Read About Birds:

How to Read a Bird Wenfei Tong, 2020-09 Birds are intelligent sociable creatures that exhibit a wide array of behaviours from mobbing and mimicking to mating and joint nesting Why do they behave as they do Bringing to light the remarkable actions of birds through examples from species around the world HOW TO READ A BIRD presents engaging vignettes about the private lives of birds all explained in an evolutionary context Richly illustrated this book explores the increasing focus on how individual birds differ in personality and how big data and citizen scientists are helping to add to what we know about them *I Can Read about Birds* Ellen Schultz, 1996 Graceful birds soar through the sky every day From the time they hatch to their first flying lesson birds learn the secrets to survival **The a to Z Book of Birds** Michael P. Earney, 2015-11-18 While looking at my grand daughter's books with her it occurred to me that here at three years old she can identify images which bear little resemblance to the actual creatures portrayed whale giraffe ostrich etc At the zoo she recognizes the elephant tiger giraffe etc Why I wondered do children's books have such simplified renderings of animals She may not be able to read the names but she knows a giraffe is a giraffe Her father is an avid birder and can barely wait to take her birding so why not an alphabet book with realistic pictures of birds Thus *The A to Z Book of Birds An ABC for Young Bird Lovers* she will know her birds before she knows her alphabet I'm sure my grand daughter is not the only three year old genius out there This book is designed to be useful from age three to well beyond learning the alphabet when the text informative and entertaining will continue to teach and the paintings a guide to identification in the field **Look for a Bird** Edith Thacher Hurd, 1977-01-01 Simple facts and pictures introduce fourteen familiar American birds About Birds Cathryn P. Sill, 2002 Text and illustrations introduce the world of birds from eggs to flight from songs to nests **The How and Why Wonder Book of Birds** Robert Mathewson, 2012-09-01 Edited By Paul E Blackwood And Donald D Wolf **The Big Book of Birds** Yuval Zommer, 2019-06-25 The next Big Book in the series introduces young children to some of the most colorful magnificent silly and surprising feathered creatures from around the world Following up the hugely successful *The Big Book of Bugs The Big Book of Beasts and The Big Book of the Blue* *The Big Book of Birds* is a fact filled tour of the world's most wonderful winged creatures Yuval Zommer's distinctive illustrations show off some of the most colorful flamboyant impressive and wacky birds of the sky Picture book charm pairs with informative nonfiction to make a beautiful large format title for parents to share with young children and for older children to read by themselves The book draws in children and parents alike with captivating information about and charming illustrations of hummingbirds peacocks flamingos bald eagles secretary birds puffins red crowned cranes and more The book also invites young bird watchers to protect birds where they live and make their gardens bird friendly The text is chatty funny and full of remarkable facts Yuval Zommer's illustrations and fresh approach are what make this series feel distinct His glorious and quirky pictures appeal to young children who will relish the flighty questions and pithy facts about the most exciting creatures of the sky *The Burgess Bird Book for Children*

(*Illustrated*) Thornton Burgess, 2023-12-16 In *The Burgess Bird Book for Children* Thornton Burgess weaves an enchanting narrative that introduces young readers to the avian world through vivid storytelling and engaging illustrations. This book not only serves as an educational resource but also immerses children in a charming setting where birds take on personified characteristics, each sharing their unique traits and songs. With its lyrical prose and delightful illustrations, Burgess creates a captivating atmosphere that invites readers to marvel at nature while skillfully incorporating scientific facts about various bird species throughout the narrative. This blend of fiction and non-fiction positions the book within a rich literary context that aims to cultivate an early appreciation for wildlife and environmental awareness among children. Thornton Burgess, an influential naturalist and author renowned for his works in children's literature, drew upon his lifelong love of nature and keen observation as inspirations for this book. His extensive background in nature writing, combined with his commitment to educating young minds about the natural world, reflects in the intricate details and engaging storytelling that characterize his work. The profound understanding of ecology and a passion for conservation resonate strongly through his tales, providing a solid foundation for budding environmentalists. Ideal for children ages 5-10, *The Burgess Bird Book for Children* makes an excellent addition to any family library. Parents and educators will find it a valuable tool for fostering both literacy and a love of nature. With its engaging characters and delightful illustrations, this book not only entertains but also instills an appreciation for the beauty of the avian world, making it an essential read for any young explorer.
