us with a Christ centered vision of reality Salty Wives, Spirited Mothers, and Savvy Widows F. Scott Spencer, 2012-12-19 Engaging feminist hermeneutics and philosophy in addition to more traditional methods of biblical study *Salty Wives Spirited Mothers and Savvy Widows* demonstrates and celebrates the remarkable capability and ingenuity of several women in the Gospel of Luke While recent studies have exposed women's limited opportunities for ministry in Luke Scott Spencer pulls the pendulum back from a negative feminist critical pole toward a more constructive center Granting that Luke sends somewhat mixed messages about women's work and status as Jesus disciples Spencer analyzes such women as Mary Elizabeth Joanna Martha and Mary and the infamous yet intriguing wife of Lot whom Jesus exhorts his followers to remember as well as the unrelentingly persistent women characters in Jesus parables *So Longeth My Soul* Joanna Collicutt, 2024-06-30 Students of Christian spirituality often have an ambivalent attitude to primary sources from the past On the one hand they are intrigued by the mysterious otherness of their and the promise that this very otherness may take them into exciting uncharted territory On the other hand they lack the confidence to navigate this territory so that what begins as strangely intriguing can quickly become just too weird The SCM Reader in Christian Spirituality not only offers a collection of readings from the classic texts of Christian spirituality but also gives the reader a

way into these texts that enables them to be received as living and relevant for both personal spirituality and ministry An introductory section guides the student through the process and offers techniques for approaching these often ancient texts The Reader then presents readings from the patristic to the end of the early modern period encompassing both the Eastern and Western church traditions grouped around key themes and including extensive notes and contextual material

Intricately Connected Heerak Christian Kim,2008 Intricately Connected contains academic papers presented by Kim at various international conferences in the fields of biblical studies literary criticism and intertextuality The articles examine the question of how various literatures connect to consciousness and culture at personal and collective levels The focus is on the functionality of literature across time and space and addresses such questions as How do later books of the Bible such as Jeremiah utilize consciousness and ideas from earlier times such as those found in the book Deuteronomy How does Toni Morrison link African American experience of today with experience of slavery hundreds of years ago How does the film Da Vinci Code 2006 assess and manipulate the received tradition of the Lord s Supper **BOOK JACKET** **Authenticating Criteria in Jesus Research and Beyond** Kevin B. Burr,2023-10-16 Are the criteria of authenticity of Jesus research idiosyncratic to New Testament studies vehicles of subjectivity and fundamentally flawed vestiges of form criticism as some claim today If so why do opponents of the criteria approach still use them Or are the criteria the tools of general historiography as others assert If true none have adequately demonstrated where and how principles such as multiple attestation general and historical coherence dissimilarity and embarrassment feature in general historiographic method until now This study analyzes the methods of general historians and Jesus researchers who favor or oppose the criteria and demonstrates that regardless of sub discipline authenticating criteria are inherent to the practice of historiography

Reimagining at the Sources James Atwell,2024-03-21 Re imagining at the Sources offers the fruits of a lifetime s reflection on the Bible and its role within the Christian faith from a respected scholar and priest Atwell lays out the history of Israel and the biblical roots of Christian faith from the origins of Israel s religious traditions to Jesus of Nazareth This book explores the sources of faith and analyses the complex faith journey that has taken place as Israel s religious traditions have developed The book provides a single coherent account which joins up the period covered by Israel s early religious traditions with that of Second Temple Judaism and the world of Jesus of Nazareth A distinctive feature of the volume is its focus on apocalyptic literature **Peter** Tim Gray,2016-11-10 Renowned scholar Dr Tim Gray masterfully guides you through the tumultuous and inspiring life of Peter from his call to discipleship to his eventual martyrdom in Rome Using Sacred Scripture and tradition Dr Gray highlights these important lessons from Peter s life including How to become a trusting disciple and cast into the deep The pitfalls of living discipleship at a distance and the eventual denial that will come How to recover from sin and accept God s mercy How to become a bold witness to others of the love of Jesus Come to better know love and follow Jesus through the Rock on whom he built his Church Elasticized Ecclesiology Ulrich

Schmiedel,2017-01-17 This study confronts the current crisis of churches In critical and creative conversation with the German theologian Ernst Troeltsch 1865 1923 Ulrich Schmiedel argues that churches need to be elasticized in order to engage the other Examining contested concepts of religiosity community and identity Schmiedel explores how the closure of church against the sociological other corresponds to the closure of church against the theological other Taking trust as a central category he advocates for a turn in the interpretation of Christianity from propositional possession to performative project so that the identity of Christianity is done rather than described Through explorations of classical and contemporary scholarship in philosophy sociology and theology Schmiedel retrieves Troeltsch s interdisciplinary thinking for use in relation to the controversies that encircle the construction of community today The study opens up innovative and instructive approaches to the investigation of the practices of Christianity past and present Eventually church emerges as a work in movement continually constituted through encounters with the sociological and the theological other **A History of the**

Quests for the Historical Jesus, Volume 2 Colin Brown,Craig A. Evans,2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today s biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer s famous Old Quest to today s ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates **Teach Yourself VISUALLY Astronomy** Richard Talcott,2008-11-13 From

dramatic lunar eclipses to brilliant comets the night sky fascinates people Brimming with beautiful color photos this book walks you through everything you need to know to maximize your enjoyment of astronomy from choosing a telescope to identifying constellations and planets Whether you re a student hobbyist or lifelong stargazer you can turn to this book for practical guidance on observing stars planets moons and galaxies tracking meteors comets and eclipses choosing tools for

viewing and photographing the skies Helpful star maps charts and timetables bring the sky to life *Transformative Encounters* Ingrid R Kitzberger, 2021-10-01 This composite post colonial and multi dimensional volume contains sixteen original essays by distinguished Jewish and Christian Scripture scholars on a wide range of perspectives on the relation between Jesus and women as portrayed in the New Testament Gospels as historically re constructed in the context of Second Temple Judaism and of Mediterranean society as well as in present actualizations The contributions reflect the different social locations of interpreters from all continents and testify to the richness of methods employed in biblical interpretation at the end of the 20th century ranging from literary approaches narrative criticism reader response criticism intertextuality historical critical methods archaeology and social scientific interpretation to cultural studies and film theory By addressing new questions and searching for answers on untrodden paths the vital scholarship on Jesus and women will be re viewed enriched and challenged *Celestial Shadows* John Westfall, William Sheehan, 2014-11-19 Much of what is known about the universe came from the study of celestial shadows This book looks in detail at the way eclipses and other celestial shadows have given us amazing insights into the nature of the objects in our solar system and how they are even helping us discover and analyze planets that orbit stars other than our Sun A variety of eclipses transits and occultations of the moons of Jupiter and Saturn Pluto and its satellite Charon asteroids and stars have helped astronomers to work out their dimensions structures and shapes even the existence of atmospheres and structures of exoplanets Long before Columbus set out to reach the Far East by sailing West the curved shadow of the Earth on the Moon during a lunar eclipse revealed that we inhabit a round world a globe More recently comparisons of the sunlit and Earthlit parts of the Moon have been used to determine changes in the Earth s brightness as a way of monitoring possible effects in cloud coverage which may be related to global warming Shadows were used by the Greek mathematician Eratosthenes to work out the first estimate of the circumference of the Earth by Galileo to measure the heights of the lunar mountains and by eighteenth century astronomers to determine the scale of the Solar System itself Some of the rarest and most wonderful shadows of all are those cast onto Earth by the lovely Evening Star Venus as it goes between the Earth and the Sun These majestic transits of Venus occur at most two in a century after the 2012 transit there is not a chance to observe this phenomenon until 2117 while the more common sweep of a total solar eclipse creates one of the most dramatic and awe inspiring events of nature Though it may have once been a source of consternation or dread solar eclipses now lead thousands of amateur astronomers and eclipse chasers to travel the globe in order to experience the dramatic view under totality These phenomena are among the most spectacular available to observers and are given their full due in Westfall and Sheehan s comprehensive study **The Reception of Philo of Alexandria** Courtney J. P. Friesen, David Lincicum, David T. Runia, 2025-01-12 Philo of Alexandria was a Jewish statesman philosopher and religious thinker A significant amount of his literary corpus was preserved by Christian hands and thereby came to resource numerous theologians in the Christian tradition After passing into obscurity in Jewish circles in antiquity

Philo was rediscovered in the Italian Renaissance and came to feature in Jewish tradition once again Philo's works straddle an interest in exegesis and philosophy and the multi-faceted contents of his thought ensured a long history of reception among readers with their own agendas This authoritative and systematic collection of essays by an international team of experts surveys Philo's reception from the time of his immediate contemporaries to the present day The book unfolds over six sections the first centuries late antiquity the middle ages the renaissance and early modern period from the eighteenth to the twentieth centuries and contemporary perspectives

The Transits of Venus William Sheehan, 2010-12 In this unique and fascinating history of science acclaimed popular science writer Sheehan and award-winning geographer Westfall take readers back through the centuries to chronicle the intrepid explorations of scientists and adventurers who studied the transits of Venus in the quest for scientific understanding Maps tables

The Gospel of John as Literature Stibbe, 2019-07-01 This volume contains thirteen essays written between 1900 and today Each of them takes as its starting point the Gospel of John as a literary unity The volume as a whole traces literary studies of John back to the early 1900s and charts their development from then Some of these essays are little known even to Johannine scholars Others are recognized as classics in the field Two of them are translations This book is therefore a timely and indispensable resource for those interested in the history of the fourth gospel interpretation and in examples of literary methods applied to John

Shadows of Being Marko Uršič, 2019-01-15 This book is a study of the phenomena of shadows meant in a broader sense as symbolic forms The shadow is a less real surface replica of some more real form From the Platonic point of view empirical objects are shadows of ideas while from the modern natural point of view shadows are seen and conceived primarily as weaker replicas of bodies which give evidence of their material reality In the first three essays here several topics from the Ancient Egypt and Greece to modern arts and sciences are considered while in the fourth essay the contemporary virtual reality cyber technology and the internet as our parallel shadow world are discussed from the philosophical point of view The main and innovative point of this book is the connection between the meaning of shadows in philosophy and art on the one hand and their role in modern science and technology on the other The book will appeal to a wide span of readers from academic circles students and artists to the general reader interested in the humanities especially in philosophy and art
