

A Big Slip

I wanted to sled down the slope.
“Go slow!” said mom. Uh oh, I went too fast and slammed into a tree.
“Ouch!” I said. My sleeve was full of twigs. My mom took me home. She put my arm in a sling. Then she gave me a slice of pizza. After, I slept.
“I feel better now!” I said. But I don’t want to slide down the slope anymore!

① What did the author slam into?

② Why did mom put the author’s arm in a sling?

③ What did the author eat?

Reading For Literacy For Reception:

Reading for Literacy Chris Bell, 2003-02-04 A photocopiable resource book for teachers providing a complete programme of reading activities Designed to help teachers with the National Literacy Strategy *Sounds for Reading* Frances James, Ann Kerr, 1998 Linked to the National Literacy Strategy this classroom resource is designed to help teachers to develop the essential phonic skills that children need in order to become fluent readers Practical activities and 86 worksheets focus on basic listening skills an understanding of the difference between words and letters the ability to hear separate syllables in words learning to hear and generate rhymes and alliterations learning about onsets and rhymes learning to use analogy to help with reading and learning to hear individual phonemes in words **Medieval Oral Literature** Karl Reichl, 2011-11-30 Medieval literature is to a large degree shaped by orality not only with regard to performance but also to transmission and composition Although problems of orality have been much discussed by medievalists there is to date no comprehensive handbook on this topic Medieval Oral Literature a volume in the De Gruyter Lexikon series was written by an international team of twenty five scholars and offers a thorough discussion of theoretical approaches as well as detailed presentations of individual traditions and genres In addition to chapters on the oral formulaic theory on the interplay of orality and writing in the Early Middle Ages on performance and performers on oral poetics and on ritual aspects of orality there are chapters on the Older Germanic Romance Middle High German Middle English Celtic Greek Byzantine Russian Hebrew Arabic Persian and Turkish traditions of oral literature There is a special focus on epic and lyric genres that are also discussed in separate chapters with additional chapters on the ballad and on drama [A Child Centred EYFS](#) Aaron Bradbury, Ruth Swailes, 2024-09-05 As EY practitioners we know that child centred practice is what matters Despite the pressures for more school like learning in the Early Years EY professionals and practitioners continue to advocate for child led best practice in settings This book is a toolkit for all those working with children on how to develop and implement a child centred curriculum for delivery of the EYFS A curriculum that is research informed and based on what we know about children s development and learning A curriculum that ensures children have the time and space to explore and develop the fundamental building blocks of early development **Effective Practice In The EYfs: An Essential Guide** Hutchin, Vicky, 2013-04-01 In this compelling new book Vicky Hutchin provides an accessible and readable guide to effective practice in the revised EYFS which Explains the revised EYFS areas of learning and development Considers the three characteristics of effective learning and the implications for practitioners in their interactions with children and the provision they make for them Explores in detail the role of practitioners and parents in supporting children s learning and development Examines the importance of partnership with parents in their children s learning and development and how to develop this Details the observation assessment and planning cycle with a particular focus on the statutory summative assessment the Progress Check at Age Two This is the revised EYFS brought to life for early years practitioners professionals and students

Threaded throughout the book are real case studies taken from a range of inspiring early years settings. These are backed up by interviews with practitioners as they reflect on and develop their practice to ensure the best support for young children's development, learning and wellbeing. Each chapter makes reference to relevant research and includes top tips for effective practice. Effective Practice in the EYFS is a clear, comprehensive and accessible exposition of the new EYFS and its requirements for practitioners. Using case studies, examples from settings and observations of children, Vicky Hutchin brings breadth and depth to each aspect of the EYFS and ensures that practitioners have a principled understanding of the importance and relevance of each aspect of their work with young children. The Characteristics of Early Learning are given appropriate significance and can be seen to underpin all subsequent chapters. The Prime and Specific Areas of Learning are each highlighted with great clarity and every chapter concludes with Top Tips for Effective Practice which could be used to create a development plan by any setting wanting to reflect on current practice. This book would be valuable for all practitioners but particularly those new to the early years and wanting a clear reference guide to all that is important about teaching in this phase. Julie Fisher, Independent Early Years Advisor. This book will guide practitioners on their journey into the new requirements of the EYFS and will build confidence. It is written with clarity, encourages common sense and draws on the good practice of real settings together with useful reference to research and literature. Just what is needed. Professor Tina Bruce, CBE, University of Roehampton, UK. As an Essential Guide to the revised EYFS, Vicky Hutchin's book covers everything a practitioner needs to know and think about. The emphasis on the Characteristics of Effective Learning ensures that the reader understands right from the outset that HOW children learn rather than WHAT they learn is a priority. There are clear explanations of the Characteristics which are underpinned by the theory of how children learn and develop, including important connections to the psychology of children's early learning. Vicky has woven together the statutory requirements of the EYFS with examples of good early years practice and the voice of the child. The central strand of observation and interpreting how children are learning supports practitioners' understanding and gives them helpful directions to the work of Ferre Laevers, Julie Fisher and others. There is a strong reflective element running through the book with helpful case studies, questions to think about and useful summaries at the end of each chapter. Chapter 12 helpfully directs the reader to think about the EYFS as an evaluative tool to improve the quality of practice. These are the strengths of Vicky's book along with the following: A good explanation of school readiness; Clear explanations of child-initiated and adult-led thinking and learning; Links to parental involvement throughout the book as well as a dedicated chapter on Assessment which is child-focused and based in the context of observation and planning next steps. The messages are clear and respectful of children. Unpicking each area of learning and making the links between theory and practice as well as a frequent reminder of the holistic nature of children's development and learning. Top tips for effective practice and points for reflection. Di Chilvers, Advisory Consultant in Early Childhood. *The Early Years Teacher's Book* Leonie Abrahamson, 2018-02-26. This is a clear, comprehensive

systematic and practical guide to achieving Early Years Teacher Status and meeting the EYT Standards and requirements
