Shakespeare World Views:

Shakespeare--world Views Heather Kerr, Robin Eaden, Madge Mitton, 1996 Shakespeare World Views comprises fifteen papers concerned with the politics of reading and performance in Australasia Asia and Europe The attention to the history and politics of Shakespeare in performance is matched by an interest in the uses and inscriptions of Shakespeare from postcolonial and new European locations Two very different essays plot Shakespeare's investments in equally different cartographies the unsettled and unsettling geographies of the Comedies and the patriarchal territories of Lucrece's Tragedy Taken together these essays from widely differing geographic political and critical locations attest to the multiplicity of Shakespeares available today This very multiplicity suggests that Shakespeare is being produced as both local and global paradoxically fragmented and monolithic a fertile site both for affinity and contest The effect is a challenge to any easy claim for Shakespeare's unproblematic status as a stable indicator of cultural value In Singh's words this collection manifests the anomalies and contradictions as well as the rich variety of Shakespeares around the world BOOK JACKET Title Summary

Shakespeare's History Plays Neema Parvini, 2017-11-01 Shakespeare's History Plays boldly moves criticism of Shakespeare's history plays beyond anti humanist theoretical approaches This important intervention in the critical and theoretical discourse of Shakespeare studies summarises evaluates and ultimately calls time on the mode of criticism that has prevailed in Shakespeare studies over the past thirty years It heralds a new more dynamic way of reading Shakespeare as a supremely intelligent and creative political thinker whose history plays address and illuminate the very questions with which cultural historicists have been so preoccupied since the 1980s In providing bold and original readings of the first and second tetralogies Henry VI Richard III Richard II and Henry IV Parts 1 2 the book reignites

old debates and re energises recent bids to humanise Shakespeare and to restore agency to the individual in the critical readings of his plays *Shakespeare and the Geography of Difference* John Gillies,1994-05-12 In this engaging book John Gillies explores Shakespeare s geographic imagination and discovers an intimate relationship between Renaissance geography and theatre arising from their shared dependence on the opposing impulses of taboo laden closure and hubristic expansiveness Dr Gillies shows that Shakespeare s images of the exotic the barbarous outlandish or strange are grounded in concrete historical fact to be marginalised was not just a matter of social status but of belonging quite literally to the margins of contemporary maps Through an examination of the icons and emblems of contemporary cartography Dr Gillies challenges the map makers overt intentions and the attitudes and assumptions that remained below the level of consciousness His study of map and metaphor raises profound questions about the nature of a map and of the connections between the semiology of a map and that of the theatre **The Shakespearean International Yearbook** Tom Bishop,Alexa Huang,2016-10-26

Shakespearean performances regularly take place at both historic sites and locations with complex resonances such as Shakespeare s Globe Theatre in London and the royal castle of Hamlet Elsinore in Denmark The present issue of the Shakespeare International Yearbook examines the impact of specificities such as festivals and performance sites on our understanding of Shakespeare and globalization Contributions survey the present state of Shakespeare studies and address issues that are fundamental to our interpretive encounter with Shakespeare s work and his time across the whole spectrum of his literary output **Creating Worldviews** James W Underhill,2013-01-11 Reflecting upon language and the role metaphor plays in patterning ideas and thought Underhill analyses the discourse of several languages in recent history

The Cambridge Companion to Shakespeare on Film Russell Jackson,2000-10-26 Film adaptations of Shakespeare s plays are increasingly popular and now figure prominently in the study of his work and its reception This lively Companion is a collection of critical and historical essays on the films adapted from and inspired by Shakespeare s plays An international team of leading scholars discuss Shakespearean films from a variety of perspectives as works of art in their own right as products of the international movie industry in terms of cinematic and theatrical genres and as the work of particular directors from Laurence Olivier and Orson Welles to Franco Zeffirelli and Kenneth Branagh They also consider specific issues such as the portrayal of Shakespeare s women and the supernatural The emphasis is on feature films for cinema rather than television with strong coverage of Hamlet Richard III Macbeth King Lear and Romeo and Juliet A guide to further reading and a useful filmography are also provided **Differing Worldviews in Higher Education** D. Four Arrows,Walter
