Read My Clips Lewis Grossberger, 1991 **Reading the Signs and other itinerant essays** Stephen Benz, 2022-05-17

These essays travel near and far to explore landscapes of personal and cultural significance and the communities that inhabit them. At a time when we reexamine how policies of yesteryear shape equities in the present, award-winning writer Stephen Benz challenges readers to delve beyond whitewashed versions of history and reassess our treatment of native people and the environment with fresh critical eyes. From westward expansion and Manifest Destiny to the Cold War and the Global War on Terror, *Reading the Signs* prods myths and provides missing context around events touched by the American impulse to grab land and harvest resources both within and beyond our shores. These essays challenge us to search for missing layers of truth and decide which versions of history should prevail. With a wandering spirit and an inquisitive mind, Benz ventures around town, across country, and overseas in search of forgotten, overlooked, or misunderstood stories. From rock concerts and courthouses to farm towns, battlegrounds, historical sites, and quirky museums, these itinerant essays revel in discovering new wonders every mile. Along with *Topographies* (Etruscan Press) and two books of travel essays, *Guatemalan Journey* (University of Texas Press) and *Green Dreams* (Travels in Central America, Lonely Planet), Stephen Benz has published essays in *Creative Nonfiction*, *River Teeth*, *TriQuarterly*, *New England Review*, and other journals. Three of his essays have been selected for Best American Travel Writing 2003, 2015, 2019. His poems have appeared in journals such as *Nimrod*, *Shenandoah*, and *Confrontation*, as well as in a full-length collection, *Americana Motel*, published by Main Street Rag Press. Benz now teaches professional writing at the University of New Mexico.

Impossible Realities Maureen Caudill, 2012-09-01 *Impossible Realities* is one of the first books to examine the science behind psychic and paranormal activity. A former Defense Department expert on artificial intelligence, Maureen Caudill provides evidence for a wide range of paranormal phenomena. *Impossible Realities* presents a wealth of anecdotal and empirical evidence to prove the existence and power of psychokinesis, most famously spoon bending, remote viewing, energy healing, telepathy, animal telepathy, precognitions, survival after death, reincarnation. Caudill presents the strongest case yet for bringing paranormal phenomena from the margins into the realm of the normal and credible. This is a book both for true believers and skeptics alike.

Homelands Alfredo Corchado, 2018-06-05 From prizewinning journalist and immigration expert Alfredo Corchado comes the sweeping story of the great Mexican migration from the late 1980s to today. *Homelands* is the story of Mexican immigration to the United States over the last three decades. Written by Alfredo Corchado, one of the most prominent Mexican American journalists, it is told from the perspective of four friends who first meet in a Mexican restaurant in Philadelphia in 1987. One was a radical activist, another a restaurant tequila entrepreneur, the third a lawyer, politician, and the fourth, Alfredo, a hungry young reporter for the *Wall Street Journal*. Over the course of thirty years, the four friends continued to meet, coming together to share stories of the turning points in their lives: the death of parents, the births of children, professional milestones, stories

from their families north and south of the border Using the lens of this intimate narrative of friendship the book chronicles one of modern America s most profound transformations during which Mexican Americans swelled to become our largest single minority changing the color economy and culture of America itself In 1970 the Mexican population was just 700 000 people but despite the recent decline in Mexican immigration to the United States the Mexican American population has now passed three million a result of high birth rates here in the United States In the wake of the nativist sentiment unleashed in the recent election *Homelands* will be a must read for policy makers activists Mexican Americans and all those wishing to truly understand the background of our ongoing immigration debate **Spy** ,1989-11 Smart Funny Fearless It s pretty safe to say that *Spy* was the most influential magazine of the 1980s It might have remade New York s cultural landscape it definitely changed the whole tone of magazine journalism It was cruel brilliant beautifully written and perfectly designed and feared by all There s no magazine I know of that s so continually referenced held up as a benchmark and whose demise is so lamented Dave Eggers It s a piece of garbage Donald Trump Huwaran/hulmahan Atbp Johven Velasco,2009 A compilation of film articles by Johven Velasco and his contribution as a film director educator and writer in the film industry in the Philippines

Remix Lawrence Lessig,2008-10-16 The reigning authority on intellectual property in the Internet age Lawrence Lessig spotlights the newest and possibly the most harmful culture a war waged against those who create and consume art America s copyright laws have ceased to perform their original beneficial role protecting artists creations while allowing them to build on previous creative works In fact our system now criminalizes those very actions *Remix* is an urgent eloquent plea to end a war that harms every intrepid creative user of new technologies It also offers an inspiring vision of the postwar world where enormous opportunities await those who view art as a resource to be shared openly rather than a commodity to be hoarded
