histories of words we use in English*

Oxford Word Origins

John Ayto

Oxford Word Origins:

Oxford Dictionary of Word Origins Julia Cresswell, 2010-09-09 Contains alphabetically arranged entries that explore the origin evolution and social history of over three thousand English language words **Oxford School Dictionary of Word Origins** John Ayto, 2009 **The Insect that Stole Butter? : Oxford Dictionary of Word Origins**, 2009 This is an accessible lively A Z of over 3000 words and their origins drawn from Oxford's unrivalled dictionary research and language monitoring Ideal for language lovers and students alike it relates the fascinating stories behind many of our most curious words and expressions **Oxford Dictionary of Word Origins** Julia Cresswell, 2021-07-22 Newly updated to incorporate recent additions to the English language the Oxford Dictionary of Word Origins provides a fascinating exploration of the origins and development of over 3 000 words in the English language Drawing on Oxford's unrivalled dictionary research programme and language monitoring it brings to light the intriguing and often unusual stories of some of our most used words and phrases The A Z entries include the first known use of the term along with examples related lexis and expressions which uncover the etymological composition of each word Also featured are 22 special panels that give overviews of broad topic areas 5 of which are completely new and that variously cover words from Oceania word blends eponyms and acronyms New findings in the OED since the previous edition have also been added including emoji mansplain meeples meme and spam An absorbing resource for language students and enthusiasts but also an intriguing read for any person interested in the development of the English language and of language development in general It also includes an extended introduction on the history of the English language **Little Oxford Dictionary of Word Origins** Julia Cresswell, 2014 The Little Oxford Dictionary of Word Origins includes 1 000 word histories arranged by theme from food to phobias and from universe to love Featuring words with interesting or surprising origins including dates of origin and an account of each word's derivation it is an irresistible collection and the perfect gift for word lovers **Word Origins ... and How We Know Them** Anatoly Liberman, 2009-04-13 Written in a witty charming conversational style Word Origins is the first book to offer a thorough investigation of the history and the science of etymology making this little known field accessible to everyone interested in the history of words Anatoly Liberman an internationally acclaimed etymologist takes the reader by the hand and explains the many ways that English words can be made and the many ways in which etymologists try to unearth the origins of words Every chapter is packed with dozens of examples of proven word histories **The Oxford Guide to Etymology** Philip Durkin, 2009-07-24 This practical introduction to word history investigates every aspect of where words come from and how they change Philip Durkin chief etymologist of the Oxford English Dictionary shows how different types of evidence can shed light on the myriad ways in which words change in form and meaning He considers how such changes can be part of wider linguistic processes or be influenced by a complex mixture of social and cultural factors He illustrates every point with a wide range of fascinating examples Dr Durkin investigates folk etymology and other changes which words undergo in everyday use

He shows how language families are established how words in different languages can have a common ancestor and the ways in which the latter can be distinguished from words introduced through language contact He examines the etymologies of the names of people and places His focus is on English but he draws many examples from languages such as French German and Latin which cast light on the pre histories of English words The Oxford Guide to Etymology is reliable readable instructive and enjoyable Everyone interested in the history of words will value this account of an endlessly fascinating subject

Word Origins...And How We Know Them Anatoly Liberman,2009-03-16 If you've ever read the history of a word like silly and wondered how the author knew that it meant blessed in the eleventh century this is the book for you Written in a funny charming and conversational style Word Origins is the first book to offer a thorough investigation of the history and the science of etymology making this little known field accessible to everyone interested in the history of words Anatoly Liberman an internationally acclaimed etymologist takes the reader by the hand and explains the many ways that English words can be made and the many ways in which etymologists try to unearth the origins of words Every chapter is packed with dozens of examples of proven word histories used to illustrate the correct ways to trace the origins of words as well as some of the egregiously bad ways to trace them He not only tells the known origins of hundreds of words but also shows how their origins were determined And along the way the reader is treated to a wealth of fascinating word facts Did they once have bells in a belfry No the original meaning of belfry was siege tower Are the words isle and island raven and ravenous or pan and pantry related etymologically No though they look strikingly similar these words came to English via different routes Millions of people want to know the origin of the words they use Word columns in daily newspapers and numerous books attempt to satisfy their curiosity Word histories are usually digested like pills the user is interested in getting well not in the chemistry of the prescribed medication Those who send letters to the Editor also want a straight answer without bothering about how editors come by their knowledge Therefore they fail to realize that etymologies are seldom definitive and that the science of etymology is intensely interesting Perhaps if someone explained to them that compared to the drama of words Hamlet is a light farce they might develop a more informed attitude toward philological research and become students of historical linguistics rather than gullible consumers of journalists' pap Anatoly LibermanPartly a history partly a how to and completely entertaining Word Origins invites readers behind the scenes to watch an etymologist at work [Oxford Pocket School Dictionary of Word Origins](#) John Ayto,2004 Provides over 10 000 word origins in alphabetical order [The Concise Oxford Dictionary of Word Origins](#) T. F. Hoad,1992
