A night scene on a park path. Several streetlights line the path, casting a warm glow. On the left, two people in modern clothing are walking away. On the right, a person in a long, flowing white dress stands near a streetlight, looking down. The background is dark with some trees visible.

**Shadows of Being** Marko Uršič, 2019-01-15 This book is a study of the phenomena of shadows meant in a broader sense as symbolic forms The shadow is a less real surface replica of some more real form From the Platonic point of view empirical objects are shadows of ideas while from the modern natural point of view shadows are seen and conceived primarily as weaker replicas of bodies which give evidence of their material reality In the first three essays here several topics from the Ancient Egypt and Greece to modern arts and sciences are considered while in the fourth essay the contemporary virtual reality cyber technology and the internet as our parallel shadow world are discussed from the philosophical point of view The main and innovative point of this book is the connection between the meaning of shadows in philosophy and art on the one hand and their role in modern science and technology on the other The book will appeal to a wide span of readers from academic circles students and artists to the general reader interested in the humanities especially in philosophy and art

Shadows Exposed Travis Verge, 2012-05 We must remember from Matthew 4 that we are in Satan's domain and we are living behind enemy lines No wonder the pain and strife we deal with on this earth are so constant we are living in his territory Do you wonder what Satan's involvement is in suffering or if the Holy Spirit is active among us Are there dark forces among us and if so how do we recognize them *Shadows Exposed* is a Bible study that delves into the spiritual warfare that we must face every day From demonic possession to the biases that have been built up within denominations the devil is lying in wait to ensnare the most unsuspecting people Make sure that you don't fall prey to his lies Keep yourself in the light as Jesus is in the light

Travis Verge has left Shadows Exposed in this revealing study of Satan and his tactics to keep today's world in his clutches

**Shadow Angels** Richard Hall, 2014-07-14 Shadow Angels is a story of struggle through the ages between good and evil. It is a story of the Bryce family of vampires. The only surviving vampire family of the Herit Covenant. The Herit covenant one of five vampire covenants brought to earth by warrior angels of heaven led by the Archangel Michael to counter the five known Esmanaa demons and the rapid spread of evil on this world. Vampires had fought the Esmanaa through the ages and lost. Now they wait for a new champion foretold by the angels. Shawn Nelson, battered by life and war, was destined to become this champion and was made vampire into the Bryce vampire family. Follow him through the centuries and experience his loves and sacrifices, how he learned from his maker Anne to live as a vampire. How the vampire Victoria loved and taught him about the Esmanaa. His special relationship with the angels of heaven. How his family of vampires lived their long lives in the shadows, fighting the Esmanaa, protecting humans and shielding them from the dark forces that occupy their world. Follow Shawn through the great human war to the final battle with the Esmanaa and the terrible tragedy that awaits them all. Shadow Angels is a deliciously different take on the traditional vampire tale and is the first book in the Shadow Angels Trilogy. **Shadow Angels** Hall Richard (author), 1901 *The Shadow of the Angel* Ernest Warburton Shurtleff, 1895

**Angel's Shadow** Susan Harris, 2025-04-25 Sometimes the truth doesn't set you free. Raven's secret is out, and she's pretty sure that there's a hell of a lot more angels who want her dead. She thought that her life was in jeopardy living in the citadel under Rieka's watchful eye, but nothing could have prepared her for being truly behind enemy lines in the Seraphan's stronghold. The path to escape means that Raven will not only have to put her trust in angels that she never expected to but also learn to play a dangerous game of chess with an angel who's known for his skills. Raven might be a master at pretending to be someone she's not, but even she has her limits. In the penultimate book, Raven knows that she needs to get herself away from the Seraphan, but the question is even if she manages to get free, where can she go when everyone she once called friend wants her dead. *Poetical Album; Or, Choice Selections of Poetry and Song*, 1893 *Songs that Never Die* Dudley Buck, 1892 *Lucius: In the Shadows of Angels* Kiss Carson, 2018-09-14 Caught within the horror that has become his life
