

Life's Railway to Heaven

Eliza R. Snow & M. E. Abbey, 19th Century

Charles Davis Tillman, 1991

1 Life is the narrow-gauge rail-road, where we are bound to travel;
2 You will not go faster if you are not on the right track;
3 You will not go faster if you are not on the right track;
4 For you will not cross the divide of sin and death, and then You'll

make the journey safely, for the Lord is the only one who can
guide you through the dark and stormy night, and lead you to the
light of heaven, where you will be forever with Him, and
where you will be forever with Him, and where you will be forever with Him.

Train Tracks by Gayle Letherby and Gillian Reynolds, 2020-08-25. This book provides an in-depth exploration of trains and train travel. Letherby and Reynolds have conducted extensive research with all those concerned with trains, from leisure travelers and enthusiasts to railway workers and commuters. Overturning conventional wisdom, they show that the train has a social life in and of itself and is not simply a way to get from A to B. The book also looks at the depiction of train travel through cultural media such as music, films, books, and art. The authors consider the personal politics of train travel and political discussion surrounding the railways, as well as the relationship trains have to leisure and work. The media often paints a gloomy picture of the railways, and there is a general view that the romance of train travel ended with the steam locomotive. Letherby and Reynolds show that this is far from the case.
