In Everything, Give Thanks Dr. Louis NgomoOkitembo, 2012-05-08 Giving thanks in everything makes people happier strengthens relationships improves well being and health reduces stress and comply with Gods will in Jesus Christ Counting blessings noticing simple pleasures and acknowledging everything that we receive every day as a gift from God is a power that changes Lives Giving thanks can change someones life from worst to better Gratitude helps to see every thing in Gods perspective Learning how to say THANK YOU in all circumstances constitutes the most effective way to put into action the transformative power of the daily gratitude

The Art of Gratitude Jeremy David Engels, 2018-04-25 Explores how the emotional experience of gratitude has been enlisted in neoliberal governance through the language of debt In *The Art of Gratitude* Jeremy David Engels sketches a genealogy of gratitude from the ancient Greeks to the contemporary self help movement One of the most striking things about gratitude Engels finds is how consistently it is described using the language of indebtedness A chief purpose of this he contends is to make us more comfortable living lives in debt with the nefarious

effect of pacifying the citizenry so we are less likely to speak out about social and economic injustice To counteract this he proposes an alternative art of gratitude as thanksgiving that is inspired by Indian philosophy particularly the yoga philosophy of the Bhagavad Gita and Patanjali's Yoga Sutras He argues that this art of gratitude can challenge neoliberalism by reorienting our politics away from resentment anger and guilt and toward a democratic ethic of thanksgiving and the common good In the contemporary moment when gratitude is widely touted as the panacea to many of our ills Jeremy Engels provides a timely critical genealogy of this emotion showing how it has been used for social control and how it affirms the state of indebtedness at the heart of neoliberalism But Engels also makes a compelling case for the art of gratitude a gratefulness with capacities for cultivating the self and strengthening democracies William Edelglass coeditor of Facing Nature Levinas and Environmental Thought This book accomplishes two important goals it provides a very detailed and interesting history of gratitude in the West and it brings Eastern philosophy especially yoga into our accounts of gratitude and flourishing A unique project with an eminently readable style it will appeal to a number of audiences including those interested in the theory and practice of yoga Scott R Stroud author of John Dewey and the Artful Life Pragmatism Aesthetics and Morality
