other practical virtue among his Officers or men and emphatic private judgments on a great variety of subjects Altogether it is a unique document and amid the crowding details there emerges Amherst himself perhaps over cautious and deliberate certainly nothing of the dashing commander but at any rate a competent general who knew what he was about and how to go about it who was everywhere and always himself certain Of his plans and confident in his Opinions About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.comThis book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Surface Water Supply of Hawaii* Glenn Lane Parker,1945 **The Journal of Jeffery Amherst,**
