Shakespeare's Military Spouses and Twenty-First-Century Warfare Kelsey Ridge, 2021-09-05 This volume presents a fresh look at the military spouses in Shakespeare's Othello 1 Henry IV Julius Caesar Troilus and Cressida Macbeth and Coriolanus vital to understanding the plays themselves By analysing the characters as military spouses we can better understand current dynamics in modern American civilian and military culture as modern American military spouses live through the War on Terror Shakespeare's Military Spouses and Twenty First Century Warfare explains what these plays have to say about the role of military families and cultural constructions of masculinity both in the texts themselves and in modern America Concerns relevant to today's military families domestic violence PTSD infertility the treatment of queer servicemembers war crimes and the growing civil military divide pervade Shakespeare's works These parallels to the contemporary lived experience are brought out through reference to memoirs written by modern day military spouses sociological studies of the American armed forces and reports issued by the Department of Defence Shakespeare's military spouses create a discourse that recognizes the role of the military in national defence but criticizes risky or damaging behaviours and norms promoting the idea of a martial identity that permits military defence without the dangers of toxic masculinity Meeting at the intersection of Shakespeare Studies trauma studies and military studies this focus on military spouses is a unique and unprecedented resource for academics in these fields as well as for groups interested in

Shakespeare and theatre as a way of thinking through and responding to psychiatric issues and traumatic experiences **In Our Own Image: Fictional Representations of William Shakespeare** David Livingstone, 2020 This publication looks at fictional portrayals of William Shakespeare with a focus on novels short stories plays occasional poems films television series and even comics In terms of time span the analysis covers the entire twentieth century and ends in the present day The authors included range from well known figures G B Shaw Kipling Joyce to more obscure writers The depictions of Shakespeare are varied to say the least with even interpretations giving credence to the Oxfordian theory and feminist readings involving a Shakespearian sister of sorts The main argument is that readings of Shakespeare almost always inform us more about the particular author writing the specific work than about the historical personage *Shakespeare's Dramatic Persons* Travis Curtright, 2016-12-05 In *Shakespeare's Dramatic Persons* Travis Curtright examines the influence of the classical rhetorical tradition on early modern theories of acting in a careful study of and selection from Shakespeare's most famous characters and successful plays Curtright demonstrates that personation the early modern term for playing a role is a rhetorical acting style that could provide audiences with lifelike characters and action including the theatrical illusion that dramatic persons possess interiority or inwardness *Shakespeare's Dramatic Persons* focuses on major characters such as Richard III Katherina Benedick and Iago and ranges from Shakespeare's early to late work exploring particular rhetorical forms and how they function in five different plays At the end of this study Curtright envisions how Richard Burbage Shakespeare's best actor might have employed the theatrical convention of directly addressing audience members Though personation clearly differs from the realism aspired to in modern approaches to the stage Curtright reveals how Shakespeare's sophisticated use and development of persuasion's arts would have provided early modern actors with their own means and sense of performing lifelike dramatic persons *Contradictory Woolf* Derek Ryan, Stella Bolaki, 2012-06-01 Edited collection from acclaimed contemporary Woolf scholars exploring the theme of contradiction in Virginia Woolf's writing *Drag* Jacob Bloomfield, 2024-10-08 A must read for anyone interested in the history of drag performance Publishers Weekly A rich and provocative history of drag's importance in modern British culture *Drag A British History* is a groundbreaking study of the sustained popularity and changing forms of male drag performance in modern Britain With this book Jacob Bloomfield provides fresh perspectives on drag and recovers previously neglected episodes in the history of the art form Despite its transgressive associations drag has persisted as an intrinsic and common part of British popular culture drag artists have consistently asserted themselves as some of the most renowned and significant entertainers of their day As Bloomfield demonstrates drag was also at the center of public discussions around gender and sexuality in the nineteenth and twentieth centuries from Victorian sex scandals to the permissive society of the 1960s This compelling new history demythologizes drag stressing its ordinariness while affirming its important place in British cultural heritage

Shakespeare Survey Allardyce Nicoll, 2006 An annual survey of Shakespearian study and production **Shakespeare**

Survey: A Sixty-Year Cumulative Index Peter Holland, 2009-05-14 A single volume cumulative index covering the past six decades of Shakespeare Survey
