A Companion to British Literature, Volume 4 Robert DeMaria, Jr., Heesok Chang, Samantha Zacher, 2013-12-13 A Companion to British Literature Victorian and Twentieth Century Literature 1837 2000 **Irishness and Womanhood in Nineteenth-Century British Writing** Thomas Tracy, 2017-11-30 In *The Wild Irish Girl* the powerful Irish heroine s marriage to a heroic Englishman symbolizes the Anglo Irish novelist Lady Morgan s re imagining of the relationship between Ireland and Britain and between men and women Using this most influential of pro union novels as his point of departure the author argues that nineteenth century debates over what constitutes British national identity often revolved around representations of Irishness especially Irish womanhood He maps out the genealogy of this development from Edgeworth s *Castle Rackrent* through Trollope s Irish novels focusing on the pivotal period from 1806 through the 1870s The author s model enables him to elaborate the ways in which gender ideals are specifically contested in fiction the discourses of political debate and social reform and the popular press for the purpose of defining not only the place of the Irish in the union with Great Britain but the nature of Britishness itself

Literature in a Time of Migration Josephine McDonagh, 2021-05-13 *Literature in a Time of Migration* offers a profound rethinking of British fiction in light of the new practices of human mobility that reshaped the nineteenth century world Building on the growing critical engagement with globalization in literary studies it confronts the paradox that at a time when transnational human

movement occurred globally on an unprecedented scale British fiction appeared to turn inward to tell stories of local places that valorized stability and rootedness In contrast this book reveals how literary works from the end of the Napoleonic Wars to the advent of the New Imperialism were active components of a culture of colonization and emigration Fictional texts as print commodities were enmeshed in technologies of transport and communication and innovations in literary form were spurred by the conditions and consequences of human movement Examining works by Scott Charlotte Bront Dickens and George Eliot as well as popular contemporaries Mary Russell Mitford John Galt and Thomas Martin Wheeler this volume demonstrates how literary texts overlap with an agenda set in public discussions of colonial emigration that they also helped to shape Debates about assisted emigration forced and free migration colonization settlement and the removal of native peoples figure in fictions in complex ways Read alongside writings by emigration theorists practitioners and enthusiasts for colonization fictional texts reveal a powerful and sustained engagement with British migratory practices and their worldwide consequences Literature in a Time of Migration is a timely reminder of the place and importance of migration within British cultural heritage

The Objects and Textures of Everyday Life in Imperial Britain Janet C. Myers,Deirdre H. McMahon,2017-05-15 Focusing on everyday life in nineteenth century Britain and its imperial possessions from preparing tea to cleaning the kitchen from packing for imperial adventures to arranging home decor the essays in this collection share a common focus on materiality the nitty gritty elements that helped give shape and meaning to British self definition during the period Each essay demonstrates how preoccupations with common household goods and habits fueled contemporary debates about cultural institutions ranging from personal matters of marriage and family to more overtly political issues of empire building While existing scholarship on material culture in the nineteenth century has centered on artifacts in museums and galleries this collection brings together disparate fields history of design landscape history childhood studies and feminist and postcolonial literary studies to focus on ordinary objects and practices with specific

attention to how Britons of all classes established the tenets of domesticity as central to individual happiness national security and imperial hegemony **Creole Crossings** Carolyn Vellenga Berman, 2018-07-05 The character of the Creole woman the descendant of settlers or slaves brought up on the colonial frontier is a familiar one in nineteenth century French British and American literature In *Creole Crossings* Carolyn Vellenga Berman examines the use of this recurring figure in such canonical novels as *Jane Eyre* *Uncle Tom's Cabin* and *Indiana* as well as in the antislavery discourse of the period Creole in its etymological sense means brought up domestically and Berman shows how the campaign to reform slavery in the colonies converged with literary depictions of family life Illuminating a literary genealogy that crosses political familial and linguistic lines *Creole Crossings* reveals how racial sexual and moral boundaries continually shifted as the century's writers reflected on the realities of slavery empire and the home front Berman offers compelling readings of the domestic fiction of Honor de Balzac Charlotte Bront Maria Edgeworth Harriet Jacobs George Sand Harriet Beecher Stowe and others alongside travel narratives parliamentary reports medical texts journalism and encyclopedias Focusing on a neglected social classification in both fiction and nonfiction *Creole Crossings* establishes the crucial importance of the Creole character as a marker of sexual norms and national belonging *The Postcolonial Jane Austen* You-Me Park, Rajeswari Sunder Rajan, 2015-03-24 This volume offers a unique contribution to both postcolonial studies and Austen scholarship by examining the texts to illumine nineteenth century attitudes to colonialism and the expanding Empire revealing a new range of interpretations of Austen's work each shaped by the critic's particular context exploring the ways in which the study of Austen's novels raises fresh issues for post colonial criticism Bringing together work by highly respected critics from four continents and a range of disciplines this newly paperbacked volume allows sometimes surprising and always fascinating new insights into some of the most frequently studied and best loved novels in the English language *Street Urchins, Sociopaths and Degenerates* David Floyd, 2014-02-15 From the notable emergence of orphan figures in late eighteenth century literature through early and middle period Victorian fiction and as this book argues well into the fin de siecle this potent literary type is remarkable for its consistent recurrence and its metamorphosis as a register of cultural conditions The striking ubiquity of orphans in the literature of these periods encourages inquiry into their metaphoric implications and the manner in which they function as barometers of burgeoning social concerns The overwhelming majority of criticism focusing on orphans centres particularly on the form as an early to middle century convention primarily found in social and domestic works in effect the non traditional aberrant at times Gothic orphan of the fin de siecle has been largely overlooked if not denied outright This oversight has given rise to the need for a study of this potent cultural figure as it pertains to preoccupations characteristic of more recent instances This book examines the noticeable difference between orphans of genre fiction of the fin de siecle and their predecessors in works including first wave Gothic and the majority of Victorian fiction and the variance of their symbolic references and cultural implications *Secrecy and Disclosure in Victorian Fiction*

Leila Silvana May, 2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria's coronation to the century's end May argues that the works of writers such as Charlotte Brontë William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May's theories of secrecy and disclosure are informed by the work of twentieth-century social scientists She emphasizes Georg Simmel's thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman's claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May's study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period's emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian

Alimentary Orientalism Yin Yuan, 2023-06-16 What exactly did tea sugar and opium mean in eighteenth and nineteenth-century Britain Alimentary Orientalism reassesses the politics of Orientalist representation by examining the contentious debates surrounding these exotic recently popularized and literally consumable things It suggests that the interwoven discourses sparked by these commodities transformed the period's literary Orientalism and created surprisingly self-reflexive ways through which British writers encountered and imagined cultural otherness Tracing exotic ingestion as a motif across a range of authors and genres this book considers how why and whither writers used scenes of eating drinking and smoking to diagnose and interrogate their own solipsistic constructions of the Orient As national and cultural boundaries

became increasingly porous such self reflexive inquiries into the nature and role of otherness provided an unexpected avenue for British imperial subjectivity to emerge and coalesce
