Los Muertos No Hablan:

, *Murder is My Business* Brett Halliday, 2011-04-20 MURDER AT THE RIO GRANDE Ten years ago private eye Mike Shayne did a job for one of the richest men in El Paso digging up dirt on a boy courting the tycoon's daughter Now the daughter's back all grown up and dangerous And so's Shayne but this time it's to investigate murder **A History of Political Murder in Latin America** W. John Green, 2015-04-27 This expansive history depicts Latin America's pan regional culture of political murder Unlike typical studies of the region which often focus on the issues or trends of individual countries this work focuses thematically on the nature of political murder itself comparing and contrasting its uses and practices throughout the region W John Green examines the entire system of political murder the methods and justifications the perpetrators employ the victims and the consequences for Latin American societies Green demonstrates that elite and state actors have been responsible for most political murders assassinating the leaders of popular movements and other messengers of change Latin American elites have also often targeted the potential audience for these messages through the region's various dirty wars In spite of regional differences elites across the region have displayed considerable uniformity in justifying their use of murder imagining themselves in a class war with democratic forces While the United States has often been complicit in such violence Green notes that this has not been universally true with US support waxing and waning A detailed appendix exploring political murder country by country provides an additional resource for readers **If I Die in Juárez** Stella Pope Duarte, 2008 Duarte's latest novel is based on a string of real life murders in Ciudad Juárez in the 1990s Forced out of the house by her alcoholic mother 13 year old Evita takes to the streets glimpsing newspaper columns about the murders while struggling to survive Petra Evita's comely 19 year old cousin exchanges the country life for gritty Juárez to raise money for her ailing father An acquaintance of Petra Mayela a 12 year old Tarahumara Indian lives in an orphanage where her artistic talent is discovered *Coronado's Children* J. Frank Dobie, 2010-06-28 This is the best work ever written on hidden treasure and one of the most fascinating books on any subject to come out of Texas Basic Texas Books Written in 1930 Coronado's Children was one of J Frank Dobie's first books and the one that helped gain him national prominence as a folklorist In it he recounts the tales and legends of those hardy souls who searched for buried treasure in the Southwest following in the footsteps of that earlier gold seeker the Spaniard Coronado These people Dobie writes in his introduction no matter what language they speak are truly Coronado's inheritors I have called them Coronado's children They follow Spanish trails buffalo trails cow trails they dig where there are no trails but oftener than they dig or prospect they just sit and tell stories of lost mines of buried bullion by the jack load This is the tale spinning Dobie at his best dealing with subjects as irresistible as ghost stories and haunted houses As entrancing a volume as one is likely to pick up in a month of Sundays The New York Times Dobie has discovered for us a native Arabian Night Chicago Evening Post *Science and Catholicism in Argentina (1750-1960)* Miguel de Asúa, 2022-05-09 Science and Catholicism in Argentina 1750 1960 is the first

comprehensive study on the relationship between science and religion in a Spanish speaking country with a Catholic majority and a Latin pattern of secularisation The text takes the reader from Jesuit missionary science in colonial times through the conflict ridden 19th century to the Catholic revival of the 1930s in Argentina The diverse interactions between science and religion revealed in this analysis can be organised in terms of their dynamic of secularisation The indissoluble identification of science and the secular which operated at rhetorical and institutional levels among the liberal elite and the socialists in the 19th century lost part of its force with the emergence of Catholic scientists in the course of the 20th century In agreement with current views that deny science the role as the driving force of secularisation this historical study concludes that it was the process of secularisation that shaped the interplay between religion and science not the other way around **Cuentos**

denounce crimes against human ethnic cultural and economic rights **Layered Inequalities** Jairo Baquero Melo, 2014 In Colombia since the 1990s thousands of Afro descendants have benefited from collective land rights However many peasants have been violently displaced in order to introduce industrial crops while several other groups of peasants resisted these agribusiness land grabs This book examines the layered inequalities in this process and analyzes the various paradoxes of recent Colombian development policies the agribusiness expansions through land grabs the land and labor conflicts that have overlapped in regions with agribusiness and both the Afro descendants and mestizos demand for land rights Series Politics Society and Community in a Globalized World Politik Gemeinschaft und Gesellschaft in einer globalisierten Welt Vol 16 Subject Latin America Studies Human Rights Agricultural Studies Business **The Alcalde** , 2001-03 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an intellectual crossroads where UT s luminaries artists engineers executives musicians attorneys journalists lawmakers and professors among them meet bimonthly to exchange ideas Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater The magazine s unique name is Spanish for mayor or chief magistrate the nickname of the governor who signed UT into existence was The Old Alcalde **The Picaresque and the Writing Life in Mexico** Jorge Téllez, 2021-05-15 This book studies picaresque narratives from 1690 to 2013 examining how this literary form serves as a reflection on the material conditions necessary for writing literature in Mexico In The Picaresque and the Writing Life in Mexico Jorge T llez argues that Mexican writers have drawn on the picaresque as a device for pondering what they regard as the perils of intellectual and creative labor Surveying ten narratives from 1690 to 2013 T llez shows how by and large all of them are iterations of the same basic structure p caro meets writer p caro tells life story writer eagerly writes it down This written mediation sometimes fictional but other times completely factual is presented as part of a transaction in which it is rarely clear who is exploiting whom Highlighting this ambiguity T llez s study brings into focus the role that the picaresque has played in the presentation of writers as disenfranchised and vulnerable subjects But as T llez demonstrates these narratives embody a discourse of precarity that goes beyond p caros and applies to all subjects who engage in the production and circulation of literature In this way T llez shows that the literary form of the picaresque is above all a reflection on the value of literature as well as on the place and role of writing in Mexican society more broadly The Picaresque and the Writing Life in Mexico is a unique work that suggests new paths for studying the reiteration of literary forms across centuries Looking at the picaresque in particular T llez offers a new interpretation of this genre within its national context and suggests ways in which this genre remains relevant for reflecting on literature in contemporary society It will be of interest to students and scholars of Latin American studies Mexican cultures and literatures and comparative literature Fur-fish-game , 1949 Peacebuilding and the Arts Jolyon Mitchell, Giselle Vincett, Theodora Hawksley, Hal Culbertson, 2019-11-19 Ending violent conflict requires societies to take leaps of political imagination Artistic

communities are often uniquely placed to help promote new thinking by enabling people to see things differently. In place of conflict's binary divisions, artists are often charged with exploring the ambiguities and possibilities of the excluded middle. Yet their role in peacebuilding remains little explored. This excellent and agenda-setting volume provides a ground-breaking look at a range of artistic practices and the ways in which they have attempted to support peacebuilding, a must-read for all practitioners and policy makers and indeed other peacemakers looking for inspiration. Professor Christine Bell, FBA, Professor of Constitutional Law, Assistant Principal Global Justice and co-director of the Global Justice Academy, The University of Edinburgh, UK. *Peacebuilding and the Arts* offers an impressive and impressively comprehensive engagement with the role that visual art, music, literature, film and theatre play in building peaceful and just societies. Without idealizing the role of the arts, the authors explore their potential and limits in a wide range of cases from Korea, Cambodia, Colombia and Northern Ireland to Uganda, Rwanda, South Africa and Israel/Palestine. Roland Bleiker, Professor of International Relations, University of Queensland, Australia and author of *Aesthetics and World Politics* and *Visual Global Politics*. *Peacebuilding and the Arts* is the first publication to focus critically and comprehensively on the relations between the creative arts and peacebuilding, expanding the conventional boundaries of peacebuilding and conflict transformation to include the artist, actor, poet, novelist, dramatist, musician, dancer and film director. The sections on the visual arts, music, literature, film and theatre include case studies from very different cultures, contexts and settings, but a central theme is that the creative arts can play a unique and crucial role in the building of peaceful and just societies with the power to transform relationships, heal wounds and nurture compassion and empathy. *Peacebuilding and the Arts* is a vital and unique resource which will stimulate critical discussion and further research, but it will also help to refine and reframe our understanding of peacebuilding. While it will undoubtedly become mandatory reading for students of peacebuilding and the arts, its original approach and dynamic exploratory style should attract a much wider interdisciplinary audience. Professor Anna King, Professor of Religious Studies and Social Anthropology and Director of Research Centre of Religion, Reconciliation and Peace, WCCRP, University of Winchester, UK. This volume explores the relationship between peacebuilding and the arts. Through a series of original essays, authors consider some of the ways that different art forms, including film, theatre, music, literature, dance and other forms of visual art, can contribute to the processes and practices of building peace. This book breaks new ground by setting out fresh ways of analysing the relationship between peacebuilding and the arts. Divided into five sections on the Visual Arts, Music, Literature, Film and Theatre, Dance, over 20 authors offer conceptual overviews of each art form as well as new case studies from around the globe and critical reflections on how the arts can contribute to peacebuilding. As interest in the topic increases, no other book approaches this complex relationship in the way that *Peacebuilding and the Arts* does. By bringing together the insights of scholars and practitioners working at the intersection of the arts and peacebuilding, this book develops a series of unique critical perspectives on the interaction of diverse art forms with a range of peacebuilding endeavours. **Big Bend Country**

Kenneth Baxter Ragsdale, 1998 Having first visited the Big Bend in 1928 Kenneth B Ragsdale has been digging around in and writing about the region for decades In Big Bend Country Land of the Unexpected he takes a nostalgic retrospective journey through the times and places of this increasingly popular corner of West Texas to say goodbye to those who made the history created the myths and lived the legends Building his stories around themes of compassion conflict and compromise he profiles both famous and relatively unknown figures He tells stories of curanderas healers charity workers a woman who practiced medicine without a license and another who started a private lending library in her store to encourage rural poor children to read In contrast to these stories he chronicles blood feuds shootouts and the violence bred in wild relatively lawless spaces Ragsdale's stories cover a half century roughly 1900 to 1955 from wagon trains to the filming of an epic movie a time in which the face of the Big Bend changed the quicksilver mines closed a national park was established isolation and cattle gave way to vacation ranchettes and tourists Big Bend Country is a well done and useful work and should be welcomed by all lovers of that wonderful country Dallas Morning News If you've never been to Big Bend Ken Ragsdale's new book will make you want to go there Austin American Statesman

Deracination in Colombia Aurora Vergara-Figueroa, 2017-10-26 This book provides a socio historical analysis of the 2002 massacre at Bellavista Bojay Choc Colombia The author examines how the concepts of forced displacement and migration could be formulas for historical erasure These concepts are used to name populations such as the survivors of this massacre and are limited in their ability to contribute to the demands for reparation of the affected populations Instead based on an ethnographic study of the pain and suffering generated in the survivors the book proposes the concept of deracination as a tool to study land dispossession It captures both the complex local specificities the global linkages of this phenomenon and the strategies of resistance used by the people of this community to channel what seems as an impossible mourning
