Raíces Históricas Del Federalismo Argentino:

Raíces históricas del federalismo latinoamericano José Carlos Chiaramonte, 2016-09-01 La historia de los federalismos argentino y latinoamericanos por uno de sus historiadores más aclamados precedida del análisis de la independencia de las colonias angloamericanas cuyo desarrollo permite inferencias comparativas para explicar las vicisitudes de las actuales repúblicas latinoamericanas En 1853 la Constitución Argentina creaba un Estado federal forma surgida por primera vez en la historia con la Constitución de Filadelfia Pero lo que en el caso norteamericano fue resultado de negociaciones basadas en el libre consentimiento de los Estados en el argentino fue producto de la imposición de la voluntad del vencedor de la batalla de Caseros sobre un conjunto de provincias débiles que excluía a Buenos Aires la cual rechazó el Acuerdo y se mantuvo independiente durante diez años Este libro parte del convencimiento de que no es posible comprender la historia de las independencias latinoamericanas sin compararla con la de las ex colonias angloamericanas asunto al que dedica sus dos primeros capítulos Los otros ofrecen al lector rica e innovadora información y un agudo análisis sobre los orígenes del federalismo argentino y latinoamericano Y además de explicar los orígenes históricos del federalismo contribuye a comprender las raíces de su mal funcionamiento actual

Raíces históricas del federalismo argentino María Laura San Martino de Dromi, 1999 Historia de las leyes de la nación argentina: 1811-1812 David Peña, 1916 **Historia de las leyes de la nación argentina** David Peña, 1916 Presidents, Governors, and the Politics of Distribution in Federal Democracies Lucas I. González, 2016-03-10 Tensions between central authorities and subnational units over centralization and fiscal autonomy are on top of the political agenda in many developing federal countries This book examines historical changes in the balance between the resources that presidents and governors control and the policy responsibilities they have to deliver It focuses on Argentina and Brazil the most decentralized federal countries in Latin America with the most powerful sub national governments in the region Using formal modelling statistical tools and comparative historical analyses it examines substantive shifts in the allocation of resources and the distribution of administrative functions and explains under which conditions these changes occur In doing so it presents theoretical and comparative implications for the study of fiscal federalism and the functioning of developing federal democracies This text will be of key interest to scholars and students of federalism intergovernmental relations decentralization and sub national politics and more broadly to those studying comparative politics democratization political elites public policy and economics

Usos políticos de la historia José Carlos Chiaramonte, 2013-06-01 Ensayos sobre el revisionismo histórico sus orígenes y sus políticas El libro incluye textos de investigación textos periodísticos de divulgación científica y dos artículos inéditos y sustanciales en torno a los conceptos de clase social y lucha de clases Sabemos desde hace mucho que la historia es entre otras cosas un cementerio de ideas falsas Solo que siempre resulta oportuno establecer si se llega a ellas intencionalmente o no A fines del siglo XIX por ejemplo el historiador alemán Heinrich von Treitschke se burlaba de la objetividad anterior para afirmar que la verdad histórica

rica es aquella que sirve a la naci n Como resulta evidente desde esta perspectiva cuenta m s la utilidad pol tica que la validez cient fica de los enunciados Comparto la saludable reacci n de Chiaramonte contra este tipo de pensamiento que recorre buena parte del segundo revisionismo y que hoy se manifiesta en textos de divulgaci n de amplia venta cuyas interpretaciones proyectan deliberadamente sus particulares lecturas del presente sobre el pasado y no a la inversa Del prefacio de Jos Nun **El porteñismo y la decadencia argentina** Oscar E. Frávega,2008 El derecho público de las provincias argentinas Juan Pedro Ramos,1914 *Historia de la historiografía argentina* Fernando Devoto,Nora Pagano,2014-02-01 Este libro es el primer intento en muchas d cadas de brindar una mirada integral en torno a las reflexiones sobre el pasado argentino a partir de la interpretaci n sistem tica ofrecida por Bartolom Mitre luego de la batalla de Caseros Desfilan as en las p ginas de este trabajo historiadores y otros cient ficos sociales cronistas y eruditos ensayistas y panfletistas que propusieron diferentes an lisis acerca de la historia argentina Su presentaci n est organizada en torno a distintas tradiciones intelectuales erudita positivista met dica revisionista marxista renovadora que los enmarcan y que presuponen dis miles estrategias de indagaci n El punto de llegada de la investigaci n de Fernando Devoto y Nora Pagano es el final de los a os sesenta y los comienzos de los a os setenta del siglo XX momento en que un vasto plan de renovaci n de los estudios hist ricos colapsa en el marco de la acentuada conflictividad pol tica e ideol gica de la Argentina de esos tiempos El libro no es solamente un itinerario a trav s de las distintas fases de la historiograf a acad mica o con vocaci n acad mica sino una propuesta para mirarlas en su tensi n con aquellos otros estudiosos que desde fuera del campo profesional y a menudo en pugna con l ofrecieron lecturas alternativas El resultado es abigarrado y dispar complejo y pol mico tanto como lo fue la vida intelectual argentina en esos casi ciento veinte a os El lector podr as recorrer en este trabajo en una apretada s ntesis la manera en que tantos especialistas pensaron la historia argentina Es de esperar que de all emerja una visi n m s rica de esa misma historia en un pa s que ha hecho un h bito del debate acerca de su pasado en la pertinaz b squeda de hallar en l las claves del presente y del incierto futuro EL CAMINO DE LA SERVIDUMBRE A LA LIBERTAD MARTÍN CARRANZA TORRES ,2025-06-09 Argentina ha soportado durante demasiado tiempo las sombras opresivas del colectivismo atrapada en un ciclo interminable de servidumbre institucional El Camino de la Servidumbre a la Libertad se inspira en las ense anzas intemporales de Friedrich Hayek pero adaptado a nuestra realidad contempor nea Este libro no solo ofrece una cr tica incisiva de las instituciones que nos han conducido al borde del abismo explora c mo establecer las instituciones correctas mediante la comprensi n profunda de los valores que las sustentan Nos encontramos en un punto de inflexi n hist rico La elecci n del gobierno de Javier Milei marca el inicio de una nueva era en la que el respeto a la vida a la libertad y a la propiedad tiene la oportunidad real de convertirse en los cimientos de un nuevo contrato social Inspirado por la visi n institucional de grandes Nobeles de Econom a como Douglass North James Buchanan Elinor Ostrom y desde luego tambi n por dos grandes argentinos como Roberto Cortes Conde y Ezequiel Gallo y apalancado en el poder transformador de los

valores defendidos por Deirdre McCloskey Carranza Torres entiende que las instituciones y los valores no son elementos aislados se nutren y fortalecen mutuamente en un ciclo virtuoso Y es por ello que este libro es un llamado urgente a la acción aprovechando la exitosa narrativa que logró calar en la sociedad argentina a partir del discurso sobre valores que llevaron a la Presidencia a Javier Milei propone una guía para dismantelar las instituciones de la servidumbre y construir las de la libertad Porque más allá de las reformas estructurales reconoce que el verdadero cambio comienza en el tejido moral y cultural de la sociedad Valores e instituciones son inseparables y se refuerzan entre sí Las instituciones correctas florecen en un entorno donde los valores de libertad responsabilidad y respeto están arraigados y a su vez estas instituciones promueven y consolidan dichos valores en la ciudadanía No se trata simplemente de eliminar regulaciones o reducir el tamaño del Estado sino de emprender una transformación integral que coloque a los individuos como protagonistas de su propio destino Las instituciones que permiten prosperar y ser dueños de nuestras vidas no emergen del vacío o se construyen sobre una base sólida de valores compartidos y promovidos activamente Hoy más que nunca estamos en posición de alinear nuestros valores con las instituciones que anhelamos creando un futuro donde ambos se potencien mutuamente El Camino de la Servidumbre a la Libertad no es solo un libro es un manifiesto para un país que finalmente tiene la oportunidad de romper las cadenas del clientelismo el estatismo y la corrupción Es una invitación a comprender que el renacimiento argentino depende de nuestra capacidad para cultivar los valores que sostienen las instituciones de la libertad Al hacerlo forjaremos una sociedad donde la cooperación voluntaria la innovación y el respeto mutuo sean las claves de una prosperidad duradera Eleonora Urrutia

The Western Codification of Criminal Law Aniceto Masferrer, 2018-03-09 This volume addresses an important historiographical gap by assessing the respective contributions of tradition and foreign influences to the 19th century codification of criminal law More specifically it focuses on the extent of French influence among others in European and American civil law jurisdictions In this regard the book seeks to dispel a number of myths concerning the French model's actual influence on European and Latin American criminal codes The impact of the Napoleonic criminal code on other jurisdictions was real but the scope and extent of its influence were significantly less than has sometimes been claimed The overemphasis on French influence on other civil law jurisdictions is partly due to a fundamental assumption that modern criminal codes constituted a break with the past The question as to whether they truly broke with the past or were merely a degree of reform touches on a difficult issue namely the dichotomy between tradition and foreign influences in the codification of criminal law Scholarship has unfairly ignored this important subject an oversight that this book remedies

Intendencias y provincias en la historia argentina María Laura San Martino de Dromi, 1999 **Uruguay in Transnational Perspective** Pedro Cameselle-Pesce, Debbie Sharnak, 2023-07-28 Most of the world knows Uruguay only for its soccer team or its vaunted title as the Switzerland of South America an enduring moniker given to the country for its earlier social welfare policies and relative stability Even many scholarly narratives of Latin America fail to integrate the

country into historical accounts reducing the country to as one historian has explained a periphery within the periphery that is Latin America This volume challenges that characterization taking one of the most innovative small states in the region and analyzing its transnational influence on the world Uruguay in Transnational Perspective takes a broad look at the country s three hundred year history connecting imperial practices and resistance Afro Latin movements and feminist firebrands among others to understand how the country and its citizens have influenced and shaped regional and global historical narratives in a way that has thus far been overlooked With a true collaboration between scholars of the Global North and Global South the volume is both transnational in its scholarly focus and its production Its interdisciplinary nature offers a broad range of perspectives from leading scholars in the field to re evaluate Uruguay s impact on the global stage **G.K.**
