Railways Through The Thames Valley:

Railways Through the Thames Valley C. R. L. Coles, 1982 *Railways Through the Vale of the White Horse* Adrian Vaughan, 2015-01-26 This commemorative history of the railways of the beautiful Oxfordshire district Vale of the White Horse running twenty seven miles from Steventon to Wootton Bassett covers the route from the opening in 1840 until 1965 when British Rail withdrew all the local passenger services between Didcot and Swindon and all the intermediate stations were closed With personal insight and images from railway historian Adrian Vaughan the book covers the Great Western Railway's development of the route as part of Brunel's Bristol Railway and shows the original correspondence between Brunel and his staff Fully illustrated with hundreds of historical photographs and detailed track diagrams *Railways Through the Vale of the White Horse* is an ideal resource for anyone with an interest in this scenic railway route and a nostalgia for the early days of railways in Britain Includes the building and progression of all the stations from Steventon to Wootton Bassett station staff passenger statistics and goods income reports the signal boxes introduced in 1874 through to their abolition between 1965 and 1968 Fully illustrated with 200 black white images and 37 diagrams of the track layouts *Railway Times* ,1865

The Railway Times ,1911 **The railway shareholder's manual; or Practical guide to all the railways in the world** Henry Tuck, 1846 *A Historical Dictionary of Railways in the British Isles* David Wragg, 2009-04-21 Railways played a key role in Britain's social economic and industrial history These companies have long since gone but all over the country relics remain to remind us of that pioneering age David Wragg's *Historical Dictionary of Railways in the British Isles* is a comprehensive single volume reference guide to the old railway companies and their heritage He provides brief histories of the companies and their many sided activities and he gives biographies of the men who created the rail network He covers what is now the Irish Republic and Northern Ireland as well as the Channel Islands and the Isle of Man His book is essential reading and reference for enthusiasts of every region and period of railway history *Railways of Oxford* Laurence Waters, 2020-09-30 An authoritative history of the railways of Oxford and how they transformed the United Kingdom from the mid nineteenth century to the twenty first In *Railways of Oxford* historian Laurence Waters looks at the development of services and operations from Great Western's opening of the Oxford Railway in 1844 through to the present day This volume covers the development of the railway locally including the London and North Western Buckinghamshire Railway from Bletchley together with the five local branch lines The opening of the Great Western Great Central joint line in 1900 opened up regional travel across the United Kingdom During the Second World War the construction of a new junction at Oxford North created a direct link from the Great Western to the London Midland Scottish Railway branch to Bletchley and beyond These two junctions turned Oxford into a major railway center bringing a considerable increase in both passenger and freight traffic Today Oxford is as busy as ever with passenger services to London operated by Great Western Railway and Chiltern Trains and by Cross Country Trains the South and the North of England **The Electric Interurban Railways in America**

George Woodman Hilton, John Fitzgerald Due, 1964 One of the most colorful yet neglected eras in American transportation history is re created in this definitive history of the electric interurbans Built with the idea of attracting short distance passenger traffic and light freight the interurbans were largely constructed in the early 1900s The rise of the automobile and motor transport caused the industry to decline after World War I and the depression virtually annihilated the industry by the middle 1930s Part I describes interurban construction technology passenger and freight traffic financial history and final decline and abandonment Part II presents individual histories with route maps of the more than 300 companies of the interurban industry Reviews A first rate work of such detail and discernment that it might well serve as a model for all corporate biographies A wonderfully capable job of distillation Trains Few economic social and business historians can afford to miss this definitive study Mississippi Valley Historical Review All seekers after nostalgia will be interested in this encyclopedic volume on the days when the clang clang of the trolley was the most exciting travel sound the suburbs knew Harper s Magazine A fascinating and instructive chapter in the history of American transportation Journal of Economic History The hint that behind the grand facade of scholarship lies an expanse of boyish enthusiasm is strengthened by a lovingly amassed and beautifully reproduced collection of 37 photographs The Nation The Railway Magazine ,1915

The Railway Shareholder's Manual; Or, Practical Guide to All the Railways in the World, Completed, in Progress, and Projected Henry Tuck, 1847 **The Railway Chronicle** ,1845 *Official Illustrated Guide to the Great Western Railway* ,1897 **Conserving the Railway Heritage** Peter Burman, Michael Stratton, 2014-03-05 Great Britain not only invented the main line railway but has also led the way in its preservation not just locomotives and carriages but also the buildings and structures that bear witness to the confidence of railway developers architects and engineers This book defines the nature of the railway heritage from signalboxes viaducts tunnels and locomotive depots and then discusses priorities and the best practice for its conservation The subject is a strongly topical one due to current concern over privatization the effects of planned high speed rail links and lively debates concerning the role of the enthusiast in railway preservation

Appendix to the Journals of the House of Representatives of New Zealand New Zealand. Parliament. House of Representatives, 1879 **English Reports Annotated, 1866-1900** Maxwell Alexander Robertson, 1866 Municipal Journal ,1898 *Local and Personal Laws* Great Britain, 1862 **Electric Railway Review** ,1900 The Law Journal Reports ,1866 **The Law Journal for the Year 1832-1949** ,1866
