Schutte, 1971 *Shakespeare and Joyce* Vincent John Cheng, 1984 After God Shakespeare created most James Joyce wrote in Ulysses The importance of Shakespeare in Ulysses has been often discussed and documented that this royal bard is as central and omnipresent in Finnegans Wake has been roundly agreed upon by Joyce scholars yet no printed volume has exhaustively investigated the topic This study arrives therefore as a welcome and timely look into the assertion as one critic put it that Finnegans Wake is about Shakespeare Throughout his life Dr Cheng writes Joyce was in the habit of comparing himself to England's national poet In the Wake Shakespeare his life his plays and his characters forms a dense and extensive matrix of allusion Part I of this book provides a critical and interpretative view of how Shakespearean influences and allusions illuminate the themes and meanings of the Wake the chapters are arranged to follow general patterns of allusion and motif Part II comprises explications of a thousand Shakespearean allusions in Finnegans Wake recorded by page and line of the novel Finally Part III is a set of appendixes which list the Shakespearean allusions by play act scene and line for easy reference Joyce / Shakespeare Laura Pelaschiar, 2015-06-09 Shakespeare's presence in Joyce's work is tentacular extending throughout his career on many different levels cultural structural lexical and psychological yet a surprisingly long time has passed since the last monograph on this literary nexus was published Joyce Shakespeare brings together fresh work by internationally recognized Joyce scholars on these two icons reinvigorating our understanding of Joyce at play with the Bard One way these essays revitalize the discussion is by moving well beyond the traditional Joycean challenge of thinking Shakespearean by thinking Hamletian redefining the field to include works like Troilus and Cressida Othello and The Tempest This collection also transforms our understanding of how Hamlet works in and for Joyce In compelling essays that introduce new variables to the equation such as Trieste Goethe and Futurism Hamlet's role in Joyce gains fresh mobility The Danish prince's shadow we learn can still cast itself in unpredictable shapes making Joyce

Weir,2014-01-14

When it comes to James Joyce s landmark work Ulysses the influence of three literary giants Homer Shakespeare and Dante cannot be overlooked Examining Joyce in terms of Homeric narrative Dantesque structure and Shakespearean plot Weir rediscovers Joyce s novel through the lens of his renowned predecessors **Shakespeare and European Politics** Dirk Delabastita,Jozef de Vos,Paul Franssen,2008 This volume s main focus is on the ways in which over the past 400 years Shakespeare has played a role of significance within a European framework particularly where a series of political events and ideologically based developments were concerned such as the early modern wars of religion the emergence of the nation during the late eighteenth and nineteenth centuries the First and Second World Wars the process of European unification during the 1990s the attack on the World Trade Center in New York and Britain s participation in the war in Iraq The whole of the collection and particularly the opening section clearly invites a European and even a global perspective This book

convincingly demonstrates that Shakespeare both at the level of his meaning in his own time and at that of his reception in later ages should no longer be studied only in relation to particular nations but as Dirk Delabastita argues also at various supranational levels Book Jacket **Shakespeare and Ireland** Mark Thornton Burnett, Ramona Wray, 1997-12-13

Shakespeare and Ireland examines the complex relationship between the most celebrated icon of the British establishment and Irish literary and cultural traditions Addressing Shakespearean representations of Ireland as well as Irish writers responses to the dramatist it ranges widely across theatrical performances pedagogical practices editorial undertakings and political developments The writings of Joyce Heaney and Yeats are considered in addition to recent nationalist discourses In so doing the collection establishes the multiple Shakespeares and competing Irelands that inform the Irish imagination

The Artist as Thinker George Anastaplo, 1983 **Joyce's Revenge** Andrew Gibson, 2002-06-06 The Ireland of Ulysses was still a part of Britain This book is the first comprehensive historical study of Joyce's great novel in the context of Anglo Irish political and cultural relations in the period 1880-1920 The first forty years of Joyce's life also witnessed the emergence of what historians now call English cultural nationalism This formation was perceptible in a wide range of different discourses Ulysses engages with many of them In doing so it resists transforms and works to transcend the effects of British rule in Ireland The novel was written in the years leading up to Irish independence It is powered by both a will to freedom and a will to justice But the two do not always coincide and Joyce does not place his art in the service of any existing political cause His struggle for independence has its own distinctive mode The result is a unique work of liberation and revenge

From Shakespeare to Joyce Elmer Edgar Stoll, 1944 *Shakspeare, Personal Recollections* John A. Joyce, 2022-11-21 This interesting book is a biography of William Shakespeare and of the author's life as he reflects on the Bard's importance in his life and parallels their experiences in different stages in life The fascinating part that is included in this book is several handwritten notes of Shakespeare's that the author managed to collect **Joyce's Nietzschean Ethics** S. Slote, 2013-10-23

The first book length treatment of James Joyce's work through the lens of Friedrich Nietzsche's thought Slote argues that the range of styles Joyce deploys has an ethical dimension This intersection raises questions of epistemology aesthetics and the construction of the Modern and will appeal to literary and philosophy scholars **Shakespeare's Tragic Form** Robert

Lanier Reid, 2000 Since about 1960 when five act division in Shakespeare's plays was strongly disputed most critics have focused on individual scenes rather than holistic form This book argues for Shakespeare's use of five acts arranged in three cycles to form a 2-1-2 pattern It also examines the role of multiple plots and centers of consciousness especially in the festive comedies and romances Additionally it traces Shakespeare's gradual mastery of the art of epiphany compares it to Spenser's complementary focus on transcendent reality and traces in Macbeth the dark mode of Shakespeare's dramaturgical pattern

The Celtic Revival in Shakespeare's Wake A. Putz, 2013-05-14 This book reconsiders the Celtic Revival by examining appropriations of Shakespeare using close readings of works by Arnold Dowden Yeats and Joyce to reveal the pernicious

manner in which the discourse of Anglo Irish cultural politics informed the critical paradigms that mediated the reading of Shakespeare in Ireland for a generation Shakespeare's First Folio 1623-2023 Matthias Bauer, Angelika Zirker, 2024-09-05

This wide ranging collection reflects on the various motivations that caused the Folio to come into being in 1623 7 years after Shakespeare's death and on how the now iconic book has been continually reimagined after its initial publication to the present day In honour of its original publication Shakespeare's First Folio 1623 2023 Text and Afterlives brings together a remarkable set of ground breaking essays by an international group of scholars From the beginning the publication that came to be called the First Folio was defined by the tension between the book as text and the book as a material object In this volume the individual contributions move between these two meanings in that they consider precursors to the First Folio in the form of reader assembled volumes the poetic identity of Shakespeare and how misfortunes and successes in the early modern printing house shaped Shakespeare's text Chapters examine the unpredictable and often surprising subsequent histories of the book that has even been given a sacred status and become the basis of Shakespeare's unique position in the history of literature They consider the afterlife of the text in relation to the reception of Shakespeare's First Folio in Spain its presence in and influence on James Joyce's Ulysses the role that Meisei University of Japan's Shakespeare Collection has played in the education and research of the institution and what the collection of 82 copies at the Folger Shakespeare Library in Washington DC tells us about the ongoing role of these books within the study of Shakespeare and the early modern period
