## **Shakespeare The Man:**

Shakespeare the Man R. W. Desai, 2014-03-13 While over the past four hundred years numerous opinions have been voiced as to Shakespeare's identity these eleven essays widen the scope of the investigation by regarding Shakespeare his world and his works in their interaction with one another Instead of restricting the search for bits and pieces of evidence from his works that seem to match what he may have experienced these essays focus on the contemporary milieu political developments social and theater history and cultural and religious pressures as well as the domestic conditions within Shakespeare's family that shaped his personality and are featured in his works The authors of these essays employing the tenets of critical theory and practice as well as intuitive and informed insight endeavor to look behind the masks thus challenging the reader to adjudicate among the possible the probable the likely and the unlikely With the exception of the editor's own piece on Hamlet Shakespeare the Man New Decipherings presents previously unpublished essays inviting the reader to embark upon an intellectual adventure into the fascinating terrain of Shakespeare's mind and art Shakespeare the Man Alfred Leslie Rowse, 1976 **Shakespeare the Man** Alfred L. William Shakespeare Victor Hugo, 2021-06-08

William Shakespeare 1864 is an experimental biography by Victor Hugo Written while the poet was living in exile on the island of Guernsey William Shakespeare was doomed to fail at its conception Condemned by critics who expected Hugo to focus on the works of the Elizabethan playwright William Shakespeare is in reality a sweeping biography of literature itself a touching tribute to the spirit of creativity which defines humanity's life on earth and beyond There are men oceans in reality These waves this ebb and flow this terrible go and come this noise of every gust these lights and shadows these vegetations belonging to the gulf all this can exist in one spirit and then this spirit is called genius and you have Aeschylus you have Isaiah you have Juvenal you have Dante you have Michael Angelo you have Shakespeare and looking at these minds is the same thing as to look at the ocean For a writer of Hugo's stature whose poems plays novels and essays earned him a reputation on an international scale as one of the nineteenth century's premier artists there is always the chance that the myth will outlast the man and that the work will fall victim to idolization In William Shakespeare he leans into this tendency

to immortalize the artist while forgetting the art Begun as a simple introduction to his son's translation of Shakespeare's works into French the project ballooned into something much greater allowing Hugo to meditate on the nature of creativity and to situate the contribution of one writer within the history of humanity itself With a beautifully designed cover and professionally typeset manuscript this edition of Victor Hugo's William Shakespeare is a classic work of French literature reimagined for modern readers      *Shakespeare's Sources* Kenneth Muir, 2013-10-11 First published in 1957 This book finds and discovers what the sources to Shakespeare's Comedies and Tragedies really were considers the dramatic reasons for Shakespeare's departure from them and provides many examples of the way in which he made use of his general reading for particular scenes and speeches Kenneth Muir shows that Shakespeare frequently uses more than one source and sometimes as many as eight      *Shakespeare's Big Men* Richard van Oort, 2016-01-01 Shakespeare's Big Men examines five Shakespearean tragedies Julius Caesar Hamlet Othello Macbeth and Coriolanus through the lens of generative anthropology and the insights of its founder Eric Gans Generative anthropology's theory of the origins of human society explains the social function of tragedy to defer our resentment against the big men who dominate society by letting us first identify with the tragic protagonist and his resentment then allowing us to repudiate the protagonist's resentful rage and achieve theatrical catharsis Drawing on this hypothesis Richard van Oort offers inspired readings of Shakespeare's plays and their representations of desire resentment guilt and evil His analysis revives the universal spirit in Shakespearean criticism illustrating how the plays can serve as a way to understand the ethical dilemma of resentment and discover within ourselves the nature of the human experience      **A New Variorum Edition of Shakespeare: As you like it. 1890** William Shakespeare, 1890 V 23 The second part of Henry the Fourth 1940 v 24 25 The sonnets 1924 v 26 Troilus and Cressida 1953 v 27 The life and death of King Richard the Second 1955
