Ngunga, 2012-11-21 Abi T Ngunga explores the theme of messianism in the entire corpus of the Old Greek of Isaiah LXX Isaiah This is done through the lens of an intertextual hermeneutic employed by the Isaiah translator as a mode of reading this text Its introductory chapter looks at the need in scholarship to investigate the topic of messianism in the Greek Bible in

general and in the whole of the LXX Isaiah in particular After dealing with a few issues related to the LXX Isaiah as a translation Ngunga also surveys thoroughly the topic of intertextuality from its inception to its use in biblical studies including LXX research Particular attention is given to its application in research done to date on the Greek text of Isaiah Chapter two re examines a few arguments pertinent to the scholarly opinion that messianic hopes were not prominent among the Alexandrian Jews in comparison to their co religionists in Palestine It also explores the relationships between the non Jewish citizens of the Ptolemaic kingdom and the Alexandrian Jews with the aim to ascertain the legitimacy of investigating the theme of messianism in a piece of Jewish literature such as the LXX Isaiah authored in the Hellenistic period Chapter three analyses in depth nine selected messianic passages within the LXX Isaiah 7 10 17 9 1 7 8 23 9 6 11 1 10 16 1 5 19 16 25 31 9b 32 8 42 1 4 52 13 53 12 and 61 1 3a The study concludes by highlighting the detected particular messianic imprints left on the LXX Isaiah Given the results the study dismisses any doubt concerning the contention that there is a dynamic messianic thought running through the whole of the Greek Isaiah It also sheds some light on the understanding of some of the messianic beliefs later echoed in early Christianity

Aristotle and Xunzi on Shame, Moral Education, and the Good Life Jingyi Jenny Zhao, 2024 Despite recent developments in the history of emotions and in comparative studies sustained cross cultural comparative studies of the emotions remain few and far between Jingyi Jenny Zhao has produced the first major work that takes two philosophers from the ancient Greek and early Chinese traditions to stimulate discussion of an interdisciplinary nature on the rich and complex topic of the emotions in particular of shame It features comparative analysis of Greek and Chinese texts while bringing the ancient materials to bear on modern controversies such as the role of shame in moral education and social cohesion Although unlike in their social historical and intellectual backgrounds Aristotle and Xunzi bear striking similarities in several respects they both conceptualize humans as essentially members of communities as having a unique set of characteristics that set them apart from other living things and as beings in need of moral training to fulfil their potential and become integrated into a well ordered society The two philosophers discourses on shame reveal important insights into their ideals of human nature moral education and the good life This book tackles directly the methodological problems that are relevant to anyone interested in cross cultural comparisons and organizes discussions of the ancient sources to facilitate a thorough integration

New Perspectives on the Nativity Jeremy Corley,2009-09-17 The infancy narratives represent some of the most beautiful and intriguing passages in the Gospels The stories they relate are also arguably the most well known in the Christian tradition from the child in the manger to the Magi paying homage to the infant Jesus However there have been relatively few attempts to consider the stories of the Nativity from modern academic perspectives examining them from feminist perspectives political standpoints in cinematic representations as well as more standard but up to date academic approaches New Perspectives on the Nativity attempts to redress this providing a fresh insights on these crucial Christian texts from a cast of distinguished contributors At the outset Henry Wansbrough surveys scholarship on the infancy narratives since Raymond Brown s landmark study *The Birth of the Messiah* 2nd edition 1993 Thereafter four chapters deal with Luke s infancy story Ian Boxall demonstrates how the narrative offers subtle foreshadowings of the passion and resurrection Barbara Reid surveys Luke s portrayal of three female prophets Elizabeth Mary and Anna who prepare for the later presentation of Jesus as a prophet Leonard Maluf suggests a new understanding of Zechariah s canticle the Benedictus by situating it firmly in its Jewish background Finally Nicholas King indicates how the inn of the nativity prefigures the later journey of the gospel message The next four contributions are concerned with Matthew s narrative Warren Carter shows how the conflict between the infant Jesus and the ruling powers is repeated more dramatically in the life and death of the adult Christ Benedict Viviano proposes that the three stages in Matthew s genealogy of Jesus belong within a grand scheme of seven ages of salvation history Bernard Robinson investigates Matthew s nativity story within the context of biblical and Greco Roman history writing Christopher Fuller highlights the carnivalesque approach to the Magi story in Pasolini s classic film *The Gospel According to St Matthew* Three final essays focus on the religious value of the infancy stories Ann Loades reflects on late 20th century poems dealing with the nativity John Kaltner explores the references to Jesus birth found in Islamic tradition Finally Thomas O Loughlin argues that contemporary preoccupations with historical investigation can blind us to the mystery presented in the nativity stories **Your Guide to Successful Postgraduate Study** Geoffrey C Elliott,Karima Kadi-Hanifi,Carla Solvason,2018-03-14 The leap between the undergrad and postgrad can sometimes come as
