

RATIONALIST CRITICISM of GREEK TRAGEDY

The Nature, History, and Influence
of a Critical Revolution

JAMES E. FORD

Rationalist Criticism Of Greek Tragedy The Nature History And Influence Of A Critical Revolution

Richard Kaczynski

Rationalist Criticism Of Greek Tragedy The Nature History And Influence Of A Critical Revolution:

Rationalist Criticism of Greek Tragedy James E. Ford, 2005 Literary critical revolutions radical shifts in interpretation and evaluation of literary works and their authors are among the most interesting of cultural phenomena In order to gain greater understanding of the mechanisms of all critical revolutions Rationalist Criticism in Greek Tragedy examines the late nineteenth century rehabilitation of Euripides Some of the factors which contributed to the Euripidean revolution are well known but one which is not one which has been generally forgotten when it has not actually been denied is the role of Rationalist Criticism Rationalist Criticism founded and dominated by infamous Cambridge University Classicist and English scholar A W Verrall was generally deprecated by mainstream classicists when it first appeared and those who happen to come upon it today tend to treat it dismissively a tendency the great classicist Eduard Fraenkel thought should be strongly resisted The influence of Rationalist Criticism inside and outside of classical studies has been much greater than has been generally supposed James E Ford makes the case for the larger significance of what Verrall and the Rationalist Critics were doing within the history not just of Euripidean criticism but of literary studies generally Ford reads the rationalists on their own terms drawing on the disciplines of the history of scholarship and the history and theory of literary criticism making this study unique It should appeal to anyone interested in intellectual history especially instances of significant intellectual changes a la Kuhnian revolutions and especially changes in the interpretation and evaluation of authors and their works The work should be of specific interest to classicists academic historians and critical theorists **Rationalist Criticism of**

Greek Tragedy James E. Ford, 2005-01-01 This book examines one of the most radical and precipitous instances in the shift in interpretation and evolution of literary works and their authors Specifically Rationalist Criticism of Greek Tragedy focuses on the rehabilitation of Euripides in the late nineteenth century including the crucial role played by the classicist and English scholar A W Verrall *The Owl of Minerva: the Cambridge Praelections of 1906* Christopher Stray, 2020-08-30 This volume studies Sir Richard Jebb Regius Professor of Greek at Cambridge until his death in 1905 and the public competition praelections in which five scholars James Adam Walter Headlam Henry Jackson William Ridgeway and Arthur Verrall competed to become his successor Eight essays are followed by Wilamowitz's entertaining review of the five candidates orations with a new translation by E J Kenney [Friendship in Doubt](#) Richard Kaczynski, 2024 Rebellious against Victorian religious and social strictures occultist Aleister Crowley soldier J F C Fuller and poet Victor Neuburg were active contributors and participants in the British secularist movement at the dawn of the twentieth century Friendship in Doubt examines how the Agnostic movement inspired and introduced them to each other as foundational figures in the new religious movement of Thelema **Brill's Companion to the Reception of Euripides**, 2015-09-01 Brill's Companion to the Reception of Euripides provides a comprehensive account of the influence and appropriation of all extant Euripidean plays since their inception from antiquity to modernity across cultures and civilizations from multiple perspectives and within

a broad range of human experience and cultural trends namely literature intellectual history visual arts music opera and dance stage and cinematography A concerted work by an international team of specialists in the field the volume is addressed to a wide and multidisciplinary readership of classical reception studies from experts to non experts Contributors engage in a vividly and lively interactive dialogue with the Ancient and the Modern which while illuminating aspects of ancient drama and highlighting their ever lasting relevance offers a thoughtful and layered guide of the human condition

Oscar Wilde and Classical Antiquity Kathleen Riley, Alastair Blanshard, Iarla Mann, 2018 Few authors of the Victorian period were as immersed in classical learning as Oscar Wilde Although famous now and during his lifetime as a wit aesthete and master epigrammist Wilde distinguished himself early on as a talented classical scholar studying at Trinity College Dublin and Oxford and winning academic prizes and distinctions at both institutions His undergraduate notebooks as well as his essays and articles on ancient topics reveal a mind engrossed in problems in classical scholarship and fascinated by the relationship between ancient and modern thought His first publications were English translations of classical texts and even after he had left Parnassus for Piccadilly antiquity continued to provide him with a critical vocabulary in which he could express himself and his aestheticism an intellectual framework for understanding the world around him and a compelling set of narratives to fire his artist's imagination His debt to Greece and Rome is evident throughout his writings from the sparkling wit of society plays like *The Importance of Being Earnest* to the extraordinary meditation on suffering that is *De Profundis* written during his incarceration in Reading Gaol *Oscar Wilde and Classical Antiquity* brings together scholars from across the disciplines of classics ancient history English literature theatre and performance studies and the history of ideas to explore the varied and profound impact that Graeco Roman antiquity had on Wilde's life and work This wide ranging collection covers all the major genres of his literary output it includes new perspectives on his most celebrated and canonical texts and close analyses of unpublished material revealing as never before the enduring breadth and depth of his love affair with the classics

Rationalizing Myth in Antiquity Greta Hawes, 2014-05-29 The Greek myths are characteristically fabulous they are full of monsters metamorphoses and the supernatural However they could be told in other ways as well This volume charts ancient dissatisfaction with the excesses of myth and the various attempts to cut these stories down to size by explaining them as misunderstood accounts of actual events In the hands of ancient rationalizers the hybrid forms of the Centaurs become early horse riders seen from a distance the Minotaur the result of an illicit liaison not an inter species love affair and Cerberus nothing more than a notorious snake with a lethal bite Such approaches form an indigenous mode of ancient myth criticism and show Greeks grappling with the value and utility of their own narrative traditions Rationalizing interpretations offer an insight into the practical difficulties inherent in distinguishing myth from history in ancient Greece and indeed the fragmented nature of myth itself as a conceptual entity By focusing on six Greek authors Palaephatus Heraclitus Excerpta Vaticana Conon Plutarch and Pausanias and tracing the development of rationalistic interpretation from

the fourth century BC to the Second Sophistic first to second centuries AD and beyond Rationalizing Myth in Antiquity shows that far from being marginalized as it has been in the past rationalization should be understood as a fundamental component of the pluralistic and shifting network of Greek myth as it was experienced in antiquity *Plutarch's Cosmological Ethics* Bram Demulder, 2022-07-07 A groundbreaking and wide ranging presentation of Plutarch's ethics based on the cosmological foundation of his ethical thought Plutarch of Chaeronea c 45 120 CE is the most prolific and influential moral philosopher in the Platonic tradition This book is a fundamental reappraisal of Plutarch's ethical thought It shows how Plutarch based his ethics on his particular interpretation of Plato's cosmology our quest for the good life should start by considering the good cosmos in which we live The practical consequences of this cosmological foundation permeate various domains of Greco Roman life the musician the organiser of a drinking party and the politician should all be guided by cosmology After exploring these domains this book offers in depth interpretations of two works which can only be fully understood by paying attention to cosmological aspects *Dialogue on Love* and *On Tranquillity of Mind* **Proceedings** Cambridge Philological Society, 2005 *Short Story*, 2006 *American Book Publishing Record*, 2005 *Choice*, 2006 **The British National Bibliography** Arthur James Wells, 2006 *Rationalist Criticism of Greek Tragedy* James E. Ford, 1981 **Nietzsche as Stylist** Martine Béland, 2024-05-14 Although he had a short career German philosopher Friedrich Nietzsche was a prolific writer publishing seventeen books in the span of seventeen years Convinced that style must live he focused obsessively on a wide variety of factors that could potentially affect readers uptake of his work from the craft of preface writing to punctuation choices to the aesthetics of book jackets Nietzsche as Stylist traces the emergence of the philosopher's idiosyncratic writing style as he experimented with various rhetorical approaches Introducing a contextual and historical sensibility to readings of Nietzsche's published and unpublished works as well as his correspondence his journal entries and other documents he interacted with such as reviews of his work the book highlights how Nietzsche's style evolved in relation to his life and world Martine Béland situates his writings within contemporaneous debates about the professionalization of academia by resisting what he felt was an anti philosophical climate Nietzsche developed a synesthetic and performative style hoping that his philosophical ideas could engage diverse readers in multiple ways Through careful stylistic and contextual analysis Nietzsche as Stylist explores how Nietzsche cultivated skills as a rhetorician and a writer to bring philosophy into a wider field of attention thought and experience **The Classical Tradition** Anthony Grafton, Glenn W. Most, Salvatore Settis, 2010-10-25 A vast cabinet of curiosities Stephen Greenblatt Eclectic rather than exhaustive less an encyclopedia than a buffet Frederic Raphael *Literary Review* How do we get from the polis to the police Or from Odysseus's sirens to those of an ambulance The legacy of ancient Greece and Rome is all around us imitated resisted reworked and misunderstood In this beautifully illustrated and encyclopedic compendium a team of leading scholars investigates the afterlife of this rich heritage in the fields of literature philosophy art architecture history politics religion and science From

Academy to Zoology Aristotle and the Argonauts to Pegasus and Persia The Classical Tradition looks at facts and adages people places and ideas to reveal how the Classical tradition has shaped human endeavors from government to medicine drama to urban planning legal theory to popular culture At once authoritative and accessible learned and entertaining it illuminates the vitality of these enduring influences

Enjoying the Track of Term: An Mental Symphony within **Rationalist Criticism Of Greek Tragedy The Nature History And Influence Of A Critical Revolution**

In a global taken by monitors and the ceaseless chatter of quick interaction, the melodic elegance and mental symphony produced by the published word frequently fade into the background, eclipsed by the relentless sound and disturbances that permeate our lives. Nevertheless, nestled within the pages of **Rationalist Criticism Of Greek Tragedy The Nature History And Influence Of A Critical Revolution** a marvelous fictional value overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, that fascinating masterpiece conducts visitors on an emotional journey, skillfully unraveling the concealed tunes and profound impact resonating within each cautiously crafted phrase. Within the depths with this poignant review, we will explore the book is main harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
