Suzanne W. Churchill,2017-03-02 Suzanne Churchill's well researched and superbly crafted study is the first book length treatment of Others an important and neglected little magazine that served as a laboratory for modernist poetic experimentation In discussions of influential poets such as Mina Loy Marianne Moore and William Carlos Williams whose careers Others helped launch Churchill counters the notion of Modernism as aesthetically self isolating and socially disengaged Rather she traces a correspondence between formal innovation and social change in American modernist poetry

and argues that this dimension of modernist formalism is lost when poems are studied in isolation Others provides a framework for reassessing the scope and significance of modernist formalism The little magazine not only anchors modernist poetry in a social context but also leads to new insight into major modernist texts Churchill s commitment to her subject s broad cultural contexts makes her book important for students and teachers of Modernism as well as for those working in the fields of American poetry and poetics gender studies queer theory periodical studies and cultural studies The Handbook of Rhetoric and Public Address Shawn J. Parry-Giles, J. Michael Hogan, 2010-03-25 The Handbook of Rhetoric and Public Address is a state of the art companion to the field that showcases both the historical traditions and the future possibilities for public address scholarship in the twenty first century Focuses on public address as both a subject matter and a critical perspective Mindful of the connections between the study of public address and the history of ideas Provides an historical overview of public address research and pedagogy as well as a reassessment of contemporary public address scholarship by those most engaged in its practice Includes in depth discussions of basic issues and controversies public address scholarship Explores the relationship between the study of public address and contemporary issues of civic engagement and democratic citizenship Reflects the diversity of views among public address scholars advancing on going discussions and debates over the goals and character of rhetorical scholarship **War as Spectacle** Anastasia Bakogianni, Valerie M. Hope, 2015-10-22 War as Spectacle examines the display of armed conflict in classical antiquity and its impact in the modern world The contributors address the following questions how and why was war conceptualized as a spectacle in our surviving ancient Greek and Latin sources How has this view of war been adapted in post classical contexts and to what purpose This collection of essays engages with the motif of war as spectacle through a variety of theoretical and methodological pathways and frameworks They include the investigation of the portrayal of armed conflict in ancient Greek and Latin Literature History and Material Culture as well as the reception of these ancient narratives and models in later periods in a variety of media The collection also investigates how classical models contribute to contemporary debates about modern wars including the interrogation of propaganda and news coverage Embracing an interdisciplinary approach to the study of ancient warfare and its impact the volume looks at a variety of angles and perspectives including visual display and its exploitation for political capital the function of internal and external audiences ideology and propaganda and the commentary on war made possible by modern media The reception of the theme in other cultures and eras demonstrates its continued relevance and the way antiquity is used to justify as well as to critique later conflicts *Literary Research and Canadian Literature* Gabriella Reznowski, 2011-02-07 Canada s rich literary heritage dominated by a multicultural and multilingual presence reflects the country s unique history and experience In addition an emerging body of new writers is redefining both the geographic and metaphorical boundaries of Canadian literature Coupled with the propagation of digital technologies Canada s burgeoning publishing industry presents unique challenges for both the introductory and seasoned literary

researcher Literary Research and Canadian Literature Strategies and Sources provides researchers with the tools to navigate Canada's multifaceted literary scene. This guide addresses the tools and best practices for selecting and evaluating print and electronic sources related to the extensive and varied literature of Canada. Beginning with an overview of the strategies needed to conduct online research, individual chapters examine general literary reference materials, relevant online library catalogs including national and union library catalogs, scholarly journals, archival collections, microform and digital collections, periodicals, literary magazines, newspapers and reviews, and Web and electronic resources. Special topics discussed include little magazines, scholarly gateways, and cultural resources. The guide culminates in a chapter that illustrates the application of the strategies explored to solve a research problem. The strategies discussed within the guide are applicable to both canonical and lesser-known authors, therefore making this work relevant to anyone interested in researching Canadian literature.

Classical New York Elizabeth Macaulay-Lewis, Matthew McGowan, 2018-09-04. Essays on the historical Greco-Roman influence on the evolving architectural landscape of New York City. During its rise from capital of an upstart nation to global metropolis, the visual language of Greek and Roman antiquity played a formative role in the development of New York's art and architecture. This compilation of essays offers a survey of diverse reinterpretations of classical forms in some of the city's most iconic buildings, public monuments, and civic spaces. *Classical New York* examines the influence of Greco-Roman thought and design from the Greek Revival of the late eighteenth and early nineteenth centuries through the late nineteenth-century American Renaissance and Beaux Arts period and into the twentieth century's Art Deco. At every juncture, New Yorkers looked to the classical past for knowledge and inspiration in seeking out new ways to cultivate a civic identity and to structure their public and private spaces. Specialists from a range of disciplines—archaeology, architectural history, art history, classics, and history—focus on how classical art and architecture are repurposed to help shape many of New York City's most evocative buildings and works of art. Federal Hall evoked the Parthenon as an architectural and democratic model; the Pantheon served as a model for the creation of libraries at New York University and Columbia University. Pennsylvania Station derived its form from the Baths of Caracalla, and Atlas and Prometheus of Rockefeller Center recast ancient myths in a new light during the Great Depression. This examination of post-Revolutionary art, politics, and philosophy enriches the conversation about how we shape space, be it civic, religious, academic, theatrical, or domestic, and how we make use of that space and the objects in it.

Video Art Historicized Malin Hedlin Hayden, 2016-03-03. Video art emerged as an art form that from the 1960s and onwards challenged the concept of art, hence art historical practices. From the perspective of artists, critics, and scholars engaged with this new medium, art was seen as too limiting a notion. Important issues were to re-think art as a means for critical investigations and a demand for visual reconsiderations. Likewise, art history was argued to be in crisis and in need of adapting its theories and methods in order to produce interpretations and thereby establish historical sense for moving images as fine art. Yet, as this book argues, video art

history has evolved into a discourse clinging to traditional concepts ideologies and narrative structures manifested in an increasing body of texts Video Art Historicized provides a novel insightful and also challenging re interpretation of this field by examining the discourse and its own premises It takes a firm conceptual approach to the material examining the conceptual theoretical and methodological implications that are simultaneously contested by both artists and authors yet intertwined in both the legitimizing and the historicizing processes of video as art By engaging art history s most debated concepts canon art and history this study provides an in depth investigation of the mechanisms of the historiography of video art Scrutinizing various narratives on video art the book emphasizes the profound and widespread hesitations towards but also the efforts to negotiate traditional concepts and practices By focusing on the politics of this discourse theoretical issues of gender nationality and particular themes in video art Malin Hedlin Hayden contests the presumptions that inform video art and its history *Proceedings of the International Conference of Innovation in Media and Visual Design (IMDES 2023)*
