Rainbow Warrior:

Rainbow Warriors Maite Momo, 2014-10-20 Following the lives of the three ships with the name Rainbow Warrior this book written by a long serving Greenpeace activist tells the inside stories of life on board and recounts some of the ship's most exciting adventures and actions. It is at once a narrative of real life on board a history of some of the most famous vessels in the world and also a history of Greenpeace itself which goes beyond the oceans and touches on many aspects of the organization's work. In the end though it aims to bring out the personal stories and firsthand accounts of the ships' adventures tales from the high seas full of action and daring but also of humanity and great compassion. Starting with the early life of Greenpeace and the bombing of the Rainbow Warrior I by the French secret service through to the imprisonment of the Arctic 30 by the Russians the stories are brought to life with photos from the Greenpeace archives maps and nautical charts. The most symbolic items belonging to the ship's historical inventory are also included. Maite Momo has been a Greenpeace activist for over ten years. With the sea in her blood she started on a small boat the Zorba and then moved on to crew for the Arctic Sunrise, Esperanza and Rainbow Warrior. Spending half her year at sea she has sailed from pole to pole taken part in numerous actions and has put herself between the harpoon and the whale. *Wake of the Rainbow Warrior* Trooper, 2002-11-18 Nyles Hawkspurr former SAS officer living in New Zealand. In July 1989 he learns that Major Alain Mafart convicted for the bombing of the Rainbow Warrior is serving in the French Military Academy. Hawkspurr decides to kidnap Mafart and return him to justice in New Zealand. To gather his old companions Hawkspurr travels to Hong Kong. He journeys on to Borneo and spends a hilarious evening in the Iban tribal Longhouse. In Kenya he and his former sergeant ambush French agents. Cyprus is the home of Hawkspurr's oldest friends who operate a tourist cruiser. He moves through Italy to the Island of Jersey and discovers that the real leader of the bombing is an old antagonist Von Harzburg. After a successful kidnap from Paris the team and their prisoner escape by glider to the cruiser which transports them to Egypt after a sneak attack by sea borne commandos. Trapp,2011-06-02 The rules of state responsibility have an important but under utilized role to play in the terrorism context They determine both whether a breach of primary obligations has occurred through the rules of attribution and the consequences which flow from that breach including the possible adoption of responsive measures by injured states This book explores the substantive international legal obligations and rules of state responsibility applicable to international terrorism and examines the problems and prospects for effectively holding states responsible for internationally wrongful acts related to terrorism In particular it analyses the way in which the implementation of state responsibility for international terrorism may be affected by the self determination debate any applicable lex specialis including the jus in bello and sub systems of international law such as the WTO as well as the interaction between determinations of individual criminal responsibility and the implementation of state responsibility The international community has responded to the threat of

international terrorism both through a security *jus ad bellum* paradigm and by creating an international criminal law framework to address the conduct of non state terrorist actors The secondary rules of state responsibility analysed in this book cut across both approaches as they apply whether states breaching their primary obligations relating to terrorism through participation in or a failure to prevent or punish terrorism While this book identifies a number of problems in implementing state responsibility for international terrorism it also highlights the prospects for the rules of state responsibility to make a crucial contribution to maintaining respect for obligations which lie at the very foundations of the contemporary international legal order and to restoring the relationships between states if those obligations are breached
