Bezio,2016-03-09 Staging Power in Tudor and Stuart English History Plays examines the changing ideological conceptions of sovereignty and their on stage representations in the public theaters during the Elizabethan and early Stuart periods 1580 1642 The study examines the way in which the early modern stage presented a critical dialogue concerning the nature of sovereignty through the lens of specifically English history focusing in particular on the presentation and representation of monarchy It presents the subgenre of the English history play as a specific reaction to the surrounding political context capable of engaging with and influencing popular and elite conceptions of monarchy and government This project is the first of its kind to specifically situate the early modern debate on sovereignty within a popular culture dramatic context its purpose is not only to provide an historical timeline of English political theory pertaining to monarchy but to situate the drama as a significant influence on the production and dissemination thereof during the Tudor and Stuart periods Some of the plays considered here notably those by Shakespeare and Marlowe have been extensively and thoroughly studied But others such as Edmund Ironside Sir Thomas Wyatt and King John and Matilda have not previously been the focus of much critical attention **Shakespeare and the Power of the Face** James A. Knapp,2016-03-03 Throughout his plays Shakespeare placed an extraordinary emphasis on the power of the face to reveal or conceal moral character and emotion repeatedly inviting the audience to attend carefully to facial features and expressions The essays collected here disclose that an attention to the power of the

face in Shakespeare's England helps explain moments when Shakespeare's language of the self becomes intertwined with his language of the face. As the range of these essays demonstrates, an attention to Shakespeare's treatment of faces has implications for our understanding of the historical and cultural context in which he wrote as well as the significance of the face for the ongoing interpretation and production of the plays. Engaging with a variety of critical strands that have emerged from the so-called turn to the body, the contributors to this volume argue that Shakespeare's invitation to look to the face for clues to inner character is not an invitation to seek a static text beneath an external image but rather to experience the power of the face to initiate reflection, judgment, and action. The evidence of the plays suggests that Shakespeare understood that this experience was extremely complex and mysterious. By turning attention to the face, the collection offers important new analyses of a key feature of Shakespeare's dramatic attention to the part of the body that garnered the most commentary in early modern England. By bringing together critics interested in material culture studies with those focused on philosophies of self and other and historians and theorists of performance, *Shakespeare and the Power of the Face* constitutes a significant contribution to our growing understanding of attitudes towards embodiment in Shakespeare's England. The Literary Mother Susan C. Staub, 2007-06-13 The essays in this book examine the ideology of motherhood in British and American literature from the 16th to the 21st centuries. This book looks at the institution of motherhood that is at various cultural interpretations and manipulations of maternity. Presenting mothers whose roles are often empowering yet confining, these essays scrutinize three distinct aspects of motherhood: its social and cultural construction, the significance of maternal absence, and finally its representation as an agent of social change. Literary works examined include William Shakespeare's *Venus and Adonis*, Daniel Defoe's *Roxana*, John Steinbeck's *The Grapes of Wrath*, Faulkner's *The Sound and the Fury*, Charles Dickens' *Dombey and Son*, Harriet Jacobs' *Incidents in the Life of a Slave Girl*, Dorothy Leigh's *The Mother's Blessing*, and W. S. Penn's *Killing Time with Strangers*, among others. **T↵L↵S, the Times Literary Supplement**, 1974
