Raven's End Ben Gadd,2013-05 Takes us into the complex world of ravens This book presents the adventures of a young raven who arrives unexpectedly with no memory of his past to join the Raven s End flock at Yamnuska east of Banff It describes how he learns about the beautiful and dangerous landscape **Stephen Harper and the Future of Canada**

William Johnson,2006-09-19 William Johnson was the first to write a book about Stephen Harper and he has become the authority on Harper Who is this man Everyone knows that he became leader of the Alliance Party and against all odds gathered in the old Conservative Party to create a force designed to win power Yet what are his core beliefs Where will he takes us now that he has gained power William Johnson has researched the Harper family background and the historical context that shaped Harper s political career He paints a fascinating picture of a man who like Pierre Trudeau trained mentally for political power like an athlete training for the Olympics yet is not a natural politician and never really wanted the political leader s life By studying Harper s approach to the main issues in Canadian politics he shows that Harper is a sophisticated political operative far more complex and intellectual than the right wing Republican image that has been created for him For the paperback edition Johnson has updated this serious objective biography with several new chapters taking us right up through Harper s early days in power **Fodor's Canadian Rockies** Fodor's Travel Guides,2022-04-26

Raven's End Ben Gadd, 2003. This extraordinary book takes us into the complex world of ravens. Over the course of four seasons in the Rocky Mountains we follow the adventures of Colin, a young raven who arrives unexpectedly with no memory of his past to join the Raven's End flock at Yamnuska east of Banff. He learns about the beautiful and dangerous landscape that is their home and participates in the daily ritual of morning Flaps when the flock exchanges news about food sources, weather, births and deaths. Colin's new flockmates include Greta, the wise elder nestmate and parents Molly and Zack who are raising hungry and hilarious nestlings, spunky adolescents Sarah and Brendan and two scoundrels named Dolus and Garth. As the seasons pass, Colin encounters a wide range of animals: ground squirrels, bears, ducks, lynx, pikas. He learns what it takes to survive: how to fight, cold, evade hunters, guns, fly in blizzards and scavenge from wolf kills, the flock's primary source of food in winter. Ravens live to fly and every day after supper the members of the flock all join in the evening Flight, honing their skills with daredevil spins and dives and reveling in the sheer joy of performing their graceful aerial ballet feats at which Colin excels. He is also a bird of exceptional bravery and intelligence and one who has the gift of second sight. But can these help him learn the truth about his origins? Written in graceful prose that whirls the reader aloft, *Raven's End* offers an unforgettable story of adventure that soars over the Rockies and beyond to the mountains of the imagination. **Robertson Davies** Val Ross, 2009-02-24. National bestseller and a Globe and Mail Best Book. A fascinating larger than life character, Davies left a treasure trove of stories about him when he died in 1995, expertly arranged here into a revealing portrait. From his student days onward, Robertson Davies made a huge impression on those around him. He was so clearly bound for a glorious future that some young friends even carefully preserved his letters. And everyone remembered their encounters with him. Later in life, as a world famous writer, perhaps Canada's pre-eminent man of letters who looked like Jehovah, he attracted people eager to meet him who also vividly remembered their meetings. So when Val Ross set out in search of people's memories, she was faced with a wonderful embarrassment of riches. The one hundred or so contributors here range very widely. There are family memories, of course, and memories from colleagues in the academic world who knew him as a professor and the founding master of Massey College at the University of Toronto. Predictably, there are other major writers like Margaret Atwood and John Irving. Less predictably, there are people from the world of Hollywood such as Norman Jewison and David Cronenberg who remember Davies on set, peering through a camera lens as he researched his newest novel. And we even hear from his barber and from his gardener, Theo Henkenhaf. Some speakers contribute just a lively paragraph, others several pages. Yet all of them, through the magic of Val Ross's art, help to create an intriguing, full-colour portrait of a complex man beloved by
