Reading A Novel:

How to Read a Novel John Sutherland, 2007 Sutherland argues that reading well is almost as difficult as writing well. With almost 2000 books published each week how do you choose? Using examples from writers as diverse as Tolstoy, Coetzee and J K Rowling this book will make reading novels even more of a pleasure. *Reading the Novels of John Williams* Mark Asquith, 2017-12-06 John Williams as the New Yorker noted recently was author of the greatest American novel you've never heard of. He died in obscurity but has enjoyed a literary renaissance due to the worldwide critical acclaim greeting recent reissues of his major novel *Butcher's Crossing* and particularly *Stoner*. With films of both *Butcher's Crossing* and *Stoner* already in pre-production it is clear that Williams' star is in the ascendant. This book is designed to offer a critical introduction to his writing. It is developed through solid scholarly research but is structured and written in a clear and direct style that makes it accessible for academics, students and general readers alike. It offers a clear sense of the novelist's early life and work which includes an evaluation of his academic life: he was a professor at the University of Denver and neglected poetry. The bulk of the book is given over to readings of the three major novels; they offer an appreciation of Williams' literary craft combined with an assessment of literary and cultural influences and an overview of contemporary critical reactions. Few authors have written such disparate works in terms of subject matter, genre and style; however they are all united in their effort to grapple with deeper existential questions. For whether his characters are riding the Western plains speaking in the Roman Forum or reading in a dusty library they all demonstrate Williams' preoccupation with the ways in which youthful hopes and a strong sense of who we are are shaped by life's accidents. How we make the life meaningful, learn to love another human being, confront failure: these are the well points of Williams' understated tragedies. Unfortunately such meditations are rarely fashionable but neither are they ever unfashionable. George Orwell observed that the only true critic is time; this study makes clear that Williams' time has come.

How to Read a Novel Caroline Gordon, 1966 **The Novel Experience** Larry Swartz, 2006 Helps students choose novels to match reading interests and abilities and suggests response activities to demonstrate the student's growth as literate learners.

Novel Definitions Cheryl L. Nixon, 2008-12-30 *Novel Definitions* captures the lively critical debate surrounding the invention of the English novel, showing how the rise of the novel is accompanied by a rise in popular literary criticism. The over 135 pieces here, many newly discovered, include essays, prefaces, reviews and sermons written by authors ranging from Aphra Behn to Walter Scott. *Novel Definitions* brings together authors' commentary on their work, debates concerning the novel's formal qualities and cultural position, including who should read novels, reviewers' definitions of the qualities that make a novel successful, and literary historians' first attempts to write the history of the novel.

The Anatomy of the Novel (Routledge Revivals) Marjorie Boulton, 2014-05-01 First published in 1975 this title provides an introduction to the study of the novel Marjorie Boulton deals systematically with the major elements of plot character authorial conventions narrative structure and dialogue and distinguishes different types of fiction The emphasis is on the mainstream novel with examples and arguments illustrated by quotations from five classics Of particular value to students of English Literature this reissue aims to help the reader not only to read novels more discerningly and to discuss them more profitably but also to relish the reading more

Empathy and the Novel Suzanne Keen, 2007-04-19 Does empathy felt while reading fiction actually cultivate a sense of connection leading to altruistic actions on behalf of real others Empathy and the Novel presents a comprehensive account of the relationships among novel reading empathy and altruism Drawing on psychology narrative theory neuroscience literary history philosophy and recent scholarship in discourse processing Keen brings together resources and challenges for the literary study of empathy and the psychological study of fiction reading Empathy robustly enters into affective responses to fiction yet its role in shaping the behavior of emotional readers has been debated for three centuries Keen surveys these debates and illustrates the techniques that invite empathetic response She argues that the perception of fictiveness increases the likelihood of readers empathy in part by releasing them from the guarded responses necessitated by the demands of real others Narrative empathy is a strategy and subject of contemporary novelists from around the world writers who tacitly endorse the potential universality of human emotions when they call upon their readers empathy If narrative empathy is to be taken seriously Keen suggests then women's reading and responses to popular fiction occupy a central position in literary inquiry and cognitive literary studies should extend its range beyond canonical novels In short Keen's study extends the

playing field for literature practitioners causing it to resemble more closely that wide open landscape inhabited by readers

Why Reading Books Still Matters Martha C. Pennington, Robert P. Waxler, 2017-08-29 Bringing together strands of public discourse about valuing personal achievement at the expense of social values and the impacts of global capitalism mass media and digital culture on the lives of children this book challenges the potential of science and business to solve the world's problems without a complementary emphasis on social values The selection of literary works discussed illustrates the power of literature and human arts to instill such values and foster change The book offers a valuable foundation for the field of literacy education by providing knowledge about the importance of language and literature that educators can use in their own teaching and advocacy work
