Shadow Of 1917 Cold War Conflict In Australia The:

The Shadow of 1917 Robert Manne, 1994 *Historical Dictionary of Australia* Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of *Historical Dictionary of Australia* covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia *Australia's China* Lachlan Strahan, 1996 First published in 1996 Australia's China explores the multifaceted and dynamic Australian encounter with China from the beginning of the Sino Japanese War in 1937 through the Cold War to the Australian recognition of the PRC in 1972 Going beyond conventional policy studies it traces the patterns in Australian reactions to China from the grass roots to official circles highlighting the centrality of images concerning the exotic disease sexuality the frontier and China as a paradise anti paradise In responding to China Australians revealed something of themselves and this book maps the formation of Australian conceptions of identity in the context of a cross cultural encounter which was variously cooperative enriching baffling and antagonistic But there was no single Australian conception of China Rather competing perceptions jostled in a shifting dialogue **Somewhere in Asia** Prue Torney-Parlicki, 2000 From 1941 to 1975 as a series of military conflicts gripped Asia and the Pacific Australian journalism was dominated by war reporting from the region Torney Parlicki history U of Melbourne argues that the reporting went beyond the usual discussion of military strategy and in an important way **Diplomacy, Communication, and Peace** William Maley, 2020-11-15 This book is composed of interconnected essays which reflect on challenging new issues related to diplomacy communication and peace This book begins by drawing out some of the challenges for diplomacy that arise from modern theories of semantics and of strategic communication as well as those posed by the need for secrecy and by the activities of agents of influence It then proceeds to examine important issues in contemporary diplomacy including refugee diplomacy humanitarian diplomacy sovereignty norms and consular activities It concludes with an exploration of dilemmas that confront attempts to promote peace through multilateral means such as the limitations of peacemaking diplomacy the difficulty of promoting democratic governance and the problems associated with dealing with morally repugnant actors The book is grounded in the conception of diplomacy as a social practice with multiple players and recognises that the state has many different elements and that state actors live in worlds shaped not just by their relations with other states but also by

their own complex domestic politics This book will be of much interest to students of diplomacy foreign policy and International Relations

Orwell's Australia Dennis Glover, 2003 Orwell has two key messages that speak directly to contemporary Australians that respecting the truth is essential to restoring the integrity of our democratic system and that if we want to preserve our egalitarian way of life the centre left must get in touch with ordinary people again George Orwell has had an astonishing influence on Australian politics often in ways he would have disapproved of fiercely Today one hundred years after his birth his relevance is growing rather than diminishing Orwell's insights and values represent a challenge and an opportunity for the Australian left especially because a host of public institutions and once unquestioned rights are being attacked by a determined and ideologically driven band of radical conservatives many of whom justify their beliefs through an appeal to the socialist George Orwell

The Memoirs of a Young Bastard Tim Burstall, 2012 Tim Burstall the celebrated director of *Stork Alvin Purple* and numerous other definitive ocker comedies is credited with shaking the moribund Australian film industry out of its torpor But long before that in the early 1950s he began keeping a diary to record the world of the group of artists and intellectuals he was living among in Eltham then a rural area outside Melbourne where cheap land was available for mudbrick houses and studios and where suburban rigidities could be mercilessly flouted Burstall was in his mid twenties with two young sons and an open marriage with his wife Betty Eager to become a writer to go against the grain he kept a record almost daily of the parties and the talk in pubs and studios about art and politics and sex of Communist Party branch meetings and film societies of political rallies and the first Herald Outdoor Art Show Somehow while holding down a public relations job in the Antarctic Division and juggling his love affairs and obsession with the beautiful brainy Fay he wrote 500 words almost every day Betty according to the diaries kept the show on the road feeding friends after the pub milking goats and working in her pottery making bowls and mugs which Tim sometimes decorated at weekends These *Memoirs of a Young Bastard* as Burstall dubbed himself and them are among the most evocative Australian diaries of modern times Burstall can write He has an eye for the telling detail an unerring ear for cant and pomposity and most endearingly an ability to mock himself always from the perspective of a bloke of his generation

Donald Horne Ryan Cropp, 2023-08-01 The fascinating biography of a brilliant man who captured the nation's imagination and boldly showed Australians who we were and how we could change In the 1960s Donald Horne offered Australians a compelling reinterpretation of the Menzies years as a period of social and political inertia and mediocrity His book *The Lucky Country* was profoundly influential and without doubt one of the most significant shots ever fired in Australia's endless culture war Ryan Cropp's landmark biography positions Horne as an antipodean Orwell a lively independent and distinct literary voice searching for the temper of the people accepting it and moving on from there Through the eyes and unforgettable words of this preternaturally observant and articulate man we see a recognisable modern Australia emerge Shortlisted for the 2024 National Biography Award A compulsive read about a writer who shaped the way we Australians think about ourselves Judith

Brett Unmissable for anybody interested in the intellectual life of this country Sean Kelly Ryan Cropp's thoughtful life of Donald Horne charted the restless and provocative habits of his subject with care and elegance and animated decades of faded news and current affairs with colour and poise Patrick Mullins Australian Book Review Books of the Year 2023 In his accomplished and insightful biography Cropp has captured a full life well lived that was a tribute to the importance of paying attention and making a difference Julianne Schultz *The Conversation From Traveller to Traitor* Tom Heenan, 2006-10-07 The radical journalist Wilfred Burchett 1911-1983 was persecuted by the Australian government during his lifetime and publicly reviled in print long after his death After a distinguished wartime career with the London Daily Express Burchett drifted to the left with the onset of the Cold War During the Korean and Vietnam wars he was condemned as a traitor for his pro Communist reports and denied an Australian passport by successive Liberal governments of the 1950s and 1960s *From Traveller to Traitor* is the first scholarly biography of this controversial foreign correspondent Tom Heenan explores the truth behind Burchett's reports from his travels on the other side of the ideological divide Using ASIO files from the 1950s to the 1970s and other archival material Heenan exposes the insubstantial nature of the allegations of treachery made against Burchett This book casts valuable new light on an extraordinary Australian whose story is one of the greatest political scandals in the nation's history

Polyculturalism and Discourse Anja Schwarz, Russell West-Pavlov, 2007 This volume gathers together research by ten scholars engaging with multicultural discourse in Australia and Germany The term polyculturalism rather than multiculturalism is employed deliberately to re-open a space in which the workings of discourse on culturally diverse societies both as archive or practice and as intervention can be considered in greater depth The intercultural perspective and wide range of disciplinary affiliations exhibited by the essays in this volume contribute to this goal whereas the majority of discourse analytical work addresses the diversity of speaking positions as well as the arbitrariness of ascribed meanings within a historical framework delimited by national boundaries and disciplinary boundaries the texts collected here transgress this perspective in working comparatively between Australia and Germany

Keeper Of The Faith Paul Strangio, 2013-06-14 Jim Cairns is a familiar sight around the markets of Melbourne seated at a table stacked with copies of his latest book It seems an unlikely occupation for a man who was once the driving force and major thinker in the Labor Party Left a man who reached the positions of Deputy Prime Minister and Treasurer in Australia's most reformist government under Gough Whitlam Cairns post 1975 trajectory bewildered many of his one time followers not least the significant section of the baby boomer generation who rallied behind him during the Moratoriums against the Vietnam War To some he is a tragic fallen hero to others a relic of an earlier age of idealism But Cairns was never a conventional politician In this mature and sophisticated biography Paul Strangio draws a compelling picture of the inner man revealing a consistent thread running through the apparent contradictions of Cairns' public career He explains how a policeman turned into a counter culture guru how an opponent of capitalism became Treasurer of Australia how a devoted husband could feel a kind

of love for Junie Morosi Both highly readable and carefully researched Keeper of the Faith reassesses the part Cairns played in shaping Australian public life In tracing his ideological and political rivalry with Whitlam it challenges the popular nostalgia that surrounds his former leader Strangio argues that Cairns contribution to public life especially as a voice of dissent against the established order has been seriously underestimated Drawing on a rich range of archival and oral sources and recounting many fascinating anecdotes this is a masterly portrait of one of those rare people who never waver in their search for truth

Politics, Media and Campaign Language Stephanie Brookes, 2017-04-03 Politics Media and Campaign Language is an original groundbreaking analysis of the story of Australian identity told in Australian election campaign language Stephanie Brookes argues that the story of Australian identity is characterized by recurring cycles of anxiety and reassurance which betray a deep underlying feeling of insecurity Introducing the concept of identity security the book focuses on electoral language and demonstrates that election campaigns provide a valuable window into an overlooked part of Australia's political and cultural history Politics Media and Campaign Language reclaims Australian campaign speech and electoral history to tell the story of changing national values and priorities and traces the contours of collective conversations about national identity

Suspect History Humphrey McQueen, 1997 Analysis of modern Australian history and culture which reflects on topics such as the accusation that historian Manning Clark was an agent of Soviet influence and discusses various approaches to understanding Australia's past Includes bibliography and index The author's other publications include A New Britannia and Gallipoli to Petrov

State of the Nation Gwenda Tavan, 2015-01-29 A stunning collection of essays that analyses the major issues facing Australia today This nation has a lot of unfinished business Will we become a republic any time soon How can we honour our Indigenous peoples and tackle the intractable disadvantage they face What does our treatment of asylum seekers reveal about us Will we have a proper debate the next time we go to war In early 2013 La Trobe University held a conference in honour of Professor Robert Manne at which papers were presented by thinkers Manne has worked or argued with and whom he most admires State of the Nation compiles these original essays They include innovative explorations of multiculturalism social democracy the future for Labor and the challenge of climate change This is a book that shows how Australia is faring good and bad as it enters a new era of politics Contributors include Mark Aarons Stefan Auer Nicholas Barry Peter Beilharz David Corlett Jean Curthoys Patrick Dodson Chris Feik Raimond Gaita Rhonda Galbally Clive Hamilton John Hirst Ramona Koval Martin Krygier Carmen Lawrence Geoffrey Brahm Levey William Maley Anne Manne Russell Marks Mark McKenna David McKnight Aurelien Mondon A Dirk Moses David Ritter Morry Schwartz Sanjay Seth Tim Soutphommasane and Hugh White
