

MAN INTO WOLF

An Anthropological Interpretation of
Sadism, Masochism and Lycanthropy

by ROBERT EISLER

with a new introduction by Donald Lathrop

Man Into Wolf An Anthropological Interpretation Of Sadism Masochism And Lycanthropy

Kaja Franck

Man Into Wolf An Anthropological Interpretation Of Sadism Masochism And Lycanthropy:

Man into Wolf Robert Eisler, 2023-03-08 First published in 1951 *Man into Wolf* attempts to suggest the possibility of historical or rather prehistorical evolutionist derivation of all crimes of violence from the individual attack on life known as murder or manslaughter to the collective organized killing which we call war The author has tried to show that the evidence from prehistory can be made intelligible on the theory of Jung's archetypes surviving in the collective conscience and revealing themselves all over the world in legends myths and rites He discusses in the notes on the lecture every possible aspect of the subject ranging from the perverseness of the Marquis de Sade to the Grecian Bacchantes and from the Green Men and the agricultural ceremonies to a case study of John George Haigh This book will be of interest to students of anthropology gender studies and psychology *Man Into Wolf* Robert Eisler, 1950 **Man Into Wolf** Robert Eisler, 2018-11-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Man Into Wolf Robert Eisler, 1949 **Man Into Wolf, an Anthropological Interpretation of Sadism, Masochism, and Lycanthropy** Robert Eisler, 195? Robert Eisler and the Magic of the Combinatory Mind Brian Collins, 2021-01-04 Robert Eisler the polymathic Jewish Austrian scholar and Holocaust survivor faded into obscurity after his death in 1949 A contemporary and associate of Walter Benjamin Aby Warburg and Gershom Scholem Eisler spent his early years in fin de siècle Vienna and trained as an art historian and economist In this book the first in English devoted to Eisler's life and thought Brian Collins takes us through the development of Eisler's ideas about the philosophy of values comparative mythology Christianity psychoanalysis monetary policy and anthropology Collins also explores the bizarre and sometimes tragic events that defined Eisler's life including his arrest for art theft in 1907 his controversial reconstruction of a physical description of Jesus and the fifteen months he spent in Dachau and Buchenwald the inspiration for his final book *Man into Wolf An Anthropological Interpretation of Sadism Masochism and Lycanthropy* **The Ecogothic Werewolf in Literature** Kaja Franck, 2025-08-21 Using an Ecogothic lens this book offers a new conceptual framework for the werewolf in literature recasting the lycanthrope as an emblem for society's fear of untamed wilderness Tracing lycanthropy from a place of liminality to hybridity and to myriad and complex subjectivities *The Ecogothic Werewolf in Literature* reassesses the Gothic werewolf to show how the relationship between humans and wolves has influenced its representation in literature Starting

with Dracula and tracing lycanthropic imaginings through natural histories folk and fairy tales to contemporary iterations in the works of Maggie Stiefvater Whitley Strieber and Glen Duncan Kaja Franck reconsiders the trope of the beast within in the werewolf canon From early conservationist Aldo Leopold s awakening regarding the death of wolves to George Monbiot s call to rewild tensions around humanity s responsibility to the natural world have emerged in lycanthropic literature A challenge to previous anthropocentric analysis of Gothic horror s stock monster Franck considers the changing attitude towards wolves alongside the growing environmentalism movement and reclaims the wolf from the figure of the werewolf

The Lycanthropy Reader Charlotte F. Otten,2024-07-01 Our understanding of lycanthropy is limited by our association of it with contemporary portrayals of werewolves in horror films and gothic fiction No rational person today believes that a human being can literally be metamorphosed into a wolf therefore in the absence of an historical context the study of werewolves can appear to be a wayward pursuit of the perversely irrational and the sensational This Reader provides the historical context Drawing on primary sources it is a comprehensive survey of all aspects of lycanthropy with a focus on the medieval and Renaissance periods Lycanthropes were on trial in the courtrooms of Europe and on examination in medical offices and mental hospitals they were the objects of communal fear and pity and the subjects of sermons and philosophical treatises In the Introduction to the Reader Charlotte Otten shows that the study of lycanthropy uncovers basic issues in human life the significance of violence and criminality the role of the demonic in aberrant behavior and ultimately the nature of good and evil The implications for modern life are immediately apparent The Reader is divided into six sections I Medical Cases Diagnoses Descriptions 2 Trial Records Historical Accounts Sightings 3 Philosophical and Theological Approaches to Metamorphosis 4 Critical Essays on Lycanthropy Anthropology History and Medicine 5 Myths and Legends and 6 Allegory Each section has an introduction that summarizes and interprets the materials **The Curse of the Werewolf** Bourgault

du Coudray Chantal,2006-08-25 Half man half myth the werewolf has over the years infiltrated popular culture in many strange and varied shapes from Gothic horror to the body horror films of the 1980s and today s graphic novels Yet despite enormous critical interest in myths and in monsters from vampires to cyborgs the figure of the werewolf has been strangely overlooked Embodying our primal fears of anguished masculinity of the beast within the werewolf argues Bourgault du Coudray has revealed in its various lupine guises radically shifting attitudes to the human psyche Tracing the werewolf s use by anthropologists and criminologists and shifting interpretations of the figure from the scientific to the mythological and psychological Bourgault du Coudray also sees the werewolf in Freud s wolf man case and the sinister use of wolf imagery in Nazism The Curse of the Werewolf looks finally at the werewolf s revival in contemporary fantasy finding in this supposedly conservative genre a fascinating new model of the human s relationship to nature It is a required reading for students of fantasy myth and monsters No self respecting werewolf should be without it *Lycanthropy in German Literature* Peter Arnds,2015-10-04 Lycanthropy in German Literature argues that as a symbol of both power and parasitism the human wolf of

the Germanic Middle Ages is iconic to the representation of the persecution of undesirables in the German cultural imagination from the early modern age to the post war literary scene

Right here, we have countless ebook **Man Into Wolf An Anthropological Interpretation Of Sadism Masochism And Lycanthropy** and collections to check out.
