The shadow of extinction - Europe's threatened wild mammals Jeremy Mallinson,1976 **The Shadow of Extinction** Jeremy Mallinson,1978 Mammal case histories Insectivora Chiroptera Rodentia Cetacea Carnivora Pinnipedia Artidactyla **The Preservation of Species** Bryan G. Norton,2014-07-14 For all persons seriously concerned about the destruction of natural environments in the contemporary world this book presents a comprehensive rationale for preserving wild species and ecosystems Bryan G Norton appeals most centrally to transformative value the power of human contacts with wild species to transform and uplift the human spirit Until now species preservationists have found a theoretical basis for their policies in the demand value of wild species for fulfilling certain narrowly defined human needs or in controversial and badly understood proposals about the intrinsic values of species This work examines such rationales and diverges from them by pointing to new sources of value for wild species they have worth because they can transform human values Because of the central role of biological diversity in environmental concerns the book also provides a fresh perspective on environmental ethics more generally Why Preserve Natural Variety is sponsored by the Center for Philosophy and Public Policy at the University of Maryland as was The Preservation of Species The Value of Biological Diversity which was edited by Professor Norton Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Road to Extinction** Richard Fitter,Maisie Fitter,1987 **International Organization and the Conservation of Nature** Robert Boardman,1981-06-18 *Encyclopedia of the World's Zoos* Catharine E. Bell,2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **Beyond Conservation** Peter Taylor,2013-06-17 Peter Taylor builds bridges between ecology countryside policy and spirituality This book is novel in its breadth and offers a sharp challenge to conventional thinking in conservation Bill Adams University of Cambridge There is a new determination to be more pro active more creative and much bolder and Peter Taylor s important book captures that mood brilliantly Chris Baines Resurgence This is a vitally important and much needed book which shows the way forward for a renewed and positive relationship between people and wild Nature in Britain Lucidly and authoritatively covering to *The Language of the Past* Ross Wilson,2016-07-14 The Language of the Past analyzes the use of history in discourses within the political media and the public sphere It examines how particular terms phrases and allusions first came into usage developed and how they are employed today To speak of something or someone as representing the stone age or characterize an institution as byzantine to describe a business relationship as feudal or to disparage ideals or morality as Victorian refers to both a perception of the

past and its relationship to the present Whilst dictionaries and etymologies define meanings and origin points of words or phrases this study examines how history is maintained and used within society through language Detailing the specific words and phrases associated with particular periods used to describe contemporary society this thorough examination of language and history will be of great interest to those studying historiography social history and linguistics *Status and*
