*Of Women Borne* Cynthia R. Wallace, 2016-03-08 The literature of Adrienne Rich Toni Morrison Ana Castillo and Chimamanda Ngozi Adichie teaches a risky self giving way of reading and being that brings home the dangers and the possibilities of suffering as an ethical good Working the thought of feminist theologians and philosophers into an analysis of these women's writings Cynthia R Wallace crafts a literary ethics attentive to the paradoxes of critique and re vision universality and particularity and reads in suffering a redemptive or redeemable reality Wallace's approach recognizes the generative interplay between ethical form and content in literature which helps isolate more distinctly the gendered and religious echoes of suffering and sacrifice in Western culture By refracting these resonances through the work of feminists and theologians of color her book also shows the value of broad ranging ethical explorations into literature with their power to redefine theories of reading and the nature of our responsibility to art and each other

### **Heterosexual Plots and Lesbian Narratives**

Marilyn Farwell, 1996 What is lesbian literature Must it contain overtly lesbian characters and portray them in a positive light Must the author be overtly or covertly lesbian Does there have to be a lesbian theme and must it be politically acceptable Marilyn Farwell here examines the work of such writers as Adrienne Rich Marion Zimmer Bradley Jeanette Winterson Gloria Naylor and Marilyn Hacker to address these questions Dividing their writings into two genres the romantic story and the heroic or quest story Farwell addresses some of the most problematic issues at the intersection of literature sex gender and postmodernism Illustrating how the generational conflict between the lesbian feminists of twenty years ago and the queer theorists of today stokes the critical fires of contemporary lesbian and literary theory *Heterosexual Plots and Lesbian Narratives* concludes by arguing for a broad and generous definition of lesbian writing

*The Creative Crone* Sylvia Henneberg, 2010 Henneberg shows how these writers offer radically different but richly complementary strategies for

breaking the silence surrounding age Rich provides an approach to aging so strongly intertwined with other political issues that its complexity may keep us from immediately identifying age as one of her chief concerns On the other hand Sarton s direct treatment of aging sensitizes us to its importance and helps us see its significance in such writings as Rich s Meanwhile Rich s efforts to politicize age create stimulating contexts for Sarton s work Henneberg explores elements of these writers individual poems that develop themes of aging including imagery and symbol the construction of a persona and the uses of rhythms to reinforce the themes She also includes analyses of their fiction and nonfiction works and draws ideas from age studies by scholars such as Margaret Morganroth Gullette Kathleen Woodward and Thomas Cole From publisher description *The Dream and the Dialogue* Alice Templeton,1994 Adrienne Rich s poetry has long engaged critics in questions about the nature of poetic art the character of poetic tradition and the value of poetry as a political and cultural activity At the same time it has attracted many general readers largely because it expresses the personal social and intellectual crises faced by feminists during the last thirty years In this study Alice Templeton looks at the ways in which feminist thinking has influenced Rich s poetics while simultaneously her poetic practice has shaped her feminist conceptions Templeton begins by exploring the tensions between epic eulogistic and lyric claims made in the poems collected in *Diving into the Wreck* 1973 She then examines the strategies Rich uses in subsequent collections to test and refine her feminist thinking Templeton focuses in particular on the dialogic moments of cultural participation that Rich s poetry provides for the poet and the reader These moments Templeton argues can dispel myths of social determinism even as they implicate readers in an ethically charged communal bond By demonstrating the contributions that Rich has made both to feminist thinking and to our ways of reading poetic tradition *The Dream and the Dialogue* treats Rich as a poet of ideas and places her work solidly in the context of contemporary literary theory BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Inside Out** Teresa Gómez Reus,Aránzazu Usandizaga,2008 The incursions of women into areas from which they had been traditionally excluded together with the literary representations of their attempts to negotiate subvert and appropriate these forbidden spaces is the underlying theme that unites this collection of essays Here scholars from Australia Greece Great Britain Spain Switzerland and the United States reconsider the well entrenched assumptions associated with the public private distinction working with the notions of public and private spheres while testing their currency and exploring their blurred edges The essays cover and uncover a rich variety of spaces from the slums and court rooms of London to the American wilderness from the Victorian drawing room and sick room to out of the ordinary places like Turkish baths and the trenches of the First World War Where previous studies have tended to focus on a single aspect of women s engagement with space this edited book reveals a plethora of subtle and tenacious strategies found in a variety of discourses that include fiction poetry diaries letters essays and journalism *Inside Out* goes beyond the early work on artistic explorations of gendered space to explore the breadth of the field and its theoretical implications *The Undergraduate's*

*Companion to American Writers and Their Web Sites* Larry G. Hinman, 2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it      From School to Salon Mary Loeffelholz, 2021-06-08 With the transformation and expansion of the nineteenth century American literary canon in the past two decades the work of the era's American women poets has come to be widely anthologized But scant scholarship has arisen to make full sense of it *From School to Salon* responds to this glaring gap Mary Loeffelholz presents the work of nineteenth century women poets in the context of the history culture and politics of the times She uses a series of case studies to discuss why the recovery of nineteenth century women's poetry has been a process of anthologization without succeeding analysis At the same time she provides a much needed account of the changing social contexts through which nineteenth century American women became poets initially by reading reciting writing and publishing poetry in school and later by doing those same things in literary salons institutions created by the high culture movement of the day Along the way Loeffelholz provides detailed analyses of the poetry much of which has received little or no recent critical attention She focuses on the works of a remarkably diverse array of poets including Lucretia Maria Davidson Lydia Sigourney Maria Lowell Frances Ellen Watkins Harper Emily Dickinson Helen Hunt Jackson and Annie Fields Impeccably researched and gracefully written *From School to Salon* moves the study of nineteenth century women's poetry to a new and momentous level      *Coming to Light* Stanford University. Center for Research on Women, 1985 This collection of 16 essays discusses the broad relationship of women poets to the American literary tradition      The Rackham Journal of the Arts and Humanities , 1990
