Sharon Klayman Farber

Lord Will Gather Me In My Journey To Jewish Orthodoxy:

The Lord Will Gather Me in David Klinghoffer, 2002-04-29 As growing numbers of young Jews rediscover their ancient faith David Klinghoffer's poignant memoir of his own spiritual evolution makes the most appealing case for Orthodox Judaism since Herman Wouk's *This Is My God*

Jews and Judaism in The New York Times Christopher Vecsey, 2013-07-18 In a recent book *Following 9 11 Religion Coverage in the New York Times* Christopher Vecsey examines journalistic definitions of religion before and especially after the terrible events of September 11 2001 Here he explores Times portrayals of the cumulative religious tradition called Judaism embodied by peoples who have called themselves Jews from antiquity to modernity throughout the world and especially in the United States where a plurality of Jews live today and where the Times is published To understand Judaism today is to fathom its diverse texts beliefs rituals ethics and institutions the contemporary concerns of Jews and the relationships not only among Jews but also between Jews and gentiles and the continuing impact of anti-Semitism upon Jewish life Since the 1940s Jews and Judaism have been profoundly affected by the horrific course of the Holocaust and by the formation of Israel as a Jewish nation state These have been the major themes in the Times treatment of Judaism chronicled in thousands of articles Like an insider to Jewish tradition the paper recounts favorite holy day recipes and tales of survival and travail in a multi-national and assimilative world In so doing however the paper probes not only concurrence within Judaism but more tellingly a complex multi-cultural at odds with itself Jewishness Rather than thinking of the Times as a mouthpiece for Jewish interests it is far more accurate to say that the Times has analyzed like an outsider the paradoxes the tensions and the culture wars in contemporary Jewish existence in order to define pluralistic Judaism as a political-cultural-religious entity The Times treats Judaism humanistically showing that it is the Jewish people who are most important to Judaism not merely the texts the theology or the institutions The paper works from perspectival Talmudic principles reporting multiple viewpoints in the circle of Jewish faith observance contestation and disbelief constantly questioning all sources as an observant instrument of inquiry into Jewish existence to expose Judaism's points of conflict as well as its areas of consensus

The Neoconservative Revolution Murray Friedman, 2005-05-16 This book which will come as a surprise to many educated observers and historians suggests that Jews and Jewish intellectuals have played a considerable role in the development and shaping of modern American conservatism The focus is on the rise of a group of Jewish intellectuals and activists known as neoconservatives who began to impact on American public policy during the Cold War with the Soviet Union and most recently in the lead up to and invasion of Iraq It presents a portrait of the life and work of the original and small group of neocons including Irving Kristol Norman Podhoretz and Sidney Hook This group has grown into a new generation who operate as columnists in conservative think tanks like The Heritage and The American Enterprise Institute at colleges and universities and in government in the second Bush Administration including such lightning rod figures as Paul Wolfowitz Richard Perle and Elliot Abrams The book suggests the neo-cons have been so

significant in reshaping modern American conservatism and public policy that they constitute a Neoconservative Revolution

Religious Leaders and Faith-based Politics Jo Renee Formicola, Hubert Morken, 2001 Religious Leaders and Faith Based Politics Ten Profiles offers a powerful and timely analysis of the dynamic relationship between religious leaders of all faiths and political activism in the United States By examining the lives and works of such prominent leaders as Reverend Floyd Flake Bishop T D Jakes Reverend Al Sharpton Elder Dallin H Oaks Rabbi Daniel Lapin Reverend Benjamin Chavis Muhammed and Sister Maureen Fiedler this volume reveals an American tradition of religious influence on public policy that continues to be an important hallmark of our democracy From the colonial era to the present religious leaders have raised Americans' moral and political awareness of countless issues including revolution slavery temperance civil rights and most recently the culture wars This book is the first to explore the renewed and intense commitment of evangelicals Catholics Muslims and Jews to preach teach and participate in politics today Among the questions answered in this book are religious leaders today as active and vocal as the radicals of the turbulent 1960s Are these activists still involved in civil rights or have other contentious topics such as abortion and traditional family values preempted such issues In the wake of the 2000 election and at the start of a new administration committed to elevating the role of religion in politics Jo Renee Formicola Hubert Morken and this prominent collection of contributors ask might we expect greater American religious involvement in the years ahead This is essential reading for anyone interested in religious and political activism or the evolving relationship between church and state in America

Hungry for Ecstasy Sharon Klayman Farber, 2012-11-16 Hungry for Ecstasy Trauma The Brain and the Influence of the Sixties by Sharon Klayman Farber explores the hunger for ecstatic experience that can lead people down the road to self destruction In an attempt to help mental health professionals and concerned individuals understand and identify the phenomenon and ultimately intervene with patients friends and loved ones Farber speaks both personally and professionally to the reader She discusses the different paths taken on the road to ecstatic states There are religious ecstasies ecstasies of pain and near death experiences cult induced ecstasies creative ecstasies and ecstasies from hell Hungry for Ecstasy explores not only the neuroscientific processes involved but also the influence of the sixties in driving people to seek these states Finally Farber draws from her own personal and professional experience to advise others how to intervene on behalf of the person whose behavior puts his or her life at risk

How Would God Vote? David Klinghoffer, 2008-06-03 From How Would God Vote The Bible commands a style of politics that in the American context could only be described as deeply conservative Is then the politics of God theocratic A strong case could be made for theocracy American style if the word were defined not in the conventional way but according to its root meaning Democracy signifies the rule of the demos the people Strictly speaking theocracy means the rule not of churches or priests but of theos God It won't do to deny that many conservatives even while unambiguously affirming the traditional American separation of church and state would add more theos to the democratic mix than is currently the case I choose not to call myself a theocrat

because I know how eager liberal secularists would be to twist the word against me Dishonestly they would make it appear that I wish to impose a literal biblical theocracy that I would dumbly imitate word for word the political structure of king priesthood and religious high court that existed in biblical antiquity Yet in a subtler sense are we not all theocrats now This startlingly original investigation into the controversies dividing America provides a clear and convincing affirmation of the relevance of the Bible to contemporary politics With liberals and conservatives alike claiming the authority of the Bible as support for their views on social and moral issues the need to understand what the Bible actually says has never been more pressing In *How Would God Vote* journalist and scholar David Klinghoffer illuminates the worldview set forth in the Scriptures and argues that with some exceptions the God of the Bible would overwhelmingly support traditionally conservative principles and policies Klinghoffer considers the ethical and moral heart of contemporary political debates questions like immigration gay marriage abortion care for the poor war and peace censorship privacy the place of religion in schools and the community and much more There is a pattern here It s for a very good reason that conservatives line up as they do predictably on a range of issue as do liberals The two competing political philosophies derive from radically different ways of looking at the world one in consonance with the Bible the other very much not Klinghoffer however is no stereotypical Republican Controversially he argues that the Bible would have us emphasize domestic policy the classic pre 9 11 culture war issues over a hyped up World War IV against Islamofascism The Bible has a foreign policy he shows and it is not neoconservative He demonstrates support in the Scriptures for a welcoming attitude toward immigrants for gun control and for affirmative action The Bible Klinghoffer shows is no mere list of dos and don ts but a fully coherent and practically relevant portrait of moral reality compelling and deep enough to guide not only our private but our public lives Even if we as individuals fail its private tests that s no reason to reject its public lessons To anyone who takes God seriously every election poses a radical question Will we vote with Him or against Him The Bible is an unapologetically political book Klinghoffer explains and an extremely conservative one Some political views offend God and those views are mostly liberal In short the Bible commands you to be a conservative Stimulating and provocative *How Would God Vote* is an important contribution to pre election debates and to setting the path the nation will follow in the future under a new president

Church and Academy in Harmony Tony Blair, 2010-08-01 Why do church leaders and the leaders of their institutions of higher learning seem to speak different languages Why are relationships between church and academy so filled with tension and misunderstanding This insightful and provocative volume written by one with leadership experience in both camps explains those dynamics Tony Blair parses the cultural and theological trends that have created this gap in recent decades and notes how those same patterns yet offer hope for the future Blair delineates five models of more collaborative relationships between church and academy three of which are drawn from the creative positioning of existing institutions that serve as case studies and two of which describe the academy of the future For church and university leaders alike as well as all those

who care about the relationship of these two essential institutions in the fulfillment of God's kingdom Church and Academy in Harmony offers a readable and intelligent analysis **Creationism USA** Adam Laats,2020-09-24 Creationism USA reveals how common misconceptions about creationism have led Americans into a century of unnecessary culture war histrionics about evolution education and creationism Adam Laats argues that Americans do not have deep fundamental disagreements about evolution but that they do have significant disagreements about creationism Creationism USA both explains the current state of America's battles over creationism and offers a nuanced yet straight forward prescription to solve them

Women of Valor Karen E. H. Skinazi,2018-09-07 Honorable Mention for the Robert K Martin Prize 2019 Media portrayals of Orthodox Jewish women frequently depict powerless silent individuals who are at best naive to live an Orthodox lifestyle and who are at worst coerced into it Karen E H Skinazi delves beyond this stereotype in Women of Valor to identify a powerful tradition of feminist literary portrayals of Orthodox women often created by Orthodox women themselves She examines Orthodox women as they appear in memoirs comics novels and movies and speaks with the authors filmmakers and musicians who create these representations Throughout the work Skinazi threads lines from the poem Eshes Chayil the Biblical description of an Orthodox Woman of Valor This proverb unites Orthodoxy and feminism in a complex relationship where Orthodox women continuously question challenge and negotiate Orthodox and feminist values Ultimately these women create paths that unite their work passions and families under the framework of an Eshes Chayil a woman who situates religious conviction within her own power **Index to Jewish Periodicals** ,2000 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests

Lord Will Gather Me In My Journey To Jewish Orthodoxy: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Lord Will Gather Me In My Journey To Jewish Orthodoxy : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Lord Will Gather Me In My Journey To Jewish Orthodoxy : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
