entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources. The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified. The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture. The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States. The entries are written by roughly 60 expert contributors from Latin America, the U.S. and Europe. **Fodor's Buenos Aires** Fodor's Travel Guides, 2014-12-23

Common James Scorer, 2016-05-01 In this book, James Scorer argues that culture remains a force for imagining inclusive urban futures based around what inhabitants of the city have in common. Using Buenos Aires as his case study, Scorer takes the urban commons to be those aspects of the city that are shared and used by its various communities. Exploring a hugely diverse set of works including literature, film, and comics, and engaging with urban theory, political philosophy, and Latin American cultural studies, *City in Common* paints a portrait of the city caught between opposing forces. Scorer seeks out alternatives to the current trend in analysis of urban culture to read Buenos Aires purely through the lens of segregation, division, and enclosure. Instead, he argues that urban imaginaries can and often do offer visions of more open communities and more inclusive urban futures. **Black Legend** Paulina L. Alberto, 2022-01-06

Celebrities live their lives in constant dialogue with stories about them. But when these stories are shaped by durable racist myths, they wield undue power to ruin lives and obliterate communities. *Black Legend* is the haunting story of an Afro-Argentine, Raúl Grigera, the negro Raúl who, in the early 1900s, audaciously fashioned himself into an alluring Black icon of Buenos Aires bohemian nightlife, only to have defamatory storytellers unmake him. In this gripping history, Paulina Alberto exposes the destructive power of racial storytelling and narrates a new history of Black Argentina and Argentine Blackness across two centuries. With the extraordinary Raúl Grigera at its center, *Black Legend* opens new windows into lived experiences of Blackness in a white nation and illuminates how Raúl's experience of celebrity was not far removed from more ordinary experiences of racial stories in the flesh. **A Life in**
