Shadow Of A Noose:

Shadow of a Noose Wes Yancey, 197? **Hitchcock, Second Edition** William Rothman, 2012-08-20 First published in 1982 William Rothman's *Hitchcock* is a classic work of film criticism Written in an engaging style that is philosophically sophisticated yet free of jargon and using over nine hundred images from the films to illustrate and back up its critical claims the book follows six different Hitchcock films as they unfold moment by moment from first shot to last In addition to a thoughtful new preface and the original readings of *The Lodger* 1927 *Murder* 1930 *The 39 Steps* 1935 *Shadow of a Doubt* 1943 and *Psycho* 1960 this expanded edition includes a groundbreaking new chapter now the book's longest on *Marnie* 1964 Hitchcock's most heartfelt yet most controversial film Hitchcock never tired of quoting Oscar Wilde's line And all men kill the thing they love Dark moods therefore prevail in the five original chapters culminating in the reading of *Psycho* but in demonstrating how *Marnie* overcomes or transcends the murderous aspect of Hitchcock's art this new chapter balances the scales and gives an important new dimension to the book With exemplary precision *Hitchcock Second Edition* shows how Hitchcock films express cinematically serious thoughts about such matters as the nature and relationships of love murder sexuality marriage and theater and about their own medium In so doing it keeps faith with the idea that Hitchcock was a master perhaps the master of what he called the art of pure cinema However insofar as it investigates philosophically the conditions of authorship in the medium of film it is an auteurist study unlike any other By attending to the films themselves and to the ways we experience them rather than allowing some theory to dictate what to say about them the book proves the fruitfulness of an approach that is open and responsive to the ways serious films are capable of teaching us how to think seriously about them *Shadow of the Noose* Richard Cooper, 1989-01-01 **Hitchcock's British Films** Maurice Yacowar, 2010-11-15 A reissued classic that examines the structure and themes of each of Hitchcock's British feature films Originally published in 1977 and long out of print Maurice Yacowar's *Hitchcock's British Films* was the first volume devoted solely to the twenty three films directed by Alfred Hitchcock in his native England before he came to the United States As such it was the first book to challenge the assumption that Hitchcock's mature period in Hollywood from the late 1940s to the early 1960s represented the director's best work In this traditional auteurist examination of Hitchcock's early work author Maurice Yacowar considers Hitchcock's British films in chronological order reads the composition of individual shots and scenes in each and pays special attention to the films verbal effects Yacowar's readings remain compelling more than thirty years after they were written and some on *Downhill Champagne* and *Waltzes from Vienna* are among the few extended interpretations of these films that exist Alongside important works such as *Murder the first* *The Man Who Knew Too Much* *Secret Agent* *The Lady Vanishes* and *Blackmail* readers will appreciate Yacowar's equal attention to lesser known films like *The Pleasure Garden* *The Ring* and *The Manxman* Yacowar dissects Hitchcock's precise staging and technical production to draw out ethical themes and metaphysical meanings of each film while keeping a close eye on the source material such as

novels and plays that Hitchcock used as the inspiration for many of his screenplays Yacowar concludes with an overview of Hitchcock as auteur and an appendix identifying the director's appearances in these films A foreword by Barry Keith Grant and a preface to the second edition from Yacowar complete this comprehensive volume Anyone interested in Hitchcock classic British cinema or the history of film will appreciate Yacowar's accessible and often witty exploration of the director's early work
