

# Evidence and Explanation in Comprehension Questions

## Prove It With Reasoned Justifications

- It's all very well answering a reading comprehension question correctly, but how do we prove that the answer is actually correct?

## Example of Prove It in Action

*A misty haze hung above it. Whistling, the wind seemed to circle it. The solitary house appeared to tower over the countryside surrounding it. Wispy cobwebs hung in its windows. It looked like they had accumulated over some time. The wooden door hung on its rusty hinges.*

**Question:** Do you think the house is deserted?

## Explain it

- The example that we have just seen provides evidence to support the answer. However, there is something missing: an explanation.
- Think of that annoying person you imagined saying, "Prove it!". Now imagine them also saying, "Explain it!".
- Here is an example of how we can add, "Explain it" to the previous answer.

**Question:** Do you think the house is deserted? Support your answer using evidence from the text.

**Answer:** I think the house is deserted [PROVE IT!]. I know this because in the text it says "wispy cobwebs hung in its windows. It looked like they had accumulated over some time. The wooden door hung on its rusty hinges". [EXPLAIN IT!] This tells me that the house had not had anyone living in it for quite some time because cobwebs tend to be cleaned up if someone lives there. Also, if someone was living there, they would have replaced the rusty hinges on the door.

exposition of the Bible Hermeneutics provides a guide to understand the message and apply that message in its original setting and then in a comparative way in the contemporary day We adopt the Scriptures view of itself as God s word As a result we believe the Bible has a truth value as reflected in the canon of Scripture The goal of hermeneutics defines verbal meaning as the author s willed type message read as a whole book so that the message is communicated with a truth content to be understood The method of hermeneutics is both read in a circular pattern and practiced as an objective task It is objective in the sense that God authors a transhistorical message and the reader is aware of their own presuppositions and adopts those of Scripture As such the message can be validated in its truth content However this does not prove it true even though it provides an evidential conviction that the truth value has been understood
