Booth, 2009-02-09 In this manifesto distinguished critic Wayne Booth claims that communication in every corner of life can be improved if we study rhetoric closely Written by Wayne Booth author of the seminal book The Rhetoric of Fiction 1961 Explores the consequences of bad rhetoric in education in politics and in the media Investigates the possibility of reducing harmful conflict by practising a rhetoric that depends on deep listening by both sides     **Labor Pains** Christin Marie Taylor, 2019-04-24 From the 1930s to the 1960s the Popular Front produced a significant era in African American literary radicalism While scholars have long associated the black radicalism of the Popular Front with the literary Left and the working class Christin Marie Taylor considers how black radicalism influenced southern fiction about black workers offering a new view of work and labor At the height of the New Deal era and its legacies Taylor examines how southern literature of the Popular Front not only addressed the familiar stakes of race and labor but also called upon an imagined black folk to explore questions of feeling and desire By poring over tropes of black workers across genres of southern literature in the works of George Wylie Henderson William Attaway Eudora Welty and Sarah Elizabeth Wright Taylor reveals the broad reach of black radicalism into experiments with portraying human feelings These writers grounded interrelationships and stoked emotions to present the social issues of their times in deeply human terms Taylor emphasizes the multidimensional use of the sensual and the sexual which many protest writers of the period such as Richard Wright avoided She suggests Henderson and company used feeling to touch readers while also questioning and reimagining the political contexts and apparent victories of their times Taylor shows how these fictions adopted the aesthetics and politics of feeling as a response to New Deal era policy reforms both in their successes and their failures In effect these writers some who are not considered a part of an African American protest tradition illuminated an alternative form of protest through poignant paradigms     **The Women of Explosive Ordnance Disposal** April Cobos, 2024-05-29 The Women of Explosive Ordnance Disposal Cyborg Techno Bodies Situated Knowledge and Vibrant Materiality in Military Cultures addresses the disparities between policy discourse and the lived experiences of women in the Explosive Ordnance Disposal community who these policies seek to regulate through a rhetorical framework During the Global War on Terrorism the changing contexts of war brought the community to the forefront of combat preceding the 2016 policy repeal restricting women's service in combat which positioned these women at a poignant moment in history Their positioning also sheds light on the challenges twenty first century scholars face in analyzing shifting gender roles in the workplace with policies advocating for gender equality which often buries continued gendered ideologies and discourse This

book takes a mixed methods approach of qualitative and quantitative data from surveys available government documents and other cultural artifacts to create a more triangulated analysis While this book is rooted in rhetorical analysis its dynamic nature demands using an interdisciplinary approach that pulls from discourse analysis political historical and military scholarship and other humanities based feminist scholarship

tells a new story of the impact of mass production on society Global corporations based originally in the United States have played a part in making gender and race everywhere Focusing on Ford Motor Company s rise to become the largest richest and most influential corporation in the world The Color Line and the Assembly Line takes on the traditional story of Fordism Contrary to popular thought the assembly line was perfectly compatible with all manner of racial practice in the United States Brazil and South Africa Each country s distinct racial hierarchies in the 1920s and 1930s informed Ford s often divisive labor processes Confirming racism as an essential component in the creation of global capitalism Elizabeth Esch also adds an important new lesson showing how local patterns gave capitalism its distinctive features Colonial Extractions

Paula Butler,2015-05-27 Challenging Canada s image as a humane enlightened global actor Colonial Extractions examines the troubling racial logic that underpins Canadian mining operations in several African countries Drawing on colonial postcolonial and critical race theory Paula Butler investigates Canadian mining activities and the discourses which serve to legitimate this work Through a series of interviews with senior personnel of businesses with mining operations in Africa Butler identifies a continuation of the same colonialist mindset that saw resource ownership and racial dominance over Indigenous peoples in Canada as part of Canada s nation building project Financially culturally and psychologically Canadians are invested in extracting resource based wealth in the Global South and as Butler s analysis of Canada s

influence over South Africa's first post-apartheid mining legislation shows they look to legitimize that extraction through neoliberal legal frameworks and a powerful national myth of benevolence. Complementing analyses of the industry through political economy or critical development studies, *Colonial Extractions* is a powerful and unsettling critique of the cultural dimension of Canada's mining industry overseas.

**American Mythos** Robert Wuthnow, 2009-02-09 America was built on stories, tales of grateful immigrants arriving at Ellis Island, Horatio Alger-style transformations, self-made men, and the Protestant work ethic. In this new book, renowned sociologist Robert Wuthnow examines these most American of stories, narratives about individualism, immigration, success, religion, and ethnicity through the eyes of recent immigrants. In doing so, he demonstrates how the American mythos has both legitimized American society and prevented it from fully realizing its ideals. This magisterial work is a reflection and meditation on the national consciousness. It details how Americans have traditionally relied on narratives to address what it means to be strong, morally responsible individuals and to explain why some people are more successful than others. In short, to help us make sense of our lives. But it argues that these narratives have done little to help us confront new challenges. We pass laws to end racial discrimination yet lack the resolve to create a more equitable society. We welcome the idea of pluralism in religion and values yet we are shaken by the difficulties immigration presents. We champion prosperity for all but live in a country where families are still homeless. *American Mythos* aptly documents this disconnect between the stories we tell and the reality we face. Examining how cultural narratives may not and often do not reflect the reality of today's society, it challenges readers to become more reflective about what it means to live up to the American ideal.

**Gentlemen of the Woods** Willa Hammitt Brown,2025-02-18 Lumberjacks the men the myth and the making of an American legend The folk hero Paul Bunyan burly bearded wielding his big ax stands astride the story of the upper Midwest a manly symbol of the labor that cleared the vast north woods for the march of industrialization while somehow also maintaining an aura of pristine nature This idea celebrated in popular culture with songs and folktales receives a long overdue and thoroughly revealing correction in Gentlemen of the Woods a cultural history of the life and lore of the real lumberjack and his true place in American history Now recalled as heroes of wilderness and masculinity lumberjacks in their own time were despised as amoral transients Willa Hammitt Brown shows that nineteenth century jacks defined their communities of itinerant workers by metrics of manhood that were abhorrent to the residents of the nearby Northwoods boomtowns valuing risk taking and skill rather than restraint and control Reviewing songs stories and firsthand accounts from loggers Brown brings to life the activities and experiences of the lumberjacks as they moved from camp to camp She contrasts this view with the popular image cultivated by retreating lumber companies that had to sell off utterly barren land This mythologized image glorified the lumberjack and evoked a kindly flannel wearing naturalist hero Along with its portrait of lumberjack life and its analysis of the creation of lumberjack myth Gentlemen of the Woods offers new insight into the

intersections of race and social class in the logging enterprise considering the actual and perceived roles of outsider lumberjacks and Native inhabitants of the northern forests Anchored in the dual forces of capitalism and colonization this lively and compulsively readable account offers a new way to understand a myth and history that has long captured our collective imagination

**Perplexing Patriarchies: Fatherhood Among Black Opponents and White Defenders of Slavery** Pierre Islam, 2019-08-15 *Perplexing Patriarchies* examines the rhetorical usage and lived experience of fatherhood among three African American abolitionists and three of their white proslavery opponents in the United States during the nineteenth century Both the prominent abolitionists Frederick Douglass Martin Delany and Henry Garnet as well as the prominent proslavery advocates Henry Hammond George Fitzhugh and Richard Dabney appealed to the popular image of the father husband and head of household in order to attack or justify slavery How and why could these opposing individuals rely on appeals to the same ideal of fatherhood to come to completely different and opposing conclusions This book strives to find the answer by first acknowledging that both the abolitionists and the proslavery men shared similar concerns about the contested status of fatherhood in the nineteenth century However due to subtle differences in their starting assumptions and different choices of what parts of a father's responsibilities to emphasize the black abolitionists conceived of an ideal father who protected the autonomy of his dependents while the proslavery men conceived of one whose authority necessitated the subordination of those he protected Finding that these differences arose from choices in starting assumptions and emphases rather than total disagreement on what the role of the father should be this work reveals that black abolitionists were not radically critiquing the gender conventions of their day but innovatively working within those conventions to turn them towards social reform This discovery opens up a new way for historians to consider how oppressed peoples negotiated the intellectual boundaries of the societies which oppressed them Not necessarily breaking entirely from those boundaries nor passively accepting them but ingeniously synthesizing a worldview from within their confines that still allowed for freedom and personal autonomy

*The Measure of Manliness* Karen Bourrier, 2015-04-10 *The Measure of Manliness* is among the first books to focus on representations of disability in Victorian literature showing that far from being marginalized or pathologized disability was central to the narrative form of the mid century novel Mid Victorian novels evidenced a proliferation of male characters with disabilities a phenomenon that author Karen Bourrier sees as a response to the rise of a new Victorian culture of industry and vitality and its corollary emphasis on a hardy active manhood The figure of the voluble weak man was a necessary narrative complement to the silent strong man The disabled male embodied traditionally feminine virtues softening the taciturn strong man and eliciting emotional depths from his seemingly coarse muscular frame Yet the weak man was able to follow the strong man where female characters could not to all male arenas such as the warehouse and the public school The analysis yokes together historical and narrative concerns showing how developments in nineteenth century masculinity led to a formal innovation in literature the focalization or narration of the novel through the perspective

of a weak or disabled man The Measure of Manliness charts new territory in showing how feeling and loquacious bodies were increasingly seen as sick bodies throughout the nineteenth century The book will appeal to those interested in disability studies gender and masculinity studies the theorization of sympathy and affect the recovery of women s writing and popular fiction the history of medicine and technology and queer theory
