Scenes with My Son Robert Hubbard, 2023-10-31 A father's stirring and tender tribute to the son he lost to suicide After years of battling clinical depression exacerbated by autism Auggie Hubbard died by suicide at the age of 19 In this poignant tribute to his son Robert Hubbard a theatre scholar and actor stages Auggie's life in a series of vivid and tender scenes Auggie s insatiable hunger for Accelerated Reader points His tireless lightsaber practice in the local park His sonorous tuba practice in the ward of his inpatient program Through these anecdotes of Auggie's life and the days following his death readers journey with a family shaken by mental illness and share in their hard won joys in defiance of depression Refusing easy answers and clich's about God's plan Hubbard unflinchingly asks Does faith matter amid such tragedy What do you do when awareness isn t enough When you ve tried so hard to keep your child safe but your efforts fail His honesty and vulnerability and his tender portrait of Auggie are gifts to all who live with their own questions in the wake of a loved one s death Foreword Reviews INDIES Book of the Year Award in Grief Grieving Finalist 2023 Three Plays of Maureen Hunter Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New Modern American Queer History Allida Mae Black, 2001 In the twentieth century countless Americans claimed gay lesbian bisexual and transgender identities forming a movement to secure social as well as political equality This collection of essays considers the history as well as the historiography of the gueer identities and struggles that developed in the United States in the midst of widespread upheaval and change Whether the subject is an individual life story a community study or an aspect of public policy these essays illuminate the ways in which individuals in various locales understood the nature of their desires and the possibilities of resisting dominant views of normality and deviance Theoretically informed but accessible the essays shed light too on the difficulties of writing history when documentary evidence is sparse or coded Taken together these essays suggest that while some individuals and social networks might never emerge from the shadows the persistent exploration of the past for their Life History Research ,2009-01-01 Much has been traces is an integral part of the on going struggle for queer rights written about lifehistory research in recent times It has been paraded as a counterculture to the traditional research canon and celebrated as a genre that promotes methodological pluralism However lifehistory researchers have an obligation to transcend spurious claims about the perceived merits of the methodology and extend the debates around how the genre simultaneously problematises and responds to the competing challenges of Epistemology Methodology and Representation In conceiving of each of the chapters from an epistemological perspective the authors focus on how their individual work has crossed or expanded traditional borders of epistemology and ontology of how the work has satisfied the rigours of thesis production and contributed to changing conceptions of knowledge what knowledge gets produced and how knowledge is produced when we make particular methodological choices Since any methodological orientation is invariably selective and the researcher is always involved and implicated in the production of data the authors focus on what selections they have

made in their projects what governed these choices what benefits deficits those choices yielded and what the implications of their research are for those meta narratives that have established the regimes of truth legitimacy and veracity in research Knowledge production is inextricably linked to representation In the process of articulating their findings each author made particular representational choices sometimes transgressing conventional approaches The book explores why these choices were made and how the choices influenced the kinds of knowledge generated The book provides theoretical justifications for these transgressions and reflect on how the experience of representation helped disrupt the authors essentialist notions of research production and for whom it is produced This book is not another celebration of lifehistory as a counterculture The book hopes to be a deeply critical contribution to disrupt notions around epistemological authority voice and power and how these are mediated by the delicate relations of the researcher and researched The problematises and complicates the assumptions that frame this genre with a view to highlighting the potential hazards of the method while demonstrating its potentiality in shaping our conceptions of Ethics Methodology and Representation
