Office of Education,1930 **Perspectives on Radio and Television** F. Leslie Smith,David H. Ostroff,John W. Wright,2023-05-31 This textbook describes the field of radio and television in the United

States presents the material in a manner the reader can grasp and enjoy and makes the book useful for the classroom teacher. Written for adaptation to individual teaching situations, the book is divided by subject matter into logical chapter divisions that can be assigned in the order appropriate for specific course students. Each chapter stands by itself, but the book is also an integrated whole. It is easy to understand at first reading by beginning radio television majors or nonmajor elective students alike. To give readers a complete picture of the field, subjects such as ethics, careers, and rivals to U.S. commercial radio and television are included.

Music Documentaries for Radio Sam Coley, 2021-11-16 Drawing on both academic research and real world practice, this book offers an in depth investigation into the production of music documentaries broadcast on radio. *Music Documentaries for Radio* provides a thorough overview of how the genre has developed technically and editorially alongside a discussion of the practical production processes involved. Digital production equipment and online tools used in music documentary production are discussed in detail, outlining how the development of these technologies shapes the output of producers operating in both the public service and the commercial sectors of the industry. Drawing on his own experiences as an award winning music documentary producer, the author also looks at how the industry views this form of radio documentary and considers how innovation and technical advances as well as governmental regulation have shaped the field. The book demonstrates how changing practices and technical innovations have led to the emergence of multi skilled freelance radio producers and how previously separate production roles have merged into one convergent multifaceted position. *Music Documentaries for Radio* is an ideal resource for students and academics in the fields of radio studies, media production, documentary making, and journalism studies.

The Radio Station John Hendricks, Bruce Mims, 2018-05-01 *The Radio Station* offers a concise and insightful guide to all aspects of radio broadcasting, streaming, and podcasting. This book's tenth edition continues its long tradition of guiding readers to a solid understanding of who does what, when, and why in a professionally managed station. This new edition explains what radio in America has been, where it is today, and where it is going, covering the basics of how programming is produced, financed, delivered, and promoted via terrestrial and satellite broadcasting, streaming, and podcasting. John Allen Hendricks and Bruce Mims examine radio and its future within a framework of existing and emerging technologies. The companion website is new, revised with content for instructors, including an instructors manual and test questions. Students will discover an expanded library of audio interviews with leading industry professionals, in addition to practice quizzes and links to additional resources.

Routledge Revivals: Radio Broadcasting from 1920 to 1990 (1991) Diane Foxhill Carothers, 2016-11-10 First published in 1991, this book presents a comprehensive annotated bibliography of radio broadcasting. Its eleven chapter categories cover almost the entire range of radio broadcasting, with the exception of radio engineering due to its technical complexity, although some of the historical volumes do encompass aspects, thus providing background material. Entries are primarily restricted to published books, although a number of trade journals and periodicals are also included. Each entry includes full bibliographic

information including the ISBN or ISSN where available and an annotation written by the author with the original text in hand
