Chandlerstown Edward Thorpe, 1983 Les paysages de Los Angeles caractérisent presque autant le travail de l'écrivain Raymond Chandler que les gangsters charlatans et femmes riches et gâtées qui peuplent ses histoires de détectives Cet ouvrage parcourt tout Los Angeles en compagnie de Philip Marlowe l'un des personnages principaux des romans de Chandler

Chronicles the career of Raymond Chandler from an aspiring man of letters in London to a professional novelist and literary celebrity who achieved commercial success and established an enduring reputation as a great American novelist. His novels are works of perceptive social realism that capture and interpret American life between 1939 and 1959. He wrote seven of the best novels in the American hard-boiled tradition as well as lyrical and evocative prose. Daylight Noir Catherine Corman, 2009. Daylight Noir: Raymond Chandler's Imagined City comprises photographs of all the ominous forbidding locations in Los Angeles Chandler wrote about in his novels. These places from Malibu Pier to the Hollywood Sign from Union Station to the Beverly Hills Hotel from MGM Studios to Musso Frank's Grill form the literary geography of his imagination. Chandler was drawn to the Edward Hopper-like loneliness of the city, the separate existences that never finally merge. In these photographs Catherine Corman has given us as Jonathan Lethem writes in his preface a supremely evocative catalogue of haunted places: these streets and buildings we have erected in order to give order to our solitudes. **BOOK JACKET** **A Study Guide for Raymond Chandler's "The Big Sleep"** Gale, Cengage Learning, 2016-06-29. The Recursive Frontier Michael Docherty, 2024-05-01. *The Recursive Frontier* is an innovative spatial history of both the literature of Los Angeles and the city itself in the mid-twentieth century. Setting canonical texts alongside underexamined works and sources such as census bulletins and regional planning documents, Michael Docherty identifies the American frontier as the defining dynamic of Los Angeles fiction from the 1930s to the 1950s. Contrary to the received wisdom that Depression-era narratives mourn the frontier's demise, Docherty argues that the frontier lives on as a cruel set of rules for survival in urban modernity governing how texts figure race, space, mobility, and masculinity. Moving from dancehalls to offices to oil fields and beyond, the book provides a richer, more diverse picture of L.A.'s literary production during this period as well as a vivid account of L.A.'s cultural and social development as it transformed into the multiethnic megalopolis we know today. A Mysterious Something in the

Light Tom Williams, 2012-07-17 A remarkably detailed portrait of the famously hard boiled writer and creator of the popular gumshoe Philip Marlowe Publishers Weekly What we know of Raymond Chandler is shrouded in secrets and half truths as deceptive as anything in his magisterial novel *The Long Goodbye* Now drawing on new interviews previously unpublished letters and archives on both sides of the Atlantic literary gumshoe Tom Williams casts light on this most mysterious of writers The Chandler revealed is a man troubled by loneliness and desertion from an early age experiences that fueled his writing as much as they scarred his life Born in Chicago in 1888 his childhood was overshadowed by the cruel collapse of his parents marriage and his father s alcohol fueled violence After his mother fled America Chandler was schooled in London but felt constrained by the stuffy English class system eventually returning to the land of his birth where in corruption ridden Los Angeles he met his one great love Cissy Pascal a married woman eighteen years his senior It was only during middle age after his own alcoholism wrecked a lucrative career as an oilman that Chandler seriously turned to crime fiction although his success was to prove bittersweet An obsessive attitude towards his craft unrealized literary ambitions and a suicidal turn after Cissy s death combined to prevent him from recapturing the verve of his earlier writing But his legacy the lonely ambiguous world of Philip Marlowe endures compelling generation after generation of crime writers to go down mean streets In this long awaited new biography the most thorough and comprehensive yet written Tom Williams shadows one of the twentieth century s true literary giants and considers how crime was raised to the level of art Praise for *A Beautiful Something* in the Light Williams dutifully records these facts but deftly keeps the reader interested *A Beautiful Something* in the Light is well researched but because it is so well written it should be of interest to scholars and mystery fans alike Washington Independent Review of Books Outstanding Williams writes sensitively about the Cissy relationship and delves illuminatingly into the composition of Chandler s masterpieces Thanks to his biography Chandler himself is a less mysterious something than he was Sunday Times UK Precise kindly and necessary Scotland on Sunday UK A clear eyed compassionate biography Kirkus Reviews *Golden Dreams* Kevin Starr, 2011-09-09 A narrative tour de force that combines wide ranging scholarship with captivating prose Kevin Starr s acclaimed multi volume *Americans and the California Dream* is an unparalleled work of cultural history In this volume Starr covers the crucial postwar period 1950 to 1963 when the California we know today first burst into prominence Starr brilliantly illuminates the dominant economic social and cultural forces in California in these pivotal years In a powerful blend of telling events colorful personalities and insightful analyses Starr examines such issues as the overnight creation of the postwar California suburb the rise of Los Angeles as Super City the reluctant emergence of San Diego as one of the largest cities in the nation and the decline of political centrism He explores the Silent Generation and the emergent Boomer youth cult the Beats and the Hollywood Rat Pack the pervasive influence of Zen Buddhism and other Asian traditions in art and design the rise of the University of California and the emergence of California itself as a utopia of higher education the cooling of West Coast jazz freeway and water projects of heroic

magnitude outdoor life and the beginnings of the environmental movement More broadly he shows how California not only became the most populous state in the Union but in fact evolved into a mega state en route to becoming the global commonwealth it is today Golden Dreams continues an epic series that has been widely recognized for its signal contribution to the history of American culture in California It is a book that transcends its stated subject to offer a wealth of insight into the growth of the Sun Belt and the West and indeed the dramatic transformation of America itself in these pivotal years following the Second World War
