**Singing Sappho** Melina Esse, 2021-04-06 From the theatrical stage to the literary salon the figure of Sappho the ancient poet and inspiring icon of feminine creativity played a major role in the intertwining histories of improvisation text and performance throughout the nineteenth century Exploring the connections between operatic and poetic improvisation in Italy and beyond Singing Sappho combines earwitness accounts of famous female improviser virtuosi with erudite analysis of musical and literary practices Melina Esse demonstrates that performance played a much larger role in conceptions of musical authorship than previously recognized arguing that discourses of spontaneity specifically those surrounding the improvisatrice or female poetic improviser were paradoxically used to carve out a new authority for opera composers just as improvisation itself was falling into decline With this novel and nuanced book Esse persuasively reclaims the agency of performers and their crucial role in constituting Italian opera as a genre in the nineteenth century

**The Gift of the Nile** Phiroze Vasunia, 2001-12-04 The Egyptians mesmerized the ancient Greeks for scores of years The Greek literature and art of the classical period are especially thick with representations of Egypt and Egyptians Yet despite numerous firsthand contacts with Egypt Greek writers constructed their own Egypt one that differed in significant ways from actual Egyptian history society and culture Informed by recent work on orientalism and colonialism this book unravels the significance of these misrepresentations of Egypt in the Greek cultural imagination in the fifth and fourth centuries B C E Looking in particular at issues of identity otherness and cultural anxiety Phiroze Vasunia shows how Greek authors constructed an image of Egypt that reflected their own attitudes and prejudices about Greece itself He focuses his discussion on Aeschylus Suppliants Book 2 of Herodotus Euripides Helen Plato s Phaedrus Timaeus and Critias and Isocrates Busiris Reconstructing the history of the bias that informed these writings Vasunia shows that Egypt in these works was shaped in relation to Greek institutions values and

ideas on such subjects as gender and sexuality death writing and political and ethnic identity This study traces the tendentiousness of Greek representations by introducing comparative Egyptian material thus interrogating the Greek texts and authors from a cross cultural perspective A final chapter also considers the invasion of Egypt by Alexander the Great and shows how he exploited and revised the discursive tradition in his conquest of the country Firmly and knowledgeably rooted in classical studies and the ancient sources this study takes a broad look at the issue of cross cultural exchange in antiquity by framing it within the perspective of contemporary cultural studies In addition this provocative and original work shows how Greek writers made possible literary Europe s most persistent and adaptable obsession the barbarian *Forthcoming Books* Rose Arny,1999-08 *Victim of the Muses* Todd Compton,2006 This book probes the narratives of poets who are exiled tried or executed for their satire It views the scapegoat as a group s dominant warrior sent out to confront predators or besieging forces Both poets and warriors specialize in madness and aggression and are necessary yet dangerous to society

*Sappho and Catullus in Twentieth-Century Italian and North American Poetry* Cecilia Piantanida,2021-01-14 Going beyond exclusively national perspectives this volume considers the reception of the ancient Greek poet Sappho and her first Latin translator Catullus as a literary pair who transmit poetic culture across the world from the early 20th century to the present Sappho s and Catullus reception has shaped a transnational network of poets and intellectuals helping to define ideas of origins gender sexuality and national identities This book shows that across time and cultures translations and rewritings of Sappho and Catullus articulate modernist poetics of myth and fragmentation forms of confessionalism and post modern pastiche The inquiry focuses on Italian and North American poetry as two central yet understudied hubs of Sappho s and Catullus modern reception also linked by a rich mutual intellectual exchange key case studies include Giovanni Pascoli Ezra Pound H D Salvatore Quasimodo Robert Lowell Rosita Copioli and Anne Carson and cover a wide range of unpublished archival material Texts are analysed and compared through reception and translation theories and inserted within the current debate on the Classics as World Literature demonstrating how sustained transnational poetic discourse employs the ancient pair to expand notions of literary origins and redefine poetry s relationship to human existence **International**
