Alice Ferrebee's lively study rereads the decade and its literature as crucial in twentieth-century British history for its emergent and increasingly complicated politics of difference as ideas about identity authority and belonging were tested and contested. By placing a diverse selection of texts alongside those of the established canon of Movement and Angry writing a literary culture of true diversity and depth is brought into view. The volume characterises the 1950s as a time of confrontation with a range of concerns still avidly debated today including immigration education the challenging behaviour of youth nuclear threat the post-industrial and post-imperial legacy a consumerist economy and a feminist movement hampered by the perceived comprehensive nature of its recent success. Contrary to Jimmy Porter's defeatist judgement on his era in John Osborne's 1956 play *Look Back in Anger* the volume upholds such concerns as good brave causes indeed *The Shakespeare Conspiracy - A Novel* Ted Bacino, 2010 Two questions have always plagued historians how could Christopher Marlowe a known spy and England's foremost playwright be suspiciously murdered and quickly buried in an unmarked grave just days before he was to be tried for treason. How could William Shakespeare replace Marlowe as England's greatest playwright virtually overnight when Shakespeare had never written anything before and was merely an unknown actor. The Shakespeare Conspiracy is a

historical novel that intertwines the two mysteries and then puts the pieces together to offer the only possible resolution
