Culture, Society and Sexuality Richard Guy Parker, Peter Aggleton, 1999 This work offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research

Culture, Society and Sexuality Richard Parker, Peter Aggleton, 2007-01-24 Clearly structured and presented this new and revised edition brings together a broad and international selection of readings to provide insights into the social cultural political and economic dimensions of sexuality and relationships *The Routledge Handbook of Philosophy of Sex and Sexuality* Brian D. Earp, Clare Chambers, Lori Watson, 2022-05-23 This Handbook covers the most urgent controversial and important topics in the philosophy of sex It is both philosophically rigorous and yet accessible to specialists and non specialists covering ethics political philosophy metaphysics the philosophy of science and the philosophy of language and featuring interactions with neighboring disciplines such as psychology bioethics sociology and anthropology The volume s 40 chapters written by an international team of both respected senior researchers and essential emerging scholars are divided into eight parts I What is Sex Is Sex Good II Sexual Orientations III Sexual Autonomy and Consent IV Regulating Sexual Relationships V Pathologizing Sex and Sexuality VI Contested Desires VII Objectification and Commercialized Sex VIII Technology and the Future of Sex The broad scope of coverage depth in insight and research and accessibility in language make *The Routledge Handbook of Philosophy of Sex and Sexuality* a comprehensive introduction for newcomers to the subject as well as an invaluable reference work for advanced students and researchers in the field

Sexuality and Society Gargi Bhattacharyya, 2005-07-08 In this broad ranging introduction to the study of sexuality Gargi Bhattacharyya guides students through the key theoretical debates in the area from the early history of sexology through Foucault s technologies of self to Judith Butler on the performance of identity Bhattacharyya shows how these theoretical positions apply to sexuality as it is experienced in contemporary society and covers key topics such as the ideology of heterosexuality sex and the state sex race and the exotic age and sexuality sex education and pornography The book argues that the study of sexuality is an essential part of broader debates on gender race citizenship and community Topical and original it provides a systematic overview of theory combined with up to the minute discussion of social and race issues It gives students a lucid map of the terrain and an exciting starting point for their own investigations (Un)thinking Citizenship Amanda Gouws, 2017-03-02 The study of citizenship in the context of South Africa implicitly challenges the rights based democracy in South Africa while literature regarding women and citizenship has greatly contributed to a new understanding of citizenship Locally many global processes are reproduced in the discourse of rights claiming issues of institutional representation bodily integrity in the face of violence and care in the face of a lack of care This volume takes the debate of citizenship in South Africa in a more theoretical and empirical direction while engaging with knowledge produced elsewhere in the world As part of the Gender in a Local Global World series it investigates the making of gendered

citizenship institutionalization of gender politics the state of gendered policy making local citizenship rights the women's movement gendered violence as well as citizenship and the body **Culture, Health and Sexuality** Peter Aggleton, Richard Parker, Felicity Thomas, 2015-04-24 The last twenty years have seen a growth in multi disciplinary work in the area of sexuality culture and health What was once a set of specialist concerns has been steadily mainstreamed Alongside this a broader interest has developed in social and cultural factors relating to sexuality and sexual health from family planning and STI management to gender and intimate partner violence and the technologisation of sex This book offers a research based overview of key topics relevant to social and cultural perspectives on sexuality and sexual health Beginning with an extended introduction and divided into six sections it looks at culture sex and gender sexual diversity sex work migration and sexual violence Each section opens with an editorial discussion which places the theme and the chapters that follow in a contemporary context Six additional substantive chapters can be accessed online at www.routledge.com/cw/aggleton Including cutting edge conceptual and empirical material from around the world this is a key resource for students in and across a variety of academic disciplines in the social and health sciences It is especially suitable for readers from sexuality studies gender studies development studies anthropology and sociology as well as those with public health and social work backgrounds **A Companion to Moral Anthropology** Didier Fassin, 2012-08-06 A Companion to Moral Anthropology is the first collective consideration of the anthropological dimensions of morals morality and ethics Original essays by international experts explore the various currents approaches and issues in this important new discipline examining topics such as the ethnography of moralities the study of moral subjectivities and the exploration of moral economies Investigates the central legacies of moral anthropology the formation of moral facts and values the context of local moralities and the frontiers between moralities politics humanitarianism Features contributions from pioneers in the field of moral anthropology as well as international experts in related fields such as moral philosophy moral psychology evolutionary biology and neuroethics **Sociology and Human Rights: New Engagements** Patricia Hynes, Michele Lamb, Damien Short, Matthew Waites, 2014-02-25 Sociology and Human Rights New Engagements is the first collection to focus on the contribution sociological approaches can make to analysis of human rights Taking forward the sociology of human rights which emerged from the 1990s it presents innovative analyses of global human rights struggles by new and established authors The collection includes a range of new work addressing issues such as genocide in relation to indigenous peoples rights based approaches in development work trafficking of children and children's rights in relation to political struggles for the decriminalisation of same sex sexual activity in India It examines contexts ranging from Rwanda and South Korea to Northern Ireland and the city of Barcelona The collection as a whole will be of interest to students and academics working in various disciplines such as politics law and social policy and to practitioners working on human rights for various governmental and non governmental organisations as well as to sociologists seeking to develop understanding of the

sociology of human rights This book was published as a special issue of the International Journal of Human Rights

Equality in Asia-Pacific Phil C. W. Chan, 2014-02-04 In 1948 the United Nations General Assembly proclaimed the Universal Declaration of Human Rights stating every human being's right of equality in dignity and right. However, notwithstanding recognition by the international community of its importance and codification in numerous national and sub-national constitutions and legislation reinforced by various multilateral and regional human rights treaties, the right of equality continues to be unable to take complete firm hold in all regions and countries. Evidence as presented by the insightful papers in this collection, published initially as a Special Double Issue of The International Journal of Human Rights, dedicated to exploring the place of equality in Asia-Pacific societies suggests that although progress is being made, the right of equality has not yet fully materialized both in law and in reality in the world's most populous region. Many factors, particularly entrenched cultural heritage and practices, the lingering effects of colonialism and newly found independence, and above all pervasive ignorance and prejudices continue to impede the recognition, development, and protection of equality in this region. Of course, equality, a normative right and entitlement by virtue of our humanity, has neither been fully achieved in societies outside the region. Such neo-colonial thinking, in fact, perpetuates and assists in the subjugation of the right of equality in the Asia-Pacific Region as a matter of relevance and concern only to Western countries. Accordingly, we hope that our discussions will also be able to shed light and generate reflections on realities outside the region as interlinked with our aim. The Editor's book fee has been donated to the UNICEF Tsunami Fund. This book was previously published as a special issue of The International Journal of Human Rights.

The Gendered Society Reader Michael S. Kimmel, Amy Aronson, 2011

The battle between the sexes has raged on for centuries; however, are men and women really from different planets? In *The Gendered Society Reader*, Fourth Edition, coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices, both male and female, classic and contemporary, to examine various interpretations of gender. These lively, in-depth readings explore gender discourse over a wide range of disciplines, focusing primarily on two central issues: difference and domination. Thoroughly updated with rich and timely new material, the fourth edition features twenty-one new selections, including three essays in a new section on religion, four new selections on gender and the media, and a new article on non-heterosexual families. This edition is also supplemented by an Instructor's Manual and Test Bank, which includes discussion questions. Michael Kimmel's textbook *The Gendered Society*, Fourth Edition, OUP 2010, provides a perfect complement for classroom use.

Gender, Sexuality, and Intimacy: A Contexts Reader Jodi O'Brien, Arlene Stein, SAGE Publications, Inc., 2017-01-13 This new anthology from SAGE brings together over 90 recent readings on gender, sexuality, and intimate relationships from *Contexts*, the award-winning magazine published by the American Sociological Association. Each contributor is a contemporary sociologist writing in the clear, concise, and jargon-free style that has made *Contexts* the public face of sociology. Jodi O'Brien and Arlene Stein, former *Contexts* Editors, have chosen pieces that are timely, thought-provoking,

and especially suitable for classroom use written introductions that frame each of the books three main sections and provided questions for discussion

Performing Queer: Shaping sexualities, 1994-2004 Mikki Van Zyl, Melissa E. Steyn, 2005 This volume explores the social constructions of sexuality in South Africa as articulated in the tensions between margin and mainstream during the transition to democracy The nuances between how people experience their own sexuality how that sexuality differs over time and how they speak about it are discussed in the context of the homosexual communities of South Africa Using the hierarchy of heteronormativity this work argues that centralized constructions of sexuality are generally taken for granted and tend to gain invisibility through their pervasiveness while marginalized social positions are often visibly pathologized

Passing Lines Bradley S. Epps, Keja Valens, Bill Johnson González, 2005 Passing Lines seeks to stimulate dialogue on the role of sexuality and sexual orientation in immigration to the U S from Latin America and the Caribbean The book looks at the complexities inconsistencies and paradoxes of immigration from the point of view of both academics and practitioners in the field Passing Lines takes a close look at the debates that surround eyewitness testimony expertise and advocacy regarding immigration and sexuality bringing together work by scholars activists and others from both sides of the border

Sexual Transgression in the Hebrew Bible Hilary B. Lipka, 2006 The sex laws of the Hebrew Bible are well known if not notorious From them many have concluded that in ancient Israel adultery was a capital crime that there was no conception of rape that brides had to be virgins and that women had no autonomy whatsoever But was that the reality Not if we broaden our horizon beyond the laws argues Lipka who focusses here on sexual transgression that is the trespass against sexual boundaries She finds three aspects of sexual transgression it may be transgression against religious boundaries sexual acts violating divine law against communal boundaries sexual acts violating the rights of another member of the community or against personal boundaries sexual acts imposed by force and or violence Transgressive sex is complicated But some conclusions are possible 1 Though adultery was universally disapproved of there was a wide variety of opinions on who was considered guilty who was considered the offended party who was punished what the punishment was and who should execute it 2 There was indeed a conception of rape with an understanding of its devastating emotional and psychological consequences for the victim 3 Though virginity in brides was the norm and young women were under a great deal of pressure to preserve their virginity it was unrealistic for all men in ancient Israel to expect their wives to be virgins 4 Women did not enjoy legal autonomy over their sexuality yet they were not completely powerless they had some degree of personal sexual autonomy and some took the liberty of doing with their bodies as they pleased
