Finding God in The Lord of the Rings Kurt Bruner, Jim Ware, 2006-06-01 Considered the most popular books of the 20th century The Lord of the Rings trilogy is more than a great story It s a much needed reminder that Christians are all on an epic quest In examining the Christian themes in the trilogy authors Kurt Bruner and Jim Ware find that truth and fiction are not as far apart as they seem When read in the light of Scripture Tolkien s trilogy reveals a rich tapestry of redemption values and faith against all odds Insightful reflection notes end each chapter A great book for personal study devotional time or group discussion

Reading in the Dark Jessica R. McCort, 2016-04-28 Contributions by Rebecca A Brown Justine Gieni Holly Harper Emily L Hiltz A Robin Hoffman Kirsten Kowalewski Peter C Kunze Jorie Lagerwey Nick Levey Jessica R McCort and Janani Subramanian Dark novels shows and films targeted toward children and young adults are proliferating wildly It is even more crucial now to understand the methods by which such texts have traditionally operated and how those methods have been challenged abandoned and appropriated Reading in the Dark fills a gap in criticism devoted to children s popular culture by concentrating on horror an often neglected genre These scholars explore the intersection between horror popular culture and children s cultural productions including picture books fairy tales young adult literature television and monster movies Reading in the Dark looks at horror texts for children with deserved respect weighing the multitude of benefits they can provide for young readers and viewers Refusing to write off the horror genre as campy trite or deforming these essays instead recognize many of the texts and films categorized as scary as among those most widely consumed by children and young adults In addition scholars consider how adult horror has been domesticated by children s literature and culture with authors and screenwriters turning that which was once horrifying into safe funny and delightful books and films Scholars likewise examine the impetus behind such re envisioning of the adult horror novel or film as something appropriate for the young The collection investigates both the constructive and the troublesome aspects of scary books movies and television shows targeted toward children and young adults It considers the complex mechanisms by which these texts communicate overt messages and hidden agendas and it treats as well the readers experiences of such mechanisms

Beasts of the Sky Jon Hackett, Seán Harrington, Damian O'Byrne, 2025-01-07 Often the sky is conceptualised as a place of infinite possibilities past the limits of our scientific explorations and into the realms of our fiction and speculation it is the site for our thoughts on the future of the extra terrestrial and beyond Our representations in the media of space sky and the infinite invariably mediate social and cultural anxieties that are current looming and indeed threatening These concerns range from the environment and fears of ecosystem collapse the nuclear arms and space race modernity utopia and dystopia Beasts of the Sky Strange Sightings from the Stratosphere is the third and final collection in the Beasts series This collection offers its readers an in depth and interdisciplinary engagement with the skies above and their monstrous inhabitants through critical readings of science fiction and popular culture through the media of film television popular music digital games and

animation Within this collection there are a multitude of convergent critical perspectives used to engage and explore fictional and real monstrosities of the sky and space in media As with previous collections Skies features chapters from a variety of academic perspectives genre and narrative textual analysis spectatorship and reception Tolkien studies performance studies digital media and indeed fiction are featured Under examination are a wide range of narratives and media forms that represent reimagine and create subjects as varied as the threat of nuclear weapons sightings of UFOs space exploration and flying creatures Myth, Allegory, and Gospel John Warwick Montgomery, 2018-01-27 If you are a fan of the fantasy books by Tolkien C S Lewis Charles Williams or Chesterton then this is a book worth reading It is a collection of essays by various authorities in literature myth and theology A couple of the contributors were acquainted with either Tolkien or Lewis The central thesis running through this collection of essays is that mythic symbols found in folk tales and religious rituals all express a common fundamental human yearning for healing and a return to a lost paradise The essayists draw on insights from religious phenomenology Jungian analysis Christian theology and literary interpretation to tease out the potent mythic symbols found in the writings of Tolkien Lewis Chesterton and Williams Lewis Williams and Tolkien were associated with one another as drinking partners in an informal literary club known as The Inklings The essayists test their thesis about the power of myth to reveal our search for meaning through the novels of the Inklings The essayists take us a step further to consider the Christian world view that informed and shaped the writings of Tolkien Lewis Williams and Chesterton Although a couple of the essays are slightly dated anyone interested in fantasy literature would find the thesis very absorbing It should be useful not merely to students of English literature but also to the general reader who might like to know more about the backdrop to The Lord of the Rings Narnia etc Certainly a book to add to your list for reading if you enjoyed the novels

Dagburz. Dark land José Gabriel Alfaro, 2024-07-17 I am an old sorcerer who has lived too long and was seduced by darkness for a long time I discovered the light in the words Some time ago I found a text that made me reflect and has inspired this manuscript It started like this My name is Leirbag I have fought alongside great wizards warriors and elves but no one tells a story about me I suppose it s because my race is considered savages murderers deformed and a long list of unpleasant adjectives But I am also part of the great stories that became legendary If you haven t already guessed who I am I ll tell you that I m a despicable orc with a desire for revenge Dagburz dark land is an epic fantasy novel that tells the battles from the perspective of the most dastardly being of all Using a direct narrative with a unique style the author aims to give the story a different approach to the adventure classics but respecting its essence **The Triumph of Babylon 5** Baz Greenland, 2024-01-12 Babylon 5 revolutionized genre television First aired in 1993 the space opera series is highly respected for everything it was trying to achieve on television at a time when Star Trek was king Its use of story arcs and long form storytelling in science fiction can be felt in everything from Battlestar Galactica to Lost and The Expanse Much of its legacy has been about its struggle to survive From the rivalry with Star Trek Deep Space Nine to the collapse of the Prime

Myth and Magic in Heavy Metal Music Robert McParland,2018-06-12 Myth pervades heavy metal With visual elements drawn from medieval and horror cinema the genre s themes of chaos dissidence and alienation transmit an image of Promethean rebellion against the conventional In dialogue with the modern world heavy metal draws imaginatively on myth and folklore to construct an aesthetic and worldview embraced by a vast global audience The author explores the music of Black Sabbath Iron Maiden Judas Priest Metallica and many others from a mythological and literary perspective Quest for Middle-Earth Dirk Vander Ploeg,2007 In the Quest for Middle earth he suggests that The Lord of the Rings may be more than an imaginary tale set thousands of years in the past in a place called Middle earth What if J R R Tolkien weaved his fictional characters into a tapestry created from the secret knowledge of earth s ancient history Is there historical and archaeological evidence that supports this position and was any of this knowledge known to Tolkien Recent discoveries in Iraq ancient Sumer Babylon Greece and Finland confirm the possibility that intelligent creatures once lived and worked alongside man There are clues that point to the fact that as a race we were the labor force required to serve superior beings Gods to create their vision of heaven on earth Discover the truth about the Sang Real Royal Blood Rennes la Chateau and the Templar Knights Role of a Lifetime Lucinda Secrest McDowell,2008 The idea of embracing one s own unique role in the greater story of God s kingdom is passionately played to the fullest in Role of a Lifetime How to Misunderstand Tolkien Bruno Bacelli,2022-09-16 J R R Tolkien is an author beloved by many but people forget the hostile reception of his work from several literary critics who despised and some who continue to despise him and his readers Other intellectuals and critics have a more positive opinion of his work but some read aspects of his books or his beliefs to fit their own agendas Over the decades scholars have claimed that Tolkien represents a myriad of sometimes contradictory political positions Whether these scholars act out of disdain for Tolkien or from a simple misread of his works the outcome is a muddled distortion of who Tolkien really was This book peels back the discourse in an attempt to reveal the true nature of an author who so often defies categorization Using all possible nuance chapters explore the villains of Lord of the Rings its female heroines and its moral compass as well as its definitions of heroism and failure This book hopes to provide a uniquely accurate and objective assessment of one of the most misunderstood writers of our time
