*Supporting Diversity and Inclusion with Story* Lyn Ford, Sherry Norfolk, 2020-02-06 Today s increasingly interconnected and globalized world demands that students be taught to appreciate human diversity and recognize universally held values and beliefs Authentic culturally based folktales can lay the foundation for this cultural understanding

Professional storytellers like editors Sherry Norfolk and Lyn Ford are deeply committed to bringing people together through story. In this book they have identified a group of culturally diverse storytellers whose carefully researched tales authentically reflect the cultures from which they come. The book includes well-crafted culturally authentic folktales contributed by storytellers of varying cultures and ethnicities. Commentaries from the contributors follow each tale, reflecting on the story and its significance to the culture it represents. Sets of questions for teachers and librarians also accompany each story to facilitate discussion. Teachers, librarians, and information specialists find that stories engage students' attention and empathy. The commentaries provide insights into the significance of cultural norms, customs, and beliefs represented in the story, and the discussion questions and guides help them drill down with students to achieve deeper understanding. Resource lists of additional relevant materials at the end of each section promote continued learning. Goldwhiskers Heather Vogel Frederick, 2013-04-02

When Glory Goldenleaf mouse private eye lands in London she's ready for a vacation. But she soon discovers that Goldwhiskers, the richest rat in the world, has enslaved a helpless cadre of mouse orphans to steal diamonds. Can Glory save the orphans and dethrone Goldwhiskers? Illustrations **Mouse vs. Cat in Chinese Literature**, 2019-03-18

In literatures worldwide, animal fables have been analyzed for their revealingly anthropomorphic views, but until now little attention has been given to the animal tales of China. The complex competitive relationship between rodents vilified as thieves of grain and the felines with whom they are perennially at war is explored in this presentation of Chinese tales about cats and mice. Master translator Wilt Idema situates them in an overview of animal tales in world literature in the Chinese literary tradition as a whole and within Chinese imaginative depictions of animals. The tales demonstrate the animals' symbolism and their unusually prominent and verbal role in the stories. These readings depict cats and mice in conflict in marital bonds and in litigation, most centrally in a legal case of a mouse against a cat in the underworld court of King Yama. Many of the stories adopt the perspective of the mice as animals merely trying to survive while also recognizing that cats are natural hunters. This entertaining volume will appeal to readers interested in Chinese literature and society, comparative literature, and posthumanist consideration of human-animal relations. *Celtic Tales* J.
