Copenhaver,2019-11-19 This book is nothing less than the definitive study of a text long considered central to understanding the Renaissance and its place in Western culture James Hankins Harvard University Pico della Mirandola died in 1494 at the age of thirty one During his brief and extraordinary life he invented Christian Kabbalah in a book that was banned by the Catholic Church after he offered to debate his ideas on religion and philosophy with anyone who challenged him Today he is best known for a short speech the Oration on the Dignity of Man written in 1486 but never delivered Sometimes called a Manifesto of the Renaissance this text has been regarded as the foundation of humanism and a triumph of secular rationality over medieval mysticism Brian Copenhaver upends our understanding of Pico's masterwork by re examining this key document of modernity An eminent historian of philosophy Copenhaver shows that the Oration is not about human dignity In fact Pico never wrote an Oration on the Dignity of Man and never heard of that title Instead he promoted ascetic mysticism insisting that Christians need help from Jews to find the path to heaven a journey whose final stages are magic and Kabbalah Through a rigorous philological reading of this much studied text Copenhaver transforms the history of the idea of dignity and reveals how Pico came to be misunderstood over the course of five centuries Magic and the Dignity of Man is a seismic shift in the study of one of the most remarkable thinkers of the Renaissance *LIFE* ,1947-03-03

The Theater of Man J. A. Fernández-Santamaría,1998 Born in Spain and long time resident of Bruges Juan Luis Vives is one of the keenest and most neglected minds of the northern Renaissance A many sided intellect and critical observer of the contemporary scene Vives contribution includes treatises on metaphysics psychology education rhetoric logic religion and social reform And it is precisely the central premise of this monograph that what links these diverse works together and turns Vives literary production into a whole larger than the sum of its parts is the author s single minded commitment to the Socratic dictum that an unexamined life is not worth living But because man s Fall caused him to lose his pristine ability to accomplish that task as an individual he must now do it in the context of a God mandated man created institution society whose origins and evolution Vives explains in Stoic terms Building on a foundation of Socratic Aristotelian optimism and Augustinian pessimism he concludes that social man can indeed reach the bonitas which alone makes beatitude possible But at a price for Vives the Skeptic insists that man must forego the use of that ratio speculativa which seduces him into thinking that he can probe into nature s being and understand his own divine nature

Echoes of Aquinas in Cusanus's Vision of Man Markus Führer, 2014-02-19 This book demonstrates the influence that the philosophical and theological anthropology of Saint Thomas Aquinas had on Nicholas of Cusa's Cusanus view of human nature While Rudolf Haubst suggested that Aquinas had in fact influenced several factors of Cusanus theology Haubst did not explore the topic of anthropology Since the philosophy of man is supposed to be one of the determining characteristics of the Renaissance and because there is a prevailing opinion that Cusanus was not only a Renaissance philosopher but indeed one of the founders of Renaissance humanism I demonstrate that his view of the place of man in the universe is remarkably similar to the view of Aquinas A close examination of the texts of both thinkers when compared to some of the leading Renaissance writers indicates that it is not entirely true that Cusanus is Renaissance in his analysis of the human condition Because Cusanus copies of some of the works of Aquinas are still intact and his marginal comments in these manuscripts indicate not only that he read Aquinas carefully but also actually reacted to texts in Aquinas it is possible to conduct a study of Cusanus use of Aquinas based directly on the text of Aquinas It is also possible to explore similarities by studying the formulae that both

writers used in expressing their respective positions The present study appeals to students and scholars of late medieval theology and philosophy in its unique examination of the impact of Aquinas thought upon Cusanus
